Eat Drink Perth is the principal annual marketing campaign supporting the food and beverage business sector in the City of Perth. It provides numerous opportunities for individual businesses to participate and aims to raise the profile of the industry over the month long period. Council at its meeting on the **24 November 2015**

acknowledged the concerns of the business community in relation to competing food based events.

Eat Drink Perth aims to:

- increase the general public's awareness of the variety of food and beverage outlets in the city;
- increase visitation to the city's food and beverage venues and extended stays by city workers;
- create vibrancy and activity in the city.

The City of Perth has been supporting or coordinating a food-related festival over the March period since 2002, initially in the form of a donation to the AIDS Council Food Fair. In 2005 this support increased through the programming of events in the weeks either side of the fair, and creating a stand-alone, month long program of food-related activities under the title of "City Food and Wine Month".

City based restaurants, cafes, specialty stores and food outlets were invited to participate free-of-charge by introducing an offer or activity as part of the program. The City of Perth sourced sponsors and media involvement to assist with the funding and promotion. In 2010 this event was rebranded as Eat Drink Perth.

Eat Drink Perth has now become a significant program which appeals to the local community and tourism sector.

During the 2015 budget process, event sponsorship funding was allocated under the Eat Drink Perth budget to allow the development of existing events and to encourage new events which met the objectives of Eat Drink Perth, to form part of the festival, and to encourage City businesses to develop event concepts which would add to the program. \$50,000 of sponsorship was allocated to events under this program for Eat Drink Perth 2015.

In 2016, the City will again provide sponsorship for new events which meet the objectives of the Eat Drink Perth sponsorship program:

- to increase visitation to, and awareness of, the local food and beverage scene;
- to provide an economic benefit for local businesses;
- to provide entertainment and cultural opportunities to the community; and
- to raise the profile of the city as a destination for business, entertainment and tourism.

This report details the assessment of applications for Eat Drink Perth Event Sponsorship for the 2015/16 financial year. Each application was assessed according to the criteria outlined in Policy 18.8 and within the program guidelines. The amount

of funding requested was considered in relation to the benefits to be received in return for sponsorship.

Four applications for sponsorship were received, with one application later withdrawn. The remaining three applications are recommended for support.

Schedule 1 provides a detailed analysis of each application with reasons for the recommendation of support or refusal.

**COMMENTS:**

The City of Perth's Arts and Cultural Sponsorship Program provides an effective means of engaging Western Australia's peak art bodies, community groups and individual artists to present high quality and diverse cultural activities that encourage people to visit and enjoy the city.

The Arts and Cultural Program Rounds ensure that small to medium size organisations and individual artists are encouraged to present arts and cultural activities across a diverse range of art forms, in particular for support of once-off projects that encourage creative exploration or community engagement.

The proposed projects are representative of a broad range of arts and cultural activity and appeal to diverse audiences many of which encourage non-artists to engage with various art forms. These projects include youth theatre, photography exhibition program, interactive multi-disciplinary installation, art exhibition, interactive theatre experience, dance program, and jazz, classical and folk performances.

The City of Perth is an active member of the World Energy Cities Partnership (WECP), which is currently a network of 23 global energy cities.

Council Policy 11.4 currently authorises the attendance of the Lord Mayor and the Manager of Economic Development at WECP meetings.

As the position had been vacated by the former Manager Economic Development (Ms Wendy Earl) an interim arrangement was resolved by Council at its meeting of 15 July 2014 which read;

*“Moved by Cr Davidson, seconded by Cr Butler*

**1. Restaurant Hygiene and Sanitary Guide**

Cr Limnios requested information on whether there was an existing guide for restaurants within Northbridge and the CBD or whether one could be established for customers. The Director Economic Development advised that the City of Perth has developed restaurant and pop up bar booklets for venues around the city. These booklets are updated and reproduced every six months and are published on the visit Perth City website. A copy of these booklets will also be provided to Elected Members for information.

Cr Limnios requested information whether Officers could investigate options of introducing a published grading program with regards to safety, sanitary and hygiene standards for restaurants that informs customers, for example, whether the restaurant is of A grade standard or of B grade standard.

The Chief Executive Officer responded that this initiative has been undertaken in other cities in Australia and that these will be investigated and information brought back to the Marketing, Sponsorship and International Engagement Committee for further consideration.

**2. Free Parking Christmas Peak Period**

Cr Limnios requested information on whether underutilised City of Perth carparks could provide free, or discounted parking, during peak times over the Christmas period to encourage and make it more accessible for people to visit the city.

The Director Community and Commercial Services responded that this would require changes to the City's fees and charges through a Council decision. The Director noted that options can be investigated and be brought back to the relevant Committee for consideration.

## Event Sponsorship Evaluation Form

<b>Applicant:</b>	White Plains Events Pty Ltd
<b>Event:</b>	Diner en Blanc
<b>Date and Time:</b>	Sunday 20 March 2016, 5.30pm to 10.30pm
<b>Location:</b>	Confidential city location
<b>Total Cost of Event:</b>	\$86,000
<b>Sponsorship Requested:</b>	\$10,000
<b>Sponsorship Recommended:</b>	\$2,000

### Background on Applicant:

White Plains Events Pty Ltd was created in July 2015 with the aim of launching Diner en Blanc in Perth. The organisation is an event management company aiming to create events that are inclusive and community focused, benefiting the Western Australian community whilst showcasing Perth.

### Summary of Event:

Diner en Blanc is to be held on Sunday 20 March 2016 from 5.30 to 10.30pm. The location of the event is confidential at this stage as the secrecy of the location is an important element of the event. However the event is confirmed to be a public space within the City of Perth.

The event is an exclusive mass picnic in a public city space. Guests are invited to bring their own hamper of gourmet food, or can pre-purchase food and alcohol through the event's e-store. All guests must dress in white, and the event location is only revealed to the guests at the last minute. As the sun sets, Diner en Blanc members set up their white picnic with hundreds of other diners to form a long table experience.

Event organisers act as official hosts who spread the invitation to those closely affiliated with the event, friends and contacts. From there the invitation rolls out to the wider public. Simple rules guide the event. All guests must be dressed in white, the waving of napkins unanimously signifies the start of the event. Guests bring everything with them which they need – from furniture to food – unless they have pre-ordered these prior to the event. The seating layout is very specific, and the site chosen is typically a key city landmark or space designed to showcase the city.

Organisers are planning to utilise select City bars as meeting points for event attendees, who will be met by hosts and led to the confidential event location.

Diner en Blanc was first held in Paris in 1988 and is now held in 65 cities worldwide, delivered by local organisations in each location. Local events are overseen by the international parent company which provides support for the event in international locations where it is held. This support includes customised web hosting, an international press kit, shared organisational documents, a personal regional Diner en Blanc representative to work and support each team, design, marketing and promotional support.

The event currently takes place across Australia, with Western Australia and the Northern Territory the only State / Territory who do not deliver the event annually as yet. Organisers advise that both Melbourne and Sydney have waitlists for the event.

As this is a member's only event and the first time it will be held in Perth, inaugural event sponsors will have an opportunity to provide an unlimited list of invitees who will become the first to receive an invite to the event. From there, guests have an opportunity to become Diner en Blanc members and receive preferential treatment to future Diner en Blanc events both in Perth and internationally.

White Plains events will also be enlisting the services of a local PR company to assist with sponsorship activation and develop a communications strategy.

### **Funding**

The total cost of the event is \$86,000. Organisers have requested cash sponsorship of \$10,000 for the event (12% of the total cost of the event). Cash sponsorship of \$2,000 is recommended (2% of the total event cost).

All cities awarded a contract to deliver Diner en Blanc must adhere to the numbers dictated by the International Diner en Blanc organisation. This means that the ticket number is capped, and therefore income from ticket revenue reduced. Organisers advise that sponsorship and support are imperative in the first year of the event to ensure that the event is delivered to a high standard and will encourage event attendees to attend ongoing events in Perth.

The event allows up to three sponsorships, and various partnerships. The affiliated sponsorships need to align with the philosophy and image of the event worldwide. Sponsors of previous Australian Diner en Blanc events include Mercedes Benz, Adelaide Council, Pommery, and Piper-Heidersek.

### **Eligibility for Sponsorship:**

<b>Criterion</b>	<b>Satisfied</b>
The total value of the event exceeds the sponsorship requested.	Yes
The event takes place within a public space in the City.	Yes

## **Assessment of Application:**

### **1. Contributes towards the achievement of one or more of the City's marketing objectives:**

- to increase visitation to, and awareness of, the local food and beverage scene;
- provide an economic benefit for local businesses;
- provide entertainment and cultural opportunities to the community;
- raise the profile of the city as a destination for business, entertainment and tourism.

The event will, take place on a Sunday afternoon, into the evening. Organisers believe that this timing will allow attendees to explore the city outside business hours, and encourage people into the city. However due to the nature of the event, it is unlikely that attendees will visit any city businesses prior to the event, and the event occurs outside of retail trading hours. In addition, many food and beverage providers do not open on a Sunday evening.

### **2. Encourages use of public spaces.**

The event will be held within a City of Perth public space. Due to the nature of the event, the location cannot be publicly revealed at this time.

### **3. Preference will be given to events which provide free attendance.**

There is a cost to attend the event. Organisers envisage that the event will eventually be subsidised for its members to attend for free. However, in order to achieve that the event should be delivered for the nominal; cost which the international DeB organisers dictate. This cost is between \$40 and \$45 per ticket. Once the attendee has entered the event, there are no further associated costs.

### **4. Preference will be given to events which will be held exclusively in the city.**

The event will be held exclusively in the city.

### **5. Benefits to be provided to the City:**

Organisers will provide the following benefits for the recommended cash sponsorship of \$2,000:-

- the City of Perth to be acknowledged as a partner for the event;
- an opportunity for the City to run a competition to event attendees

### **6. Additional benefits to be provided:**

Organisers will provide the following benefits for the requested cash sponsorship of \$10,000:-

- the City of Perth and Eat Drink Perth logo to appear on Diner en Blanc social media;
- the City of Perth logo to appear on the Diner en Blanc website with a hyperlink to the Perth City website/Eat Drink Perth subsite;
- the City of Perth and Eat Drink Perth logos to be included in four communications with Diner en Blanc guests, both pre and post event;
- the City of Perth to have access to event images for promotional use at no charge;
- the support of the City of Perth to be acknowledged in the official event video;
- the Lord Mayor, or representative, to be invited into the media lounge for media interviews;
- the City of Perth to be invited to provide an unlimited list of invitees who will be the first to be invited to the event;
- 3 (three) double VIP tickets for Elected Members and their guests to the event, including full gourmet hamper, wine and champagne.

---

**Comments:**

As part of an international series of events, organisers believe that the Perth event will attract global media attention and promote Perth internationally as a city of significance. However, each event is independently run and with such small attendance numbers for the event, it is unlikely that there will be any significant economic benefits from the event. Cash sponsorship of \$2,000 is recommended.

## Event Sponsorship Evaluation Form

<b>Applicant:</b>	Food Loose Tours
<b>Event:</b>	The Art of Perth's Street Food
<b>Date and Time:</b>	17 - 21 March 2016, 6.00pm to 8.00pm
<b>Location:</b>	Perth CBD and Northbridge
<b>Total Cost of Event:</b>	\$14,690
<b>Sponsorship Requested:</b>	\$5,000
<b>Sponsorship Recommended:</b>	\$2,000

### Background on Applicant:

Food Loose Tours is a food tour company based in Perth. Food Loose offers multiple weekly tours highlighting Perth as a food and beverage destination. These tours have previously been held as part of Eat Drink Perth, and the organisation has an ongoing relationship with Tourism WA and Tourism Australia hosting media visits that highlight the city as a world class eating and drinking destination.

### Summary of Event:

Food Loose Tours proposes to run free weekly tours as part of Eat Drink Perth. Six tours will take place across the six weeks of the campaign, with specific dates to be confirmed, and each tour to run from 6.00pm to 8.00pm

The event is a guided walking tour of local City laneways to visit street art and laneway businesses. The tours offer an opportunity for Perth visitors and locals to:-

- taste street food offerings from local businesses;
- visit prominent street artworks, hearing an explanation of their history and development;
- sample the emerging alleyway bar scene with a focus on tasting products from newly established inner city distilleries.

Organisers will engage a street artist to meet the tour at a couple of stops to talk about the art work and the street art scene in Perth. Organisers estimate that 300 people will participate in the tours over the course of six weeks.

The event will be professionally filmed, and a short promotional video of highlights will be by organisers to promote Northbridge and the CBD as an attractive eating, drinking and cultural destination.

Organisers advise that they have established relationships with many businesses in the area. These businesses have provided positive feedback on the impact of the tours on their businesses. Feedback from tour participants has indicated that the tours have opened the attendees' eyes to the changes which have happened in Perth and Northbridge over recent years.

### **Funding**

The total cost of the event is \$14,690. Organisers have requested cash sponsorship of \$5,000 (34% of the total event cost). Cash sponsorship of \$2,000 (14%) is recommended.

- to increase visitation to, and awareness of, the local food and beverage scene;
- provide an economic benefit for local businesses;
- provide entertainment and cultural opportunities to the community;
- raise the profile of the city as a destination for business, entertainment and tourism.

The event will provide an economic benefit directly to those businesses located on the tour, will provide entertainment opportunities to the local community and will increase visitation to the local food and beverage scene. Organisers will produce a promotional video for the tours, which will increase the reach of the initiative.

The event will be held exclusively in the city.

The applicant has provided detailed biographies for each of the project participants. The project has considerable community support and many of the key personnel involved in the project are providing professional services at no cost.

An estimated 350 people are expected to attend the event. This is considered an appropriate estimate in consideration of the considerably diverse promotional schedule detailed in the application and the limitations of a one-night event.

The presentation of *Silent Disco* presents an opportunity for young people to participate and engage in cultural life. In particular this production explores themes of relationships from an Indigenous perspective and will encourage participating young people to develop their arts practice by exploring the material which has distinct cultural relevance and is representative of the diverse cultural activities presented in the City.

The script, written by award-winning, contemporary Australian playwright, Lachlan Philpott, reflects on challenging and provocative subject matter which will resonate

### Project Summary

*Stations of the Cross 2016* is the 7<sup>th</sup> annual exhibition depicting a Christian tradition, Stations of the Cross.

Fifteen artists have been invited to present works that invite the community to reflect on the significant questions of existence and mortality. Experienced Curator, Claire Bushby has been appointed to oversee the selection of the artists and their progress.

*Stations of the Cross* refer to an artistic representation, often sculptural, depicting Jesus carrying a cross to his crucifixion. The tradition of *Stations of the Cross* originates from as early as the 5<sup>th</sup> century and continues to be a significant Christian tradition and an important aspect of Art History studies.

Of the 15 artists involved, at least one Indigenous artist and one emerging artist will be invited to exhibit. Each artist will be paid \$400 as an acknowledgment of their effort. The artists will provide their three most preferred stations, and the curator will endeavor to allocate each participant with their preferred subject. Should the artist request, their work may be available for sale. No commission will be charged and no fees sought by UCIC. A high quality catalogue will accompany the exhibition.

The exhibition articulates themes of the human condition, and whilst the *Stations of the Cross* tradition is a religious one, the artists involved do not necessarily have a Christian background. In 2015 Aboriginal artist Julie Dowling's work depicted the plight of Aboriginal people languishing in prison, and looks at the issue of Aboriginal deaths in custody. Artists, Linda Van Der Merwe's work was inspired by influential psychologist Carl Jung, Paul Trinidad's work explores the experience of executed Bali 9 member Myu Sukamarin and Nalda Searles' work examines senseless and futile wars across the world.

*Stations of the Cross* Manager, Donald Thomas, has advised that the exhibition will be opened by Art Gallery of Western Australia Director Stefano Carboni. Thomas anticipates 3,000 people will attend the exhibition in 2016; this growth in audience numbers is indicative of a heightened publicity schedule and additional efforts made

to attract tourists and school groups. In particular, UCIC have been collaborating with Perth Institute of Contemporary Arts (PICA) to attract school groups through PICA Spark Lab.

The concert series is a unique opportunity for the community to experience the Beethoven Sonatas, seldom performed in their entirety, in an accessible venue. In contrast to other classical music recitals of this level, the Beethoven's 10 Sonatas will be presented at an affordable ticket price. These factors contribute to enhancing the community profile of the City.

Thomas and Wickham's performances have been widely celebrated in local, national and international print media, and will be an opportunity for the community to hear the Sonatas played in their entirety, by highly regarded, critically acclaimed musicians.

Thomas intends to promote the concert series widely through his education networks, to senior violin students which will encourage them to develop their arts practice.

David Wickham is Co-ordinator of Principal Studies, Classical Music at the Western Australian Academy of Performing Arts, and is a regular performer at the Perth Town Hall attracting a dedicated following amongst music lovers and positive reviews.

Ronald Thomas is an internationally acclaimed concert violinist having performed at many of the most renowned concert halls throughout Europe.

Beethoven's 10 Sonatas are described by the Beethoven Plus project, (an international project commissioning 10 contemporary musicians to compose a companion piece to each of the 10 Sonatas) as representing the most important

body of work for the violin and piano, and are central to all future violin and piano duet works.

**The applicant must have demonstrated capacity to deliver the project as described**

Experienced performers, Thomas and Wickham have both performed at the Perth Town Hall in the past. Wickham is regularly invited to perform for City of Perth events at the Perth Town Hall.

The applicant is considered to have demonstrated capacity to deliver the project, a sound budget has been provided, however, the applicant will require some additional guidance in accessing the City's existing free promotional services to ensure the applicant meets attendance expectations.

**Applicants must demonstrate a contribution to the project derived from other sources**

The proposed budget anticipates significant income of \$12,000 derived from ticket sales, and in-kind support valued at \$3,700.

The requested level of support represents approximately 39% of the total project budget. The proposed level of support represents approximately 23% of the total project budget.

### Project Summary

*Court of Shadows* is an interactive horror theatre production that will take audiences into a living encounter with the history of Perth's oldest building, the Old Court House Law Museum. Using historical records of the controversial Robert Palin case in 1861, *Court of Shadows* will be both a thrilling ghost story experience and a stylised take on local history.

Audience members will take a step back in time to 1861, called as a jury in the case of Robert Thomas Palin, an escaped convict who broke into a young woman's home, and subsequently found himself facing the death penalty. Characterised by Chief Justice Archibald Burt as a "most atrocious scoundrel", in *Court of Shadows*, Palin himself will tell the audience his side of the story- in which he may be nothing more than a scapegoat for an angry and frightened local populous.

Humphries interactive horror experiences are unique and immersive. This site specific work highlights the history and significance of the Old Court House, and offers a unique glimpse at the establishment of law and order in Perth. Humphries work often interacts with local heritage, and creative license is taken when representing historical events and characters.

Humphries anticipates an audience of 900 in total will attend the performances. This is consistent with the numbers of current audiences attending this style of interactive theatre over the same duration.

### **The project must demonstrate shared objectives as an Arts Project**

This performance series encourages the development of emerging local artists, and provides a platform for contemporary jazz musicians to take creative risks in a supportive environment. The series will provide an opportunity for artists to perform their original compositions in a venue which is attractive to a broad audience.

As a free, regular performance series in the heart of the City, Young Lions Series is likely to attract new audiences and generally enrich the cultural fabric of the City, in turn, enhancing the community profile of the City of Perth.

### **The project must be of high artistic quality**

PJS state that participating artists will be selected by the organisation's committee, comprising of PJS's Western Australian Academy of Performing Arts student representative, Francisco Munoz, in consultation with PJS President, Gemma Farrell and administrators Ben Matthew and Peter Evans. All four committee members are well known and respected jazz artists at a local and national level.

A similar project was supported by the City's Arts & Cultural Sponsorship Program in 2013/14, and was considered to be of a high artistic quality.

In 2013/14, selected performances from the Young Lions series were recorded (audio only) which contributed to the Perth Jazz Society's ongoing documentation and historical record-keeping practices. PJS has been professionally recording performances for the past 40 years and has established an ongoing relationship with the WA State Library to maintain the recordings as public records of the arts and cultural development of Western Australia.

**The applicant must have demonstrated capacity to deliver the project as described**

The Young Lions Series has been presented since 2013, and PJS has presented performances successfully for over 40 years.

Key committee members have professional experience in arts management and artistic programming, and have demonstrated capacity to deliver the project as described.

The organisation estimates approximately 50 attendances per performance. PJS hopes to encourage greater audience levels to the series, however, it is noted that previous attendances reached only 30-40 people per performance.

**Applicants must demonstrate a contribution to the project derived from other sources**

A total proposed budget has been submitted which includes an estimated in-kind contribution valued at \$5,950. A portion of the organisations Department of Culture and the Arts funding has been allocated to the project (\$3,850), in addition to a modest contribution derived from the organisation's membership fees (\$400). A percentage of Canton Bar and Lounge bar earnings (\$5 per audience member) has been included in the budget and is representative of the approximate audience estimate of 150 for the entire series.

**Acknowledgement of City of Perth support**

The applicant will recognise the City's support by providing the following sponsorship benefits:

- inclusion of the City of Perth crest in all promotional material and publications relating to the performance series;
- acknowledgement of the City of Perth in promotions or advertising (includes electronic media);
- acknowledgement of the City of Perth's support on applicant's website;
- verbal acknowledgement of the City of Perth's support prior to each performance;
- 9 (double) invitations for Elected Members to attend the performance;
- 5 (double) invitations for City of Perth officer representatives (as determined by the Director) to attend the performance.

**COMMENTS**

The recommended level of support is \$2,000 based on analysis of the submission and a comparative analysis, including assessment of the project's potential to meet the identified program objectives.

The recommended level considers the level of support previously approved for a project of similar scale and the organisations ability to deliver the project as described.

<b>Venue</b>	<b>Cathedral Square</b>
<b>Total Project Cost</b>	<b>\$28,200</b>

<b>Recommendation</b>	<b>Decline</b>

### BACKGROUND

Jack Tooley is a PhD candidate, his PhD thesis: *Inhibiting Interpersonal Rejection Through Interior Architecture: An Emergent Theory* informs the concept behind *Candy Candy*, an ephemeral art installation.

*Candy Candy* is described by Tooley as “the end of four years of PhD research into how occupiable artistic form can allow people in the community to regard one another, and themselves, as being of equal social value”.

### ELIGIBILITY:

Policy 18.1 establishes the principles for the City of Perth supporting Arts and Culture and these principles are used to determine the level of consistency with the program or event proposed for sponsorship funding.

## DETAILS:

### Project Summary

*Candy Candy* is an immersive installation to be held at Cathedral Square from Friday 13 January to Monday 31 January 2016.

Tooley intends to use the findings of his PhD research to develop an installation for tangible public use. Tooley describes the project as an occupiable public installation space. Sketches of the design have been provided.

### Times and Dates

Day	Date	Activity
Friday	15 January to Monday 31 January	<i>Public Art Installation</i>

### Venue

Cathedral Square, Old Treasury Building Forecourt

### Ticket Prices

The installation is free for the public to attend.

### Past support

The applicant has not previously applied for City of Perth Arts & Cultural Sponsorship.

## ASSESSMENT:

The application was measured against the objectives and criteria outlined in Policy 18.1 and Policy 18.8.

### The project must demonstrate shared objectives as an Arts Project

This conceptualisation for this installation is derived from the applicant's PhD research into how spatial design can facilitate impressions of equality and therefore

community cohesion in increasingly socio-diverse cities. The concept for this installation is considered to be well-planned, however, the applicant has insufficiently demonstrated capacity to deliver a project of this scale, and has presented an unrealistic budget.

### **The project must be of high artistic quality**

The applicant has provided sketches of the project design and the proposed budget indicates that the total cash component will be apportioned to fabrication materials (\$17,000).

The installation has not been created and insufficient detail regarding materials has been provided to determine its artistic quality. The concept is articulated clearly having been developed from the applicants PhD thesis.

### **The applicant must have demonstrated capacity to deliver the project as described**

The applicant has not provided sufficient information to assess. The applicant anticipates “thousands” of people will attend the installation however no marketing costs have been factored into the budget.

The applicant has included a “TBC” value to unconfirmed sponsorship from Curtin University, Fringe World Festival and Perth Festival, the applicant has not determined the total value of sponsorship from other sources, confirmed or otherwise and has therefore provided an unbalanced budget.

The applicant states that the project will only proceed with grant approval and has advised that other sponsorship will be applied for in the “next few weeks”.

### **Applicants must demonstrate a contribution to the project derived from other sources**

An unbalanced proposed budget has been submitted with cash expenditure totalling \$17,000 allocated to installation costs, steel fabrication and awning materials and fabrication. All other expenditure is identified as in-kind.

The budget does not identify additional income and states that self-funding is “to the value of \$5,000”. No other income has been identified.

### **Acknowledgement of City of Perth support**

The applicant will recognise the City’s support by providing the following sponsorship benefits:

- inclusion of the City of Perth crest in all promotional material and publications relating to the installation;
- acknowledgement of the City of Perth in promotions or advertising (includes electronic media);
- acknowledgement of the City of Perth’s support on applicant’s website;

- verbal acknowledgement of the City of Perth's support prior to the installation;
- inclusion of City of Perth signage at the installation (to be provided by the City);
- 9 (double) invitations for Elected Members to attend the installation;
- 5 (double) invitations for City of Perth officer representatives (as determined by the Director) to attend the installation.

## **COMMENTS**

Based on analysis of the submission and a comparative analysis, including assessment of the project's potential to meet the identified program objectives the panel recommends Council decline sponsorship of this project.

Whilst the project concept is considered to be well-planned, the application to produce the installation is considered to be ill-conceived and the assessment panel considers the project to be high-risk.

It is noted that the City owns a stake in the Cathedral Plaza Management Group which is overseen by FJM and as such makes a contribution to the activation of this area.

## **CREATIVE COMMUNITY PROJECTS 2015/16**

The identified objectives of this category of sponsorship are to support arts and cultural activities that:

- Reflect on the city as Perth community with a diverse living culture.
- Enhance social well-being and provoke engagement in cultural life.
- Encourage participation in the arts.
- Enhance the community profile of the City of Perth.

### Assessment Criteria (Creative Community Projects)

- Program Relevance. The project relates to and provides benefits to the intended audience.
- Demonstrated capacity to manage and deliver the project as described.
- Must meet all or some of the identified creative community projects objectives.
- Provide evidence of support from other sources (cash and in-kind)

Ausdance seeks support for three of their scheduled activities which take place in the City of Perth boundaries.

#### Dance Day (Australian Dance Week 2016 Opening Event)

*Dance Live* is described by the applicant as "...a two hour extravaganza on the main stage in Forest Place." Live performers of all ages and both professional and non-professional capabilities will perform in over 20 different cultural dance forms. The event *Dance Live* will include youth dance ensembles, dance studios, secondary schools, community dance groups, cultural dance groups and professional companies.

#### Break It Down

A series of dance circles will be staged as an informal dance lesson by skilled dancers in various styles of street dance.

#### Dance Grab

Prior to Dance Day, the dance community will be invited to submit a short film or “grab” of themselves dancing; the films will be uploaded and played in a loop at the Ausdance WA booth on Dance Day.

#### Trigger

Prior to Dance Day, Ausdance WA will request the nomination of favourite songs to be played on the day.

#### Information Booth

**DETAILS:**

**Project Summary**

Program of Exhibitions will include three month long exhibitions located in PCP's new West Perth venue.

Christina De Middel- *Afronauts*

Cristina de Middel is a photographer whose work investigates photography's ambiguous relationship to truth. Blending documentary and conceptual photographic practices, she plays with reconstructions and archetypes that blur the border between reality and fiction.

De Middel has exhibited extensively internationally and has received numerous awards and nominations, including PhotoFolio Arles 2012, the Deutsche Börse Prize, POPCAP' 13, and the Infinity Award from the International Center of photography in New York. De Middel lives and works in Mexico.

De Middel produced the critically acclaimed series *The Afronauts* in 2012, which explores the history of a failed space program in Zambia in the 1960s through staged re-enactments of obscure narratives.

Katie West- *My People*

Katie West is a Perth based artist exploring her own sense of Aboriginality, as a Yindjibarndi woman informed by her family history and that of history and her heritage. West aims to contribute to the collective knowledge that defines Aboriginal identity in Australia, as well as the collective experience of Indigenous peoples in other parts of the world. West's work is shaped by her interest in the mechanisms

that lead to social change. West participated in Revealed in 2015 and was a recipient of the Ignite Initiative supported by BHP and Artsource.

*My People* is a portrait series derived from conversations revolving around the custodial ethic and a decolonist identity. West's work involves an exploration of identity in an Australian context. *My People* is West's first solo exhibition.

### Vincent Fournier – *Post Natural History*

Fournier is a Paris based artist who regularly exhibits internationally including galleries in France, Berlin, Belgium and Switzerland, his work is found in several collections and private institutions including the Baccarat Art Collection in New York.

*Post Natural History* exhibits a collection of “upcoming species” based upon synthetic biology and cybernetics. Presented in the style of a cabinet of curiosities, the display questions our relationship to nature and technology.

**The applicant must have demonstrated excellence in service and program delivery and have an established relationship with the City of Perth**

## **COMMENTS**

PCP has requested \$19,668 in Arts & Cultural Sponsorship to support a program of three month long exhibitions. Sponsorship at this level is considered a sound investment.

PCP has an established history with the City and provides a platform for emerging artists to develop and share their work. The recommended level of support of \$19,668 equates to a contribution of approximately 30 cents per head, based on 2015 attendance estimates.

## DETAILS:

### Project Summary

Barking Gecko will present *Sugarland*, a new Australian production by ATYP at Studio Underground, State Theatre Centre.

Commissioned by ATYP, and the product of a 2011 residency in the remote Northern Territory town of Katharine, *Sugarland* is inspired by the lives of the young people they encountered in Katharine.

*Sugarland* revolves around a group of teens who are struggling with family life for various reasons and are pinning their dreams on winning a singing competition that will give them \$5,000 and a trip to Darwin, the narrative is interwoven with a dreamtime-style story about a young boys experiences. The applicant has described the play as focusing on the unlikely friendship between feisty indigenous teenager Nina, who is on a search for a house of her own (she lives with 12 others), and troubled white RAAF brat Erica a new arrival in town. Their social group includes a cocky, charismatic Iraqi teenager, a white Australian and an Aboriginal teenager.

The Australian newspaper describes *Sugarland*:

*“.....seamlessly knitted together vastly differing stories, cultures and topographies: one minute you’re listening to the typical minutiae of teenage life — iPhones and social media, Jay-Z, hip-hop and schoolyard romances — the next you’re diving down a bleak rabbit hole of poverty, domestic dysfunction, racism and self-mutilation. (“Your whole arm will get infected and fall off during the Wet,” Nina scolds Erica as she examines Erica’s angry gashes.)*

*Overlaying it all is the rich, exotic skin of Australia’s remote tropical north: all through the play are references to bloated water buffalo carcasses and crocs, brolga dances and the humid, clinging creep of the seasonal rains. This layered detail comes from close observation, says Coopes who, with Blair, spoke at length to Katherine teenagers, youth workers and teachers, doing workshops and harvesting*

*“sometimes shocking” real-life stories that found their way into the script.*

*Perhaps the most enjoyable, if tricky, challenge, she says, was “trying to find the universality of it all” in a wildly diverse patchwork of subcultures. “Obviously this play is about the life of a teenager in the Northern Territory, but at the end of the day they are teenagers who are talking and listening to the same stuff, who have the same issues — though the stakes are so much higher — as kids in Brooklyn, or Japan or Sydney.”*

Barking Gecko intends to complement the performance season with a ‘whole experience’ incorporating a festival style atmosphere to the theatre’s foyer. A welcoming space with live bands and opportunities for young audiences to meet and network with the artists and each other will be created in order to attract and retain new youth audiences to Australian theatre.

All Arts & Cultural Sponsorship funding received by the organisation in previous years has been fully acquitted.

## **ASSESSMENT:**

The application was measured against the objectives and criteria outlined in Policy 18.1 and Policy 18.8.

### **The project must demonstrate shared objectives of Arts & Cultural Sponsorship**

Barking Gecko invests in the development and presentation of local arts and cultural activity, with particular emphasis on encouraging new audiences to Australian theatre. *Sugarland* will encourage new audiences to engage in a cultural activity that explores contemporary Australian youth culture, social issues impacting all teenagers, and social issues endemic to teenagers living in regional communities.

*Sugarland's* contemplation of sensitive issues provides a healthy platform to provoke conversation and encourage youth to share their experiences. Artshub describes *Sugarland* as "a harrowing yet beautiful new play, *Sugarland* has the capacity and fierceness of spirit to start a conversation."

Barking Gecko's schools program provides discounted rates to attending school groups. The City's involvement in the project enhances the corporate profile of the City.

### **The project must be of high artistic quality /cultural significance**

*Sugarland's* themes of poverty, domestic dysfunction, racism and self-harm are examples of relevant social issues for young Australian audiences and are considered to be of cultural significance.

Barking Gecko and AYTP have a long-standing history of producing critically acclaimed culturally relevant theatre and this project is expected to be of high artistic quality.

### **The applicant must have demonstrated excellence in service and program delivery and have an established relationship with the City of Perth**

Barking Gecko demonstrates excellence in service and program delivery, providing culturally relevant theatre experiences to youth audiences. Barking Gecko has an established relationship with the City, having received Arts & Cultural Sponsorship for productions in 2013/14 and 2014/15 respectively. All funded activities have been successfully acquitted.

### **Applicants must demonstrate a contribution to the project derived from other sources**

The applicant has provided a detailed project budget and demonstrated financial support from other sources including a significant percentage of income derived from ticket sales (\$29,862), un-confirmed sponsorship will be sought (\$10,000) and a contribution of \$11,120 has been allocated from Barking Gecko's core budget.

The recommended level of support represents approximately 17% of the total project budget.

### **Acknowledgement of City of Perth support**

The applicant will recognise the City's support by providing the following sponsorship benefits provided across the two supported projects:

- inclusion of the City of Perth crest in all promotional material and publications relating to the performance season;
- acknowledgement of the City of Perth in promotions or advertising (includes electronic media);
- display of City of Perth signage during the performance season (to be provided by the City of Perth);
- verbal announcement acknowledging the sponsorship prior to performance;
- acknowledgement of the City of Perth's support on organisation's website;
- 9 (double) invitations for Elected Members to attend the performance;
- 5 (double) invitations for City of Perth officer representatives (as determined by the Director) to attend the performance.

### **COMMENTS**

The recommended level of support is \$15,000 based on analysis of the submission, and a comparative analysis, including assessment of the project's potential to meet the identified program objectives.

The organisation has requested \$20,000 in Arts & Cultural Sponsorship to support the presentation of *Sugarland*. Barking Gecko has an established history with the City. Barking Gecko programming provides a platform to encourage young audiences to engage in cultural activities. The recommended level of support of \$15,000 is considered to be consistent with support provided to similar cultural activities. It is noted that the duration of the performance season is four days only.

The request for \$20,000 is in excess of the anticipated benefits to the City and it is therefore recommended to support the activity at a level consistent with comparable projects.

## DETAILS:

### Project Summary

The Patriot Game, a classic Irish play by Tom Murphy will be presented at Studio Underground, State Theatre Centre, to commemorate the 100<sup>th</sup> anniversary of the Easter Rising in Dublin.

In 1965 Tom Murphy was commissioned by BBC Television to write a play, *The Patriot Game*, to be broadcast in the following year on the occasion of the fiftieth anniversary of the Easter Rising, however the film was never completed. The play remained unseen until twenty-five years later when Murphy revised the work for a stage production on the occasion of the seventy-fifth anniversary of the Rising in 1991.

Murphy is considered by many to be Ireland's greatest living playwright and his work is steeped in the culture and mythology of Ireland. Murphy's work does not trade on familiar clichés of Irish identity, dealing instead with themes of violence, nihilism and despair while never losing sight of the presence of laughter, humour and the possibilities of love and transcendence. His work is often characterised by themes of redemption.

The Patriot Game will be presented as part of the 100<sup>th</sup> anniversary of the Easter Rising commemorations, and is supported by the Irish Embassy in Canberra and the Irish Consulate in Perth.

Studio Underground, State Theatre Centre

### **Ticket Prices**

Audiences will be charged a standard ticket price of \$25 and concession ticket price of \$15.

### **Past support**

The applicant has not previously applied for City of Perth sponsorship.

### **ASSESSMENT:**

The application was measured against the objectives and criteria outlined in Policy 18.1 and Policy 18.8.

### **The project must demonstrate shared objectives as a Creative Community Project**

This project encourages people of Irish descent, ex-pats and people with a general interest in world history to participate in cultural activities commemorating a historic world event leading to Ireland gaining independence from the British Empire in 1916. It is a project that reflects on Perth as a community with a diverse living culture.

The confirmed involvement of the Irish Consulate and Irish Embassy in Canberra enhances the community profile of the City of Perth.

### **The project must be relevant to the intended audience**

*The Patriot Game* is a play of great significance for the occasion commemorating the 1916 Easter Rising. The play appeals to a broad audience and the occasion marking the 100<sup>th</sup> anniversary will be attractive to the Perth Irish community.

### **The applicant must have demonstrated capacity to deliver the project as described**

The applicant has considerable experience directing and producing local theatre. DVDs of past performances have been provided in support of the application, and demonstrate capacity to deliver the project.

The venue booking is confirmed and the applicant has provided letters of support from respected arts professionals.

The project has garnered financial support from the Irish Embassy in Canberra and promotional support from the Irish Consulate in Perth.

It is noted that recent Abandoned Theatre Players performances have been cancelled and the anticipated box office appears higher than would usually be expected from similar independent projects. Despite these concerns, Motherway is considered to have demonstrated capacity to deliver the project as described with monitoring and support from the City.

### **Applicants must demonstrate a contribution to the project derived from other sources**

The applicant has provided a detailed project budget and demonstrated financial support from other sources including unconfirmed sponsorship from the Irish Embassy (\$25,000), and the Department of Culture and the Arts (\$25,000). Since submitting the application, Motherway has advised Department of Culture and the Arts were unable to accept his revised application.

The Irish Embassy has confirmed to the reporting officer that some support for the project will be granted. The proposed budget anticipates income from ticket sales at \$70,000, this is considered to be comparatively high expectation based on similar projects .

The proposed budget includes expenditure associated with administration, venue hire, sets, costumes, marketing and promotion costs, and artist fees and is considered to be a reasonable proposal.

The recommended level of support represents approximately 7% of the total project budget.

### **Acknowledgement of City of Perth support**

The applicant will recognise the City's support by providing the following sponsorship benefits:

- inclusion of the City of Perth crest in all promotional material and publications relating to the project;
- acknowledgement of the City of Perth in promotions or advertising (includes electronic media);

- verbal announcement acknowledging the sponsorship prior to the performance;
- display of City of Perth signage at the performances (provided by the City);
- 9 (double) invitations for Elected Members to attend the performance;
- 5 (double) invitations for City of Perth officer representatives (as determined by the Director) to attend the performance.

**COMMENTS:**

The recommended level of support is \$10,000 based on analysis of the submission, and a comparative analysis, including assessment of the project's potential to meet the identified program objectives.

Sponsorship should be provided on a conditional basis, based on the applicant securing additional support from other sources to meet the \$25,000 short-fall from the Department of Culture and the Arts decision to decline assessment of the proposal, so as not to compromise the quality of the presentation
