<b>Attachment/s</b>	Attachment 6.1A – Location Plan Attachment 6.1B – Scheme Amendment Report

### Purpose

The purpose of this report is for Council to consider the initiation of Amendment No. 45 to City Planning Scheme No. 2 (CPS2) to introduce a Special Control Area (SCA) over the subject site (refer Attachment 6.1A).

### Background

The City of Perth (City) has received a request from Urbis on behalf of NEXTDC, the owners of 11 (Lot 100) and 27 (Lot 700) Newcastle Street, Perth, to amend to introduce a SCA over the lots.

A copy of the scheme amendment report is provided in Attachment 6.1B, which includes details of the SCA provisions, associated update to the Precinct Plan and the subject site context.

### Development Approval

The total site is intended to be developed by NEXTDC as a high technology facility to provide information technology infrastructure to government and private sector clients.

On 17 July 2018, the City approved a development application for a communication pod at 11 Newcastle Street which has been constructed and is operational.

On 1 November 2018, the Perth Local Development Assessment Panel (LDAP) approved, with conditions, the further use and development of 11 Newcastle Street for a data centre complex comprising a ten-level office building and a nine-level data centre containing 44 commercial tenant parking bays. The nine-level data centre is nearing completion.

The landowner intends to develop an office/data centre building along Newcastle Street occupying 27 and part of 11 Newcastle Street, that is likely to contain office and data centre uses. No development application has been lodged for this proposal yet.

## Details

The subject site comprises two lots with a total area of 7,896m<sup>2</sup> and is located within the 'City Centre' Scheme Use Area under CPS2.

A maximum plot ratio of 4:1 applies to 11 Newcastle Street while a maximum plot ratio of 3:1 applies to 27 Newcastle Street. Both would be eligible for up to a maximum of 50% bonus plot ratio. Despite the variation in maximum plot ratios, a 21-metre street building height and a 40 metre maximum building height applies to both lots along Newcastle Street.

The subject site is also located within the Perth Parking Management Plan Area and is subject to the Perth Parking Policy 2014 (PPP). The PPP establishes the maximum number of commercial tenant car bays that can be located on a single lot. The PPP also restricts the sharing of commercial tenant bays across different lots.

The proposed scheme amendment will introduce a SCA over the subject site to facilitate the coordinated development of the site. It will introduce provisions to allow the two separate lots to be treated as one site for the purposes of distributing plot ratio and car parking across the site.

## Stakeholder engagement

Community consultation will occur subject to the initiation of the scheme amendment by Council in accordance with the *Planning and Development (Local Planning Scheme) Regulations 2015*.

## Strategic alignment

### Strategic Community Plan

This item addresses the community's vision for the future and specifically the following Aspiration and Strategic Objective(s) contained in the Strategic Community Plan 2019 – 2029:

<b>Aspiration:</b>	Place
<b>Strategic Objective</b>	2.9 Land use, transport and infrastructure planning that encourages and facilitates a wide range of public and private sector investment and development

The proposed SCA will ensure that the site is developed in a coordinated manner.

## Legal and statutory implications

- *Sections 75, 81, and 84 of the Planning and Development Act 2005* - which outline the process for amending a local planning scheme, including referrals to the Environmental Protection Authority (EPA) and advertising.
  - Regulations 34 and 35(2) of the *Planning and Development (Local Planning Schemes) Regulations 2015* – assist to determine whether the amendment is basic, standard or complex.
  - Clause 3A of Schedule A (Supplemental Provisions) of the City Planning Scheme No. 2 – refers to amending Precinct Plans.
  - Clause 39 of the City of Perth City Planning Scheme No. 2 – refers to Special Control Areas.
-

**Approval implications**

The decision to initiate a scheme amendment rests with Council. Should Council resolve not to initiate the scheme amendment, the applicant has no right of appeal for the decision. The Minister for Planning is responsible for final approval of scheme amendments.

**Financial implications**

There are no financial implications related to this report. The applicant is responsible for the administration costs in assessing, advertising and finalising the scheme amendment documentation.

**Policy references**State Government

State Government's PPP establishes the maximum number of commercial tenant car parking bays that can be located on a single lot. The PPP also restricts the sharing of commercial tenant car parking bays across different sites.

Local Policy

Stirling Precinct Plan (P3) – provides a statement of intent/vision for development of the area.

**Comments**Scheme Amendment Classification

The *Planning and Development (Local Planning Schemes) Regulations 2015* include three categories for amending Local Planning Schemes; basic, standard and complex. The proposed amendment will have minimal impact on the CPS2 area outside of the proposed SCA. Additionally, the proposed amendment does not result in any significant environmental, social, economic or governance impacts on land in the scheme area. Given this, the amendment is considered to be a standard amendment.

## Planning Justification

The proposed SCA will enable the land to be treated as one site for the purposes of distribution of plot ratio and commercial tenant car parking.

The SCA will not change the overall quantum of plot ratio available on the site but will allow greater flexibility in its distribution with more plot ratio able to be located to the west than is currently permitted under CPS2. Assessment of the specific built form proposed on the site is a matter that would be assessed as part of the development application process.

The SCA will also not change the overall quantum of commercial tenant car parking available on the site but will allow more car parking bays to be distributed to the west than is currently envisaged under the PPP. Matters relating to traffic movement are addressed through the development approval process.

## Referrals and Stakeholder Engagement

Following initiation of a standard scheme amendment, the local government is required to refer the proposed scheme amendment to the EPA to determine whether it needs to be assessed. The EPA has 28 days to make this determination. Once advice is received from the EPA, the local government is required to advertise the proposed scheme amendment for public comment for a period of 42 days.

## Conclusion

The proposed scheme amendment is generally consistent with the statutory planning framework provided by CPS2 and will facilitate development of the site in a co-ordinated manner. Given this, the proposed scheme amendment is considered suitable for initiation.

## **Officer Recommendation**

That Council:

1. INITIATES Amendment No. 45 to the City Planning Scheme No. 2 as detailed in Attachment 6.1B – Scheme Amendment Report and pursuant to section 75 of the *Planning and Development Act 2005* (the Act);
2. RESOLVES that Amendment No. 45 to the City Planning Scheme No. 2 is a standard amendment pursuant to regulations 34 and 35(2) of the Planning and Development (Local Planning Schemes) Regulations 2015 (the Regulations), for the following reasons:
  - 2.1 the amendment would have minimal impact on land in the scheme area that is not the subject of the amendment; and
  - 2.2 the amendment does not result in any significant environmental, social, economic or governance impacts on land in the scheme area.
3. FORWARDS Amendment No. 45 to the City Planning Scheme No. 2 to the Environmental Protection Authority, pursuant to section 81 of the Act; and
4. ADVERTISE Amendment No. 45 to the City Planning Scheme No. 2 for public inspection pursuant to section 84 of the Act, and in accordance with section 47 of the Regulations.

### Purpose

The purpose of this Report is for Council to consider the Events, Culture and Arts Advisory Committee recommendation that Council approve the 2020/2021 COVID-19 Rebound Grant and Sponsorship Guidelines.

### Background

At its meeting on 26 May 2020, Council approved the City of Perth's COVID-19 Rebound Strategy. The Strategy outlines the City's plan to support the community and businesses re-invent and revive following the COVID-19 pandemic.

*A 'building back better' approach will be achieved through programs that embrace the community's health and wellbeing, financial support and sponsorships, activation and events, business support and investment attraction initiatives.*

### Details

In a 'business-as-usual' environment the City of Perth offers a suite of grant and sponsorship programs which are designed to align with the objectives of the City's Strategic Community Plan and reviewed on an annual basis.

To support the City's COVID-19 Rebound Strategy, all existing grant and sponsorship programs have been suspended. The 'COVID-19 Grants and Sponsorship Program' has been developed to align with the objectives of the Strategy and replace the 'business-as-usual' sponsorship programs for the 2020/21 Financial Year.

The COVID-19 Grant and Sponsorship Guidelines are included at Attachment 6.2A.

The objectives of the COVID-19 Grants and Sponsorship Program are to:

- support local businesses to recover, rebound and prosper;
- drive local visitation and tourism into the city in ways that are safe;
- enhance vibrancy and activation in the city, ensuring there is 'always something on in the city'; and
- support community wellbeing, safety and security and increase community connection and social cohesion.

The grant and sponsorship programs are informed by the community priorities as identified in the COVID-19 Rebound Strategy stakeholder survey and detailed in the total operating project expenditure for 2020/21.

The COVID-19 Grants and Sponsorship Program has an increased focus on Quick Response Grants in order to:

- address immediate needs and opportunities;
- ensure funding directly reaches small business and practitioners;
- promote smaller, immediate projects and activation; and
- spread the available funding amongst more applicants.

Applicants seeking funding for events and projects in the city are asked to detail how they will:

- encourage people to support and drive traffic to local Perth businesses in the hospitality, retail and/or tourism sectors; and
- support the local economy through local procurement and employment.

#### Applications received prior to approval of the Guidelines

Due to the timeframe required by event organisers, sponsorship applications are considered approximately six – ten months in advance.

Applications in rounds relating to 2020/21 Arts Grants, Arts Sponsorship, Event Sponsorship and Business Event Sponsorship were received in February and March, prior to the COVID-19 shutdown period. To ensure alignment with the City's COVID-19 Rebound Strategy, applicants have been asked to also address the following additional criteria:

#### *Economic Rebound and Support for Local Business*

- How will your project/event(s) encourage people to support and drive traffic to local Perth businesses in the hospitality, retail and/or tourism sectors?

#### *Support for the Local Economy*

- How will your project/event(s) help to support the local economy through opportunities for employment of local practitioners and/or businesses?

#### *COVID-19 Risk Mitigation*

- What is your contingency plan should any restrictions on large gatherings be re-introduced before your event(s)?
- How do you plan to build confidence in the public that your event(s) is/are safe to attend?

These applications will be assessed and processed as publicly advertised. These reports will be presented at the July and August Council Meetings.

## Stakeholder engagement

To inform the development of the City's COVID-19 Economic Rebound Strategy, the City sought feedback from key stakeholders on what is required to assist with the rebound of Perth's economy. Close to 250 surveys were sent to individuals representing tourism, hotels, property, arts, culture, retail, hospitality and the community. A total of 74 valid responses were returned with feedback. This gives a 30 per cent response rate, which is well within the statistical requirements for a trustworthy sample.

The priorities identified in the survey have informed the Sponsorship Guidelines.

The Events, Arts and Culture Advisory Committee reviewed the proposed Guidelines at a Workshop held on 2 July 2020.

The Guidelines have been reviewed and endorsed by the City of Perth Executive Leadership Team.

## Approval implications

If the Guidelines are not approved there will be significant delays in confirming grants and sponsorships. This has a reputational risk to the City of Perth and reduces the City's ability to deliver on its COVID-19 Rebound Strategy and Strategic Community Plan.

## Financial implications

In June 2020, Council approved a list of Operational Activities and Projects for inclusion into the 2020/21 annual planning and budget process. This list has informed the Long Term Financial Plan and the Corporate Business Plan which, in turn, informs the draft budget. The expenditure amounts in the COVID-19 Rebound Strategy are indicative until the draft budget is approved by Council on the 4th August 2020.

The Grants and Sponsorship programs are detailed in the COVID-19 Rebound Strategy, Total Operating Project expenditure for 2020/21, as follows:

Grants for small to medium businesses to help them survive and rebound after the pandemic	\$1,040,000	Quick Response Small Business Grants	\$350,000
		Economic Development Sponsorship	\$690,000
Grants for building improvement projects	\$270,000	Business Improvement Grants	\$ 270,000

Grants to support lane-way activation and upgrades and locational precinct improvements	\$240,000	Precinct Development Matched Funding Grants	\$240,000
	<b><u>\$4,345,000.00</u></b>		<b><u>\$4,345,000.00</u></b>

## Policy references

### 18.13 – Sponsorship and Grants.

The policy outlines a consistent and transparent assessment process and criteria which guides the recommendation to Council.

## Comments

In a 'business-as-usual' environment Council is not required to approve Sponsorship Guidelines. Given the exceptional circumstances relating to the COVID-19 Rebound Strategy it is considered appropriate for the Guidelines to be approved by Council in this instance.

According to the terms of reference, all members of the Events, Arts and Culture Advisory Committee must have no political or vested interests in the matters tabled at the committee meetings. Therefore, in relation to sponsorship, the best approach is to ensure the Committee provides high-level, strategic advice rather than assessing and/or recommending on individual applications. Once the Guidelines are fully endorsed, grants and sponsorships will therefore be assessed under the criteria outlined therein, by an internal panel of experts and recommended to Council as per normal processes. Council reports relating to grant and sponsorship applications submitted by individual applicants will not be put before the Committee. This is to avoid actual and perceived conflicts of interest and ensure efficient decision-making.

### **Officer Recommendation**

That Council APPROVE the COVID-19 Rebound Grant and Sponsorship Guidelines, as detailed in Attachment 6.2A.

### **Committee Recommendation**

That Council APPROVE the COVID-19 Rebound Grant and Sponsorship Guidelines, as detailed in Attachment 6.2A.

### Purpose

To provide recommendations in relation to COVID-19 Rebound Event Sponsorship applications received by the City of Perth.

### Background

#### COVID-19 Rebound Strategy

At its meeting on 26 May 2020, Council approved the City of Perth's COVID-19 Rebound Strategy. The Strategy outlines the City's plan to support the community and businesses re-invent and revive following the COVID-19 pandemic. *A 'building back better' approach will be achieved through programs that embrace the community's health and wellbeing, financial support and sponsorships, activation and events, business support and investment attraction initiatives.*

The Strategy recognised that events and activations are a critical tool for supporting the city's economic rebound and community connection:

#### 6.2 *Re-invent and Revive*

*Investment in events and other arts and cultural activities are critical to ensure Perth is ready to welcome people back to the city once restrictions on large gatherings have been relaxed. Grants for events and activations will provide cash and in-kind support for those with widespread appeal that create a feeling of safety and vibrancy within the city, encourage people to support local businesses, and enhance the city's reputation as a great place to be.*

*Events and festivals are one way the City can attract people back into Perth and support the hospitality, retail and tourism sectors. City grants will help to build capacity within the struggling events and cultural sectors, with the aim of emerging from this crisis more resilient than before, creating an 'always something on in the city' perception that attracts visitors and is supported by residents.*

## COVID-19 Rebound Grants and Sponsorship Programs

To support the City's COVID-19 Rebound Strategy, all existing grant and sponsorship programs have been suspended. The 'COVID-19 Grants and Sponsorship Program' has been developed to align with the objectives of the Strategy and replace the 'business-as-usual' sponsorship programs for the 2020/21 Financial Year.

The grant and sponsorship programs are informed by the community priorities as identified in the COVID-19 Rebound Strategy stakeholder survey and detailed in the total operating project expenditure for 2020/21.

The Guidelines have been endorsed by the Events, Arts and Culture Advisory Committee.

The objectives of the COVID-19 Grants and Sponsorship Program are to:

- support local businesses to recover, rebound and prosper;
- drive local visitation and tourism into the city in ways that are safe;
- enhance vibrancy and activation in the city, ensuring there is *'always something on in the city'*; and
- support community wellbeing, safety and security and increase community connection and social cohesion.

The applications submitted in the Event Sponsorship round were received by the application deadline of 17 March 2020 and were assessed against the criteria in the 2020/21 Event Sponsorship Guidelines, as publicly advertised. This Report was originally planned to be delivered at the May Council Meeting however it has been deferred due to the COVID-19 situation and uncertainty of events proceeding given the government restrictions on mass gathering sizes, physical distancing requirements and travel restrictions.

### Additional COVID-19 Rebound Criteria

All applicants have been required to submit additional information to ensure that events recommended for approval are aligned to the COVID-19 Economic Rebound Strategy and have appropriate risk management plans in place should restrictions return at any stage.

#### Economic Rebound and Support for Local Businesses

- How will your event encourage people to support and drive traffic to local Perth businesses in the hospitality, retail and/or tourism sectors?

#### Support for Local Employment and Businesses

- How will your event help to support the local events and/or cultural sectors through opportunities for employment of local practitioners and/or businesses?

#### COVID-19 Risk Mitigation

- What is your contingency plan should restrictions on large gatherings be reintroduced before your event?
- How do you plan to build confidence in the public that your event is safe to attend?
- What measures will you put in place to ensure the health and safety of attendees and staff at your event? (How will you address physical distancing and hygiene requirements so that they are in-line with the Department of Health's regulations which may be applicable at the time of your event?)

Event sponsorship applications have been asked to ensure that they have sufficiently addressed risks relating to COVID-19 in their event plan. Due to the risk that events may need to be modified, postponed or cancelled if government restrictions are reintroduced, the City requires applicants to appropriately plan for this possibility as no sponsorship fee will be paid for an event that is unable to be delivered.

## Details

Event Sponsorship is available to organisations who deliver events that bring social and economic benefits to support our aspiration to be a vibrant, connected and progressive city. To contribute to this vision, the City supports events that attract increased visitation, encourage broad community participation and create activation of city spaces for residents and visitors to enjoy and encourage them to come back again. The City welcomes events that actively engage local businesses and promote new economic and tourism opportunities.

Event Sponsorship is available in two streams, which recognise the outcomes sought by the City:

<b>Community Stream</b>	<b>Commercial Stream</b>
<p>Community Event Sponsorships are typically managed by not-for-profit and community-based member-organisations. The events are widely accessible to the public and maintain a core focus on free programming that enlivens and activates the city.</p> <p>Events provide opportunities for the community to connect and often celebrate important cultural traditions and milestones and actively engage and support Perth's diverse communities. Community Event Sponsorships help to support events that celebrate the spirit of a community, provide opportunities for active community participation, help build opportunities to share cultural experiences with a wider public, and create vibrant and resilient communities.</p>	<p>Commercial Event Sponsorships are typically managed under a commercial structure, with revenue generated through commercial sponsorships, ticket sales and other income streams.</p> <p>The program supports events which activate and enliven the city, enhance Perth's reputation on a local and state level, encourage increased visitation and deliver increased economic benefits to the City's stakeholders, with opportunities for local businesses to leverage the event.</p>

## Assessment Summary

The City received 24 applications in the round, of which one was ineligible and nine were withdrawn as the events were cancelled due to the impacts of COVID-19.

The remaining 14 applications were assessed by a four-person assessment panel consisting of members from the City's Administration.

A detailed Officer Assessment of all applications is included at Attachment 6.3A.

Funding recommendations are based on quality of the application, satisfaction of assessment criteria and available budget. The maximum funding contribution provided by the City cannot exceed 30% of the total event budget.

*NOTE: Due to the awarding of bonus points aligned to optional criteria informed by the City's Strategic Community Plan, it is possible for applicants to receive over 100% for high scoring applications.*

### Strategic Community Plan

This item addresses the community's vision for the future and specifically the following Aspiration and Strategic Objective(s) contained in the Strategic Community Plan 2019 – 2029:

#### Event Sponsorships – Community Stream

<b>Aspiration:</b>	People
<b>Strategic Objective:</b>	1.6 Thriving and sustainable cultural, artistic and heritage industries, activities and events that encourage locals and visitors to come back for more 1.4 An inclusive approach that embraces youth, seniors, people with a disability, and people from all walks of life

<b>Aspiration:</b>	Place
<b>Strategic Objective:</b>	2.1 A city that is seen by all as a great place to be

### COVID-19 Economic Rebound Strategy

This item addresses the strategic objective 'Re-invent and Revive', by supporting events that have widespread appeal which return vibrancy to the city, encourage people to support local businesses, promote Perth as a destination of choice and enhance the city's reputation as a great place to be.

## Legal and statutory implications

There are no legal or statutory implications related to this report.

### Connection with mandates in the *City of Perth Act 2016*

8(1)(g) - to strengthen Perth's reputation as an innovative, sustainable and vibrant city that attracts and welcomes all

## Approval implications

If these sponsorships are not approved it is likely the events will be scaled back or not proceed within the city.

## Financial implications

In June 2020, Council approved a list of Operational Activities and Projects for inclusion into the 2020/21 annual planning and budget process. This list has informed the Long Term Financial Plan and the Corporate Business Plan which, in turn, informs the draft budget.

The operational activities and projects approved by Council included \$1.25m for grants to support third-party activation and events post COVID-19. This item recommends approving 8 applications for a total cost of \$269,000.

The expenditure amounts in the COVID-19 Rebound Strategy are indicative until the draft budget is approved by Council on the 4th August 2020.

## Comments

The events sector has been severely impacted by the COVID-19 pandemic with events being cancelled, postponed or having to change their mode of delivery. The decrease in visitation has contributed to a decline in economic activity and the government restrictions have left many feeling disconnected from their communities.

In order to assist in re-inventing and reviving Perth as a destination of choice to visit, live and play in, investment in events is critical. Providing financial certainty for future events in a timely manner will enable effective planning to ensure their adaptability to the rapidly changing conditions and restrictions. The recent lifting of restrictions on mass gathering sizes means that events will commence over the coming months.

Through Event Sponsorship funding, the City is able to attract events that have widespread appeal, create feelings of safety and vibrancy within the city, encourage people to support local businesses, and enhance the city's reputation as a great place to be. In addition, Event Sponsorship will help build capacity within the sector, with the aim of creating an '*always something on in the city*' perception that attracts visitors.

The applications recommended for support were able to demonstrate strong alignment with the City's Strategic Community goals, and key priorities of the City's COVID-19 Economic Rebound Strategy by increasing vibrancy by activating city spaces, providing unique opportunities for the wider community to engage and connect and increasing economic benefits to city retailers and traders.

Assessing the Event Sponsorship applications within a round allows the assessment panel to benchmark the applications against each other and award funding based on qualitative rankings and return on objectives. The number of applications received in this round and the limited budget made the assessment process highly competitive. An assessment score of 80% and above was determined by the panel as the minimum required for support. The panel is confident applications receiving part-funding will be able to successfully deliver their projects in full or with revised plans.

The City recommends that all applicants adhere to the State Governments approach in the "COVID-19 Safety Guidelines – Events" in order to adequately mitigate health risks.

### Officer Recommendation

### COVID-19 Rebound Grants and Sponsorship Programs

This application has been considered under the City's COVID-19 Rebound Grants and Sponsorship Program, which has been developed to support the objectives outlined in the City's COVID-19 Rebound Strategy. This application has been submitted in the Economic Development Sponsorship program.

## Comments

### Alignment to the City of Perth COVID-19 Rebound Strategy

The project is aligned to the objective to *support local businesses to recover, rebound and prosper* by supporting business owners in the City of Perth to develop capacity in the digital space. The program will provide opportunities for businesses to diversify their revenue streams and expand their customer base.

### Assessment Panel Comments

The COVID-19 pandemic has had a profound impact on the City's local business community.

Supporting businesses to build capacity and diversify in a digital environment will assist them to adapt and respond to changing conditions and create additional revenue streams in the immediate term which will have longevity into a post-COVID environment.

Spacecubed is well-positioned to execute this program due to their longstanding history of working with small businesses and start-ups in the digital space. It is valuable that the program will be offered free-of-charge to City of Perth businesses.

The applicant is recommended for approval at \$15,000 and the panel is confident the program can be delivered at this investment (the requested amount was \$19,648) with minimal impact the outcomes of the program.

The COVID-19 Grant and Sponsorship Guidelines note that the maximum contribution of Economic Development sponsorship provided by the City of Perth cannot exceed 50% of the total project budget. It is noted that the applicant has applied for 100% of the project cost. Given the application supports City of Perth businesses to participate in the program free-of-charge, it is recommended that an exception is made in this instance.

### **Officer Recommendation**

That Council APPROVES a Key Sector Development sponsorship of \$15,000 (excluding GST) to Spacecubed Ventures Pty Ltd for the #AdaptDontStop Digital Literacy Program.

## Item 6.5 – City Amenity Advisory Committee – Economic Rebound - Safe City Security Patrols

<b>Attachment/s</b>	Nil

### Purpose

The purpose of this report is to seek Council approval of the City Amenity Advisory Committee recommendation to approve the expenditure of up to \$1,200,000 for the procurement of a contracted security service to supplement the Safe City Security Patrols.

### Background

On 26 May 2020, Council endorsed the City of Perth Economic Rebound Strategy, endorsed in principle the operating budget and projects for 2020/21, and established three Advisory Committees.

On 30 June 2020, Council considered a further item relating to the City of Perth Economic Rebound Strategy and approved the operating budget and projects for 2020/21. This included an allocation of \$1,200 000 toward security, surveillance and community safety programs.

On 2 July 2020, the City Amenity Advisory Committee met and was presented with background information and options to enhance safety and security in the City during the 2020/2021 financial year.

### Details

The proposal supported by the City Amenity Advisory Committee was to increase Safe City Security Patrols. It is proposed these patrols will be funded through the \$1,200,000 allocation to security, surveillance and community safety programs.

The patrols will increase the presence and hours of Safe City service in determined areas. Consistent with community and Advisory Committee feedback, the Security Patrols will work with Safe City Rangers to provide a highly visible presence in hotspot areas, engage with and educate (crime prevention) the community and local businesses, act on local law breaches, and support people experiencing homelessness.

A similar complimentary service was trialed as a quick recovery initiative in the Hay and Murray Street Malls from mid-May to June 2020. This patrol expanded existing Safe City Ranger service hours in the Malls by providing a dedicated presence 7am-7pm, 7 days a week. The officers were identifiable in City of Perth high visibility vests and focused on obstructions in thoroughfares, providing support to people experiencing homelessness, addressing matters of collecting money without a permit and engaging with community and business. This cost of the trial was approximately \$49,000. The expanded hours, additional patrols and dedicated presence to the area was recognised and welcomed by retailers.

The proposed Safe City Security Patrols would operate from September 2020 to June 30, 2021) and will have three patrol areas:

1. Central Core and Entry Statement:

Safe City Security Patrols of Hay and Murray Street Mall, Forrest Chase, Perth Train Station Entry to Perth (Wellington Street and Upper Concourse), and William and Barrack Street.

These patrols will be two groups of two officers, on foot and conducted from 7am to 7pm daily with the exception of Friday, whereby patrols will conclude at 10pm.

2. Neighbourhood Centres and Northbridge:

Safe City Security Patrols rotating through business, retail, hospitality areas of Northbridge, East Perth, West Perth and Nedlands.

These patrols will be two groups of two officers in vehicles supplied by the contractor (and badged Safe City Patrols) and on foot rotating through each neighbourhood between 8am and 6pm Sunday to Thursday with Friday and Saturday finishing times at 11pm.

The proposed times are a guide only, to provide a service to peak times of pedestrian traffic, improve perceptions of safety, address visible amenity issue and deter anti-social behaviour. Service times may change when in operation in response to data trends or feedback from the community.

## **Stakeholder engagement**

The City Amenity Advisory Committee had input into the report at a meeting held on 2 July 2020 and unanimously endorsed the recommendation at their Committee meeting held on 14 July 2020.

As part of the preparation of the new Safe City Strategy the City has conducted several direct business engagement exercises and business safety and security forums.

Over the last two weeks of June 2020, businesses and retail in the Hay and Murray Street Malls were surveyed in relation to safety and security services provided in the City. The key findings from this survey were:

- Community safety and crime prevention education is a priority
- Differentiating between Safe City Rangers, Security and Police is for some not clear
- There is a demand for more business interaction
- There is a need for increased presence/visibility of Safe City patrols

The outcomes of these engagements contributed to the report presented to the City Amenity Advisory Committee

## Strategic alignment

### Strategic Community Plan

This item addresses the community's vision for the future and specifically the following Aspiration and Strategic Objective(s) contained in the Strategic Community Plan 2019 – 2029:

<b>Aspiration:</b>	People
<b>Strategic Objective:</b>	1.1 Safe, clean and inviting public places that are well patronised and enjoyed by all.

### Safe City Strategy

This item is strongly aligned and supports all focus areas of the Safe City Strategy 2016 – 2020 being Safe Environments, Drugs and Alcohol, Homelessness, Surveillance and Monitoring and Emergency Management.

## Legal and statutory implications

### Connection with mandates in the *City of Perth Act 2016*

8(1)(c) - to provide a safe, clean and aesthetic environment for the community, city workers, visitors and tourists

## Risk implications

Impact of decision	
Organisation	Medium
Community	Medium

Risk domain	Consequence	Likelihood	Risk rating
Service Delivery/Strategic Objectives	Major	Possible	Medium

## Approval implications

If Commissioners adopt the recommendation, it will be supporting the recommendations of the City's Advisory Committee and respond to feedback received from the community.

If Commissioners do not adopt the recommendation it will delay the timely identification and implementation of alternative projects that will satisfactorily address the security, surveillance and community safety priorities of the Economic Rebound Strategy.

## Financial implications

In June 2020, Council approved a list of Operational Activities and Projects for inclusion into the 2020/21 annual planning and budget process. This included \$1.2m for security, surveillance and community safety programs.

This list has informed the Long Term Financial Plan and the Corporate Business Plan which, in turn, informs the draft budget. The expenditure amounts in the COVID-19 Rebound Strategy are indicative until the draft budget is approved by Council at the meeting held on 4 August 2020.

## Policy references

There are no policy references relevant to this report.

## Comments

While this item relates directly to the Economic Rebound Strategy, it speaks to a broader need and demand for a safer city. Approval of this report will increase perceptions of safety, deter criminal and anti-social behavior through increased highly visible patrols, and provide assurance to people who live, work in/or visit the City of Perth.

### Officer Recommendation

That Council APPROVE the expenditure of up to \$1,200,000 for the procurement of a contracted security service to supplement the Safe City Security Patrols.

### Committee Recommendation

That Council APPROVE the expenditure of up to \$1,200,000 for the procurement of a contracted security service to supplement the Safe City Security Patrols.

**Voting: Carried 6/0**

### Revised Officer Recommendation

That Council APPROVE the increase of Safe City Security Patrols at a cost not exceeding \$1.2m from September 2020 to June 2021 in the following locations;

1. Hay and Murray Street Malls, Forrest Chase, Perth Train Station Entry to Perth (Wellington Street and Upper Concourse), and William and Barrack Street; and
2. The business, retail and hospitality areas of Northbridge, East Perth, West Perth and Nedlands.

### Reason for Revised Officer Recommendation

The revised officer recommendation provides a timeframe and location details to assist in implementing the decision.

<b>Attachment/s</b>	Attachment 6.6A – Danjoo-Treaty between the City of Perth and representatives of the Whadjuk Nyoongar City of Perth Elders Advisory Group

### Purpose

To seek endorsement of the Danjoo-Treaty between the City of Perth and representatives of the Whadjuk Nyoongar City of Perth Elders Advisory Group and other Aboriginal people who have a connection to this place.

### Background

In February 2018, the City endorsed a Reflect Reconciliation Action Plan (RAP) as a part of its commitment to developing strong relationships with the Aboriginal community and increasing the level of engagement with Traditional Owners and the City. The RAP was developed through extensive consultation with Aboriginal Elders and the Aboriginal and Non- Aboriginal community and articulates their vision for reconciliation in the City of Perth. The City's RAP has supported the City to deliver on its commitment towards reconciliation, whilst developing relationships and partnerships, and working towards creating social and economic opportunities for Aboriginal and Torres Strait Islander peoples.

To assist monitor and track the progress of the RAP, as well as consult on relevant actions, the City has developed a City of Perth Elders Advisory Group, *The Bridya's*. The Bridya's comprise Traditional Owners of Whadjuk Nyoongar Elders and Elders from across Western Australia. The Elders are the Bridya's (bosses) and as such are recognised, valued and honoured by the City as heads of the Aboriginal community.

The City's Chief Executive Officer and the Elders meet multiple times a year and have 'boss to boss' conversations to provide updates and to connect back to the wider community and keep the City accountable for the delivery of the actions in the RAP.

## Details

Action 9.1 in the Reflect RAP stated: *‘Investigate and consider a Treaty between City of Perth and the Whadjuk Nyoongar people’*. Through the investigation of this action with the Elders, it was determined the Treaty would form the guiding principles which would underpin the desired culture of the City of Perth and its Reconciliation Action Plans, both current and future. The Treaty outlines the principles for the City in how it will work with the Aboriginal community for the future. The actions for this future are articulated in the RAP for the City to deliver on its commitment to reconciliation.

Through consultation with the City of Perth Elders Advisory group on this action, the scope was defined for the City of Perth to seek quotations from suitably qualified and experienced Aboriginal consultant/s to assist in the development and writing of the Treaty between the City of Perth and the City of Perth Elders Advisory Group. The City engaged Christine Coyne & Associates with the support of Robyn Collard to facilitate the engagement, draft the Treaty and translate it into Nyoongar language.

Through a number of engagement sessions with the City of Perth and the Elders, individually and as a group, the content and intent of the Treaty was developed. The draft Danjoo-Treaty (see Attachment 6.6A) was finalised and endorsed by the City of Perth Elders Advisory Group and presented to the City of Perth Chief Executive Officer at a meeting held 18 June 2020.

The Danjoo-Treaty has a succinct, strong clear statement that is sincere and genuine. It does not involve any land use agreement or formal call to action. The Danjoo-Treaty acknowledges Whadjuk Nyoongar people as the Traditional Owners of the land on which the City of Perth is located. It is a commitment by both parties to respectfully work together to improve the future of Aboriginal people and to ensure the true history and culture of Aboriginal people is visible throughout the City of Perth.

The naming of the document was determined by the Elders Advisory Group, and is reflective of its intent as an agreement to establish protocols to work together for the advancement of Aboriginal people now and into the future. Danjoo is the Nyoongar word for “Together” and was selected by the Elders Advisory Group as the appropriate Nyoongar translation for the word “Treaty” and its intent.

The City’s Chief Executive Officer, Murray Jorgensen, has been pivotal to working with the Elders to develop the Danjoo-Treaty, and committed to the Elders to present the Danjoo-Treaty to Council prior to his departure from the City of Perth. It is proposed the Danjoo-Treaty will be executed by the Lord Mayor and CEO after the new Council is elected in October 2020 to demonstrate the Council’s and Administration’s ongoing commitment to working with the Aboriginal community in our continuing reconciliation journey.

## Stakeholder engagement

The development of the Danjoo-Treaty was based on the engagement outcomes with the Elders Advisory Group comprising of 10 Aboriginal Elders, the City of Perth Chief Executive Officer, General Manager of Community Development Alliance and the Alliance Manager Community Services.

The City’s articulated commitment to investigate a Treaty (Action 9.1) in the Reflect Reconciliation Action Plan was based on engagement outcomes with Aboriginal Elders, Aboriginal and non-Aboriginal organisations and Aboriginal and non-Aboriginal Community.

## Strategic alignment

### Strategic Community Plan

This item addresses the community's vision for the future and specifically the following Aspiration and Strategic Objective(s) contained in the Strategic Community Plan 2019 – 2029:

<b>Aspiration:</b>	People
<b>Strategic Objective</b>	1.7 Ongoing acknowledgement, recognition and continuing engagement with the Traditional Owners of city lands, the Whadjuk Nyoongar people
<b>Aspiration:</b>	Partnership
<b>Strategic Objective</b>	6.5 Meaningful and sincere engagement with associations and organisations that represent various interest groups, to facilitate and promote a shared vision for Perth as a city.

## Approval implications

Should the Danjoo-Treaty not be supported, it will have a significant negative impact on the relationship with the Aboriginal community, particularly the Elders. The City of Perth has been working closely with the City of Perth Elders Advisory Group on reconciliation and investigation of the Treaty which involves considerable mutual respect and trust. By not endorsing the Danjoo-Treaty it will significantly impact the relationships formed, the trust built between the City and the Elders and the perception and reputation of the City in the Aboriginal community. The impact may cease progress on Reconciliation initiatives in the future.

## Financial implications

<b>Account type (Operating/Capital/Reserve):</b>	Operating
<b>Current budget:</b>	\$6,000

Financial implications of this report relate to the design and the specialised archival treatment of the Danjoo-Treaty, and any costs associated with the official signing ceremony after the election of the new Council in 2020.

An amount of \$21,250 was expended in 2019/20 to produce the draft Danjoo-Treaty. This amount includes payments to Elders and the consultant's fee to facilitate the engagement, draft the Treaty document and to research and translate the Treaty into Nyoongar language.

## Comments

It is recognised that had the City had a positive relationship built on mutual understanding, respect and trust with the Aboriginal community in the lead up to 2015, the protest camp on Matagarup (Heirisson Island) may never have eventuated; or could have been promptly resolved without force and with positive outcomes for many of the individuals impacted.

Since that time and building on the City's commitment to a Reconciliation Action Plan, strong relationships have been developed with the City of Perth Elders Advisory Group and wider Aboriginal community through ongoing and genuine engagement and action. The Danjoo-Treaty will further demonstrate the City's intention to learn from the past and provide the guiding principles for how we will work together in our continuing reconciliation journey.

### Officer Recommendation

That Council:

1. ENDORSE the Danjoo-Treaty between the City of Perth and representatives of the Whadjuk Nyoongar City of Perth Elders Advisory Group and other Aboriginal people who have a connection to this place;
2. APPROVE the use of the City of Perth common seal on the Danjoo-Treaty between the City of Perth and representatives of the Whadjuk Nyoongar City of Perth Elders Advisory Group and other Aboriginal people who have a connection to this place.

### Purpose

The purpose of this report is for Council to consider the City Amenity Advisory Committee recommendations for initiatives to address homelessness in the City of Perth to support reactivation of the City through the Economic Rebound Strategy.

The City Amenity Advisory Committee met on Thursday 2 July 2020 to review the proposed initiatives and make recommendations to Council.

### Background

On 30 July 2019, City of Perth Commissioners endorsed an Interim Homelessness Plan whilst awaiting the finalisation of the Department of Communities 10-Year Homelessness Strategy to inform a City of Perth Homelessness Strategy. The Department of Communities has released their 10-year Homelessness Strategy: *All Paths Lead to a Home* which articulates the role of Local Government in the delivery of the strategy. The Department of Communities is currently working on an implementation plan which is expected later this year.

The City committed to taking a lead role to support and advocate for the coordination and collaboration throughout the Perth Homelessness Sector (sector) to assist in aligning to the strategic direction required to shift from 'managing homelessness', to 'ending homelessness' in Western Australia. Homelessness is complex, and the challenges presented by homelessness need a consistent, integrated and structured approach. Ongoing and consistent feedback from the City's community, including businesses, has identified addressing homelessness as one of the City's priority's, if not the number one priority.

Stakeholder engagement in the development of the Economic Rebound Strategy has confirmed the need to expedite initiatives to address homelessness in the City of Perth. This is key to the success of reactivation of the City after COVID-19 improving perceptions of safety and addressing the needs of those who have been experiencing homelessness. The City of Perth conducted a rough sleeper count in March 2020 which evidenced approximately 272 people sleeping rough (excluding emergency departments, crisis accommodations and squatting). It is anticipated the actual number is higher and is expected to increase with recent job losses and changes to personal circumstances because of COVID-19. It is anticipated the numbers of people who find themselves sleeping rough will increase again in September 2020 when the Federal Governments Economic stimulus is rolled back, and Job Keeper payments cease, and Job Seeker payments return to pre-COVID amounts.

## Details

Diverse homelessness initiatives across the continuum of homelessness is required to have effective and sustainable outcomes to rough sleeping in the City of Perth. The initiatives required are outlined in the 'Homelessness Initiatives and Economic Rebound' model (Attachment 6.7A) and some have already been identified within the City of Perth's Interim Homelessness Plan.

<b>Initiative / Budget</b>	<b>Action</b>	<b>Proposed Outcome</b>
Drop Pin App (Budget: \$40,000)	Develop a Drop Pin app linked to a community education and awareness campaign. The app will enable members of the public and ratepayers to support better outcomes by connecting outreach workers with people sleeping rough.	As part of Assertive Outreach, members of the public and ratepayers can support improvements of resource efficiency and connecting outreach workers with people sleeping rough. Through the app hotspot locations, trends and movements in the City will be evidenced and resourced according to need (refer Attachment 6.7A, page 3).
Homeless Services Collaboration Model in the City of Perth (Budget: \$10,000)	Undertake facilitated workshops to develop an agreed collaboration model with clear roles, responsibilities and referral pathways in to services in the City of Perth and Inner City. The model and consortium of agencies will align to the Department of Communities No Wrong Door Concept and implementation plan.	A developed consortium of organisations, community groups and government agencies with clearly articulated referral pathways to support connection of people to appropriate services and improved resource efficiencies and collaboration. (Refer Attachment 6.7A, page 2). This developed consortium and model will improve collaboration between Department of Communities, City of Perth, WA Police, Perth Transport Authority and Main Roads. (refer Attachment 6.7A, page 2)
Coordination of Services around young people. (Budget: BAU)	Coordinate existing services to and undertaken research to understand why young people visit the City in the evening and what barriers exist for engaging in youth programming within their home Local Government.	Utilise research undertaken to inform the coordination of services around young people and the development of positive engagement activities and connection to support services as required.

Understand trends and movements of Rough Sleeping in the City of Perth (Budget: BAU)	Develop a consistent and accurate methodology across service units in the City of Perth. The Methodology is required to connect and collaborate with the Drop Pin app.	The data resulting from the methodology will connect to Assertive Outreach and the By Name List, improving resourcing efficiency and great connection of people sleeping rough to the services they need. The data can also demonstrate trends and movement of people rough sleeping in the City of Perth through hotspot mapping according to day and time.
Investigate Safe Spaces (Budget: BAU)	Investigate options for Safe Spaces within the City of Perth for people who chose not to engage in services.	Through the provision of safe spaces, where people who are rough sleeping can visit in the Inner City during the day and evening, there may be a reduction in people begging and sleeping in the City's CBD and town centres during the day and support improved perceptions of safety (refer Attachment 6.7A, page 3).
Extend Assertive Outreach in the City of Perth (Budget: \$450,000)	Contract Assertive Outreach Services to meet the current gap in services provision; after 12.30pm Monday – Friday and during the day on weekends.	Increased assertive outreach can improve case management and connection to appropriate services. The connection with Assertive Outreach workers will also support the continuation and ongoing management of the By Name List (refer Attachment 6.7A, page 4)
Coordination of Services in the Inner City (Budget: \$135,000)	Extend the Accreditation Process and Moore Street engagement hub beyond the initial 12-month trial (due to be completed January 2021) and support the continuation of contracted security service to mitigate issues in the public realm.	Coordination of goodwill groups and service providers operating in the public realm supports the connection to appropriate services, minimise impacts to surround stakeholders, reduces services duplications and improves resource efficient in the sector. (refer Attachment 6.7A, page 4)
Expedition of the By Name List and Project Zero (Budget: n/a)	Support the expedition of the By Name List and Project Zero to understand rough sleeping in the City of Perth and effectiveness of implementation of strategies and actions for people sleeping rough.	Action completed, \$29,909 contracted to Ruah Community Services to expedite the By Name List, as identified to be spent in the 2019/2020 budget and approved by Council at the 26 May 2020 meeting. (refer Attachment 6.7A, page 3)
Improve affordable housing supply in the City of Perth (Budget: n/a)	Support the Housing First Approach and initiatives and actions to increase affordable housing supply in the City of Perth. Support of the Housing First Approach contributes to removing blockages across the Homelessness continuum.	Review Affordable Housing policy and incentives available through planning mechanisms to increase supply is underway. Action complete: \$15,000 awards to Home Hub under the COVID-19 quick response grants. (refer attached A, page 6)

Community Education and awareness (Budget: \$40,000)	Improve Community understanding and awareness around Department of Communities 10 Year Homelessness Strategy: All Paths Lead to a Home, Housing First Approach, Referral pathways and initiatives operating in the sector. Develop a coordinated Communication Plan to support community understanding and awareness.	Community education and awareness support the homeless sector and supports people sleeping rough. Through understanding and knowledge on initiatives with the homeless sector, the community and businesses can play an active role in connecting people to the services they require and provides context to what is being done to address rough sleeping in the City of Perth. (Refer Attachment 6.7A, Page 1)
Provision of service information to people experiencing homelessness and people wanting to help those experiencing or at risk of homelessness. (Budget: \$10,000)	Continue to develop and update the Homeless Services in the Inner-City brochure.	The Homeless Services in the Inner City Brochure is a referral tool which is used by many agencies; hospitals, service providers, goodwill groups and community members to connect people experiencing homelessness with the services they need. The City currently distributes 10,000 brochures per year and the demand for the brochures in 2020 has increased significantly. (Refer Attachment 6.7A, Page 4)

## Stakeholder engagement

Stakeholder engagement was undertaken in the development of the:

Homeless Sector Review (2018);  
 Homeless Sector Review Update (2019);  
 City's Interim Homelessness Plan (2019-2020);  
 City Homeless Framework Committee Action Plan (2018);  
 Accreditation Process of Homeless Services in the Public Realm (2019-2020);  
 City of Perth Community Care Program (2020); and  
 Economic Rebound Strategy (2020).

The City Amenity Advisory Committee met on Thursday 2 July 2020. The initiatives listed above were discussed at this meeting as opportunities to support reduction in rough sleeping in the City of Perth.

## Strategic alignment

### Strategic Community Plan

This item addresses the community's vision for the future and specifically the following Aspiration and Strategic Objective(s) contained in the Strategic Community Plan 2019 – 2029:

<b>Aspiration:</b>	People
<b>Strategic Objective:</b>	1.2 Timely and contemporary community infrastructure and services.
	1.3 Accessible and relevant Community support services and playing a lead role with homelessness.

	1.8 A community that is healthy in its lifestyle and wellbeing, and generous towards helping others.
<b>Aspiration:</b>	Place
<b>Strategic Objective:</b>	2.1 A City that is seen by all as a great place to be.
<b>Aspiration:</b>	Prosperity
<b>Strategic Objective:</b>	4.1 A sustained increase in leisure and business tourism visitation.
<b>Aspiration:</b>	Performance
<b>Strategic Objective:</b>	5.8 Service levels that exceed customer expectations
<b>Aspiration:</b>	Partnership
<b>Strategic Objective:</b>	6.2 Genuine collaboration between the City and State on major projects that add considerable value to the city's economic, social and environmental fabric
	6.6 Collaboration, support and communication with neighbouring local governments, peak industry associations and community groups to optimise outcomes for wider Perth areas service by all these stakeholders.

## Approval implications

Without approval, current actions and initiatives in place to support reducing rough sleeping in the City of Perth remain as status quo. New actions and initiatives to address rough sleeping in the City of Perth will be implemented through the delivery of the Department of Communities 10-year Homelessness Strategy: *All Paths Lead to Home* in the latter half of 2020 and early 2021. Through the Economic Rebound Strategy, the City in collaboration with the Department of Communities and the Homeless Sector, can expedite initiatives to support interim relief and initiatives to address rough sleeping in the City of Perth.

## Financial implications

In June 2020, Council approved a list of Operational Activities and Projects for inclusion into the 2020/21 annual planning and budget process. This list has informed the Long Term Financial Plan and the Corporate Business Plan which, in turn, informs the draft budget.

The operational activities and projects approved by Council included \$1.905m for support and advocacy for people experiencing or at risk of homelessness, including the co-ordination of services and support Networks. This item recommends approving 4 initiatives at a total cost of \$595,000.

Initiative	Proposed budget
Expand Assertive outreach in the City of Perth	\$350,000
Provide culturally appropriate Assertive Outreach Services in the City of Perth	\$100,000
Continue the coordination and accreditation of homelessness services in the public realm and ongoing security at Moore Street	\$135,000
develop and print of the Homeless Services in the Inner-City Brochure	\$10,000
<b>Total proposed</b>	<b>\$595,000</b>

The expenditure amounts in the COVID-19 Rebound Strategy are indicative until the draft budget is approved by Council on the 4th August 2020.

## Comments

The 'Rough Sleeping Initiatives to support Economic Rebound' can be implemented as interim measures to address rough sleeping in the City of Perth. The initiatives and actions can improve the health and wellbeing of people who are rough sleeping, support the reduction of rough sleeping in the city, contribute to positive perceptions of safety and add value to the reactivation of the City of Perth.

The City Amenity Advisory Committee met on Thursday 2 July 2020 to review the proposed initiatives. The Committee deferred part of the officer's recommendation to allow for further discussion to better understand those initiatives prior to a further recommendation to Council. As a result, an alternate Committee recommendation was adopted by the Committee to fund the following four initiatives to a value of \$595,000:

1. expand Assertive Outreach Services in the City of Perth (\$350,000);
2. provide culturally appropriate Assertive Outreach Services in the City of Perth (\$100,000);
3. continue the coordination and accreditation of homelessness services in the public realm and ongoing security at Moore Street (\$135,000); and,
4. develop and print of the Homeless Services in the Inner-City Brochure (\$10,000).

Other proposed initiatives will be re-considered at a further meeting of the Advisory Committee.

### Officer Recommendation

That Council:

1. APPROVES \$695,000 of the \$1.905M identified within the Economic Rebound Strategy for projects and initiatives which respond to homeless within the City of Perth to:
  - 1.1 expand Assertive Outreach Services in the City of Perth (\$350,000);
  - 1.2 provide culturally appropriate Assertive Outreach Services in the City of Perth (\$100,000);
  - 1.3 develop the Drop Pin App (\$40,000);
  - 1.4 continue the coordination and accreditation of homelessness services in the public realm and ongoing security at Moore Street (\$135,000);
  - 1.5 develop a City of Perth No Wrong Door Concept and Consortium of agencies who respond to rough sleeping (\$10,000);
  - 1.6 support the ongoing engagement of Homeless Sector Service Providers during the Economic Rebound period (\$10,000);
  - 1.7 develop and print of the Homeless Services in the Inner-City Brochure (\$10,000);
  - 1.8 develop and implement a community education and awareness program on homelessness (\$40,000).

### Committee Recommendation

That Council:

1. APPROVES \$595,000 of the \$1.905M identified within the Economic Rebound Strategy for projects and initiatives which respond to homeless within the City of Perth to:
  - 1.1 expand Assertive Outreach Services in the City of Perth (\$350,000);
  - 1.2 provide culturally appropriate Assertive Outreach Services in the City of Perth (\$100,000);
  - 1.3 continue the coordination and accreditation of homelessness services in the public realm and ongoing security at Moore Street (\$135,000);
  - 1.4 develop and print of the Homeless Services in the Inner-City Brochure (\$10,000);
2. DEFER the following initiatives to be presented back to the City Amenity Advisory Committee with further information at a future meeting:
  - 2.1 develop the Drop Pin App (\$40,000);

- 2.2 develop a City of Perth No Wrong Door Concept and Consortium of agencies who respond to rough sleeping (\$10,000);
- 2.3 support the ongoing engagement of Homeless Sector Service Providers during the Economic Rebound period (\$10,000);
- 2.4 develop and implement a community education and awareness program on homelessness (\$40,000).

**Voting: Carried 4/0**

### **The Committee's reason for varying the Officer's Recommendation**

The Committee deferred part of the officer's recommendation to allow for further discussion to better understand those initiatives prior to a further recommendation to Council.

### **Implication of the changes to the Officer's Recommendation**

The Committee recommendation is supported.

<b>Attachment/s</b>	Attachment 6.8A – Draft Neighbourhood Place Planning and Engagement Policy

### Purpose

The purpose of this report is to consider the adoption of a Neighbourhood Place Planning and Engagement Policy.

### Background

The City's Strategic Community Plan (SCP) identifies 'place' as one of six aspiration areas and articulates detailed objectives focused on place supporting four of the six aspirations. These objectives are closely reflective of the community's ambition to work with the City in a more active and collaborative capacity that realises the unique potential of different areas of the city. The Draft City Planning Strategy identifies six distinct neighbourhoods within the Perth local government area. This broad community aspiration and strategic direction identifies the need for a place-based approach to the planning, engagement and management of the city's neighbourhoods.

In April this year, Commissioners provided feedback on a discussion paper exploring options for the development of a place-based approach to neighbourhood planning and engagement. The consensus was that a responsive, agile and bespoke framework would be developed, rather than an issue-specific neighbourhood strategy. This framework is to be developed in parallel with the development of the City Planning Strategy, which forms an integral part of the place-based approach. Detailed feedback and principles have been incorporated into the draft policy (Attachment 6.8A).

Place based approaches have been embraced successfully by other local governments and cities all over the world. The City's framework will be tailored to Perth, responding to the specific needs of our community, yet it will appropriately adapt existing processes and apply learnings from the mistakes and successes of others.

## Details

Through initial consultation with the community, City staff and Commissioners, the Draft Neighbourhood Place Planning and Engagement Policy proposes a bespoke, place-based neighbourhood framework that sits within the broader city-wide context and responds to the diverse communities and urban fabric that create the character and heritage of each distinct neighbourhood place. It outlines a set of key principles that will form the foundation of the City's working relationship with its community into the future.

Intrinsic to this approach is collaborative, ongoing, meaningful and sincere engagement between the City and the community. The City will work with the community to identify opportunities to enhance city neighbourhoods' unique sense of place, encourage economic activity, social wellbeing, cultural identity, and ongoing development. The overarching goal is to put the community at the centre of creating quality public spaces and services that contribute to people's health, happiness and wellbeing; to build a vibrant, connected and progressive city.

The approach is governed and implemented through the Neighbourhood Place Planning and Engagement Framework, which comprises a four-part structure:

	Key Mechanism
1. Strategic Context	Neighbourhood Place Plans
2. Philosophy and Principles	Neighbourhood Place Planning and Engagement Policy
	Neighbourhood Charters
3. Delivery	Implementation Plan, Service Plans, Community Initiatives
4. Outcomes	Project Outputs, Performance Measurement

The Neighbourhood Place Planning and Engagement Framework is informed by the City's Strategic Community Plan and City Planning Strategy and sits alongside and within the Integrated Planning and Reported Framework as a collection of area specific plans. As such, it feeds into and from the Community Vision and Aspirations, Corporate Business Plan and informs four year plans. Strategically, it comprises a number of bespoke neighbourhood plans and precinct plans. Details are outlined in the Draft Policy (Attachment 6.8A).

Templates are in development for the Neighbourhood Place Plans and Neighbourhood Charters, which will also be put to the community for comment and input. These templates will be used as a springboard for conversation with our community alongside Neighbourhood Profiles as we move through delivery phase, to ensure we are capturing each neighbourhood community's unique vision, aspirations, initiatives and project goals in a consistent manner.

Delivery phase is expected to formally commence in early October following the adoption of the Policy, however, the framework acknowledges that it is necessary to be responsive and agile in working with our community and much of the City's existing planning and engagement is already moving towards a neighbourhood approach. This facilitates learning, growth and continuous improvement.

## Stakeholder engagement

Stakeholder engagement and community participation are integral to the development of a Neighbourhood Place Planning and Engagement Policy and Framework. An Engage Perth page has been created to inform the community about the proposed framework and invite any early engagement or commentary. The City has also had unsolicited, informal feedback from neighbourhood groups and relevant stakeholders regarding their challenges, aspirations and vision for neighbourhoods in response to the development of the Draft City Planning Strategy and other key City initiatives. This initial feedback has informed the content of the Policy and the details of the framework.

In accordance with the Council Policy Framework, a 21-day community consultation process will be undertaken in early August, following the adoption of the recommendations in this report.

## Strategic alignment

### Strategic Community Plan

This item addresses the community's vision for the future and several objectives across the six Aspirations contained in the Strategic Community Plan 2019 – 2029. Most specifically, it aligns with the following Aspiration and Strategic Objective:

<b>Aspiration:</b>	Place
<b>Strategic Objective:</b>	2.8 Individual precincts enjoying a unique sense of place, bespoke service delivery and governance arrangements.

Beginning the process to adopt a Neighbourhood Place Planning and Engagement Policy and endorse a Neighbourhood Place Planning and Engagement Framework is a significant step in the City's strategic realignment to a neighbourhood approach, which is a strategic objective embedded throughout its Strategic Community Plan and Draft City Planning Strategy and will also be embedded in its operations through cultural change and continuous improvement.

## Legal and statutory implications

### Connection with mandates in the *City of Perth Act 2016*

8(1)(h) - to nurture and support the initiatives and innovations of the diverse precincts of Perth city

## Risk implications

Impact of decision	
Organisation	High
Community	High

Risk domain	Consequence	Likelihood	Risk rating
Reputation and External Stakeholders	Moderate	Unlikely	Medium
Service Delivery/Strategic Objectives	Major	Unlikely	Medium

Failure to implement a neighbourhood place framework and policy that sufficiently engages and empowers the community would elicit concerns from a cross-section of the public and possibly metro-based media, which would impact the City's reputation and stakeholder relationships. However, the 21-day public consultation period and supporting community participation initiatives sufficiently address this risk.

Implementation of the framework after the final policy is adopted will likely have an impact the City's operating model and service delivery, in that organisational and cultural change will be required to work in a new way with the community, as is outlined in the Draft Policy under the "Neighbourhood Place Planning and Engagement Principles," and will be further developed through community consultation. However, integration with the Corporate Recovery Implementation Plan, including the organisational cultural change process already underway, will ensure that the organisation can make the change smoothly and effectively. Failure to deliver and implement a neighbourhood place framework would significantly impact the City's ability to meet some important objectives, specifically, there are five objectives of the City's Strategic Community Plan that reference "place" or "sense of place" and will depend on a neighbourhood approach.

## **Approval implications**

If the recommendation to receive the draft Council Policy – Neighbourhood Place Planning and Engagement and initiate a public consultation period is not adopted, Council will need to consider an alternate option for addressing the identified need for a place-based approach to the planning, engagement and management of the City's neighbourhoods. Key decision-making considerations include: an existing sense of urgency within the community to take action and deliver an approach as soon as possible; the level of community and stakeholder engagement to date; and the significant strategic implications associated with the approach.

## **Financial implications**

There are no financial implications to this report. The resource requirements for implementation of the six bespoke Neighbourhood Place Plans will be identified during the development of these plans. It is expected that current staff will have the capacity to implement the plans, in collaboration with the community.

## **Policy references**

1.2 Community Consultation  
1.3 Community Participation  
Council Policy Framework

## **Comments**

The drafting of a neighbourhood policy is the first step on what will be an ongoing journey of working with our community to establish and continually improve a framework for neighbourhood place planning and engagement. This framework will set out how we will work together in responding to today's challenges and opportunities and in planning for the future. It will set the governance model for decisions and the approach for implementation. It will also set the ethos and ambition of all parties for our future relationship. It is a positive indication by the City of our intent to collaborate with, and empower our community.

## Officer Recommendation

That Council ENDORSE the draft policy - Neighbourhood Place Planning and Engagement as detailed in Attachment 6.8A for the purpose of community consultation.

<b>Attachment/s</b>	Attachment 6.11A – Draft Council Policy – Motor Vehicle and Transport Services for the Lord Mayor

### Purpose

The purpose of this report is for Council adoption of the draft Council Policy – Motor Vehicle and Transport Services for the Lord Mayor.

### Background

At the Ordinary Council Meeting on 26 May 2020, Council resolved to endorse the draft Council Policy – Motor Vehicle and Transport Services for the Lord Mayor, for the purposes of community consultation. The public consultation period has now concluded.

### Details

As outlined in the report to Council for the Ordinary Council Meeting of 26 May 2020, the policy seeks to provide guidance and transparency on the provision of transport services for the Lord Mayor.

The principles of effectiveness, efficiency, consistency with community expectations and industry practice have guided the draft policy.

### Stakeholder engagement

The public consultation period commenced on 3 June 2020 and closed on 24 June 2020 via the City of Perth's Engage Perth website. No public comments were received.

### Strategic Community Plan

This item addresses the community's vision for the future and specifically the following Aspiration and Strategic Objective(s) contained in the Strategic Community Plan 2019 – 2029:

<b>Aspiration:</b>	Performance
<b>Strategic Objective:</b>	5.5 A financial business model underpinned by a culture of cost management, best value and strategic financial analysis that is subject to ongoing oversight, transparency and accountability. 5.6 Decision-making that is ethical, informed and inclusive.

## Legal and statutory implications

Section 5.98(2)(a) and (3) of the *Local Government Act 1995* provides for reimbursement of prescribed expenses to council members.

Regulation 31(1)(b) of the *Local Government (Administration) Regulations 1996* prescribe that travel costs incurred to attend council and committee meetings are to be reimbursed.

Regulation 32(1)(c) of the *Local Government (Administration) Regulations 1996* prescribe that a local government may approve the reimbursement of expenses incurred by a council member in performing a function in their capacity as a council member.

Section 7B(2) of the *Salaries and Allowances Act 1975* requires the Salaries and Allowances Tribunal to inquire into and determine the amount of expenses, or the minimum and maximum amounts of expenses, to be reimbursed pursuant to section 5.98(2)(a) and (3) of the *Local Government Act 1995*.

Regulation 8 of the *Local Government (Rules of Conduct) Regulations 2007* prescribes that a council member must not either directly or indirectly use the resources of a local government for any purpose unless authorised under the Act, or authorised by the council or the CEO, to use the resources for that purpose.

### Connection with mandates in the City of Perth Act 2016

8(1)(a) - to provide for the good government of persons in the City of Perth, including residents, ratepayers and visitors

## Risk implications

Impact of decision	
Organisation	Low
Community	Low

Risk domain	Consequence	Likelihood	Risk rating
Financial	Insignificant	Unlikely	Low
Legal and Regulatory/Ethical	Insignificant	Unlikely	Low
Reputation and External Stakeholders	Insignificant	Unlikely	Low

The recommendation represents a low risk.

## Approval implications

Adoption of the policy will result in the City of Perth providing transport services that support the Lord Mayor to fulfil their role.

## Financial implications

The annual cost of providing a vehicle and driver for the Lord Mayor is estimated at \$57,000 per year. The new policy will provide a reduction in operating costs because a City employed driver will not be necessary.

The costs under the new policy will include the ownership and running costs of the vehicle (approximately \$12,000 per year for the current vehicle) plus the cost of any charter vehicles, taxi and ride share usage. The future costs will be dependent on the individual preferences of the incumbent Lord Mayor in terms of the events and functions that they choose to attend. However attendance at 40 events per year would incur less than \$10,000 in charter vehicle costs.

The draft Council Policy should result in an estimated saving of \$35,000 per year.

## Comments

The attached draft Council Policy - Motor Vehicle and Transport Services for the Lord Mayor sets out the Council's intent that the transport arrangements are effective, efficient and aligned with community expectations and industry standards.

### Officer Recommendation

That Council ADOPT Council Policy – Motor Vehicle and Transport Services for the Lord Mayor, as detailed in Attachment 6.11A.

## Item 6.12 – Draft Council Member Allowance and Meeting Attendance Fees Policy

<b>Report author disclosure of interest</b>	Nil
<b>Date of report</b>	16 July 2020
<b>Nature of Council's role</b>	Executive
<b>Voting requirement</b>	Absolute Majority
<b>Attachment/s</b>	Nil

### Purpose

To review Council Policy 10.5 relating to the payment of meeting attendance fees and allowances for elected members.

### Background

Due to the extraordinary circumstances of the suspension of the Council in March 2018, the Commissioners reviewed meeting attendance fees and allowances so as payments to the suspended Lord Mayor and Councillors were either annulled or minimised.

The Minister for Local Government has declared Saturday 17th October 2020 as the date for an election that will establish a new Council.

It is considered timely to review the current policy given this imminent return of elected members to normal governance arrangements.

### Details

Elected members are entitled to meeting attendance fees, provided that the levels of payment lie within the thresholds set by the Western Australian Salaries and Allowances Tribunal.

Council has the discretion to pay meeting attendance fees on a per meeting basis or by way of an annual allowance.

In addition to sitting fees the Lord Mayor is entitled to a general allowance.

The Deputy Lord Mayor, at the discretion of the Council, may also receive an allowance calculated as a percentage of the Lord Mayor's allowance to compensate for occasions where Lord Mayoral tasks are deputised.

### Stakeholder engagement

The draft policy will be advertised for 21 days prior to being given final consideration.

## Strategic alignment

### Strategic Community Plan

This item addresses the community's vision for the future and specifically the following Aspiration and Strategic Objective(s) contained in the Strategic Community Plan 2019 – 2029:

<b>Aspiration:</b>	Performance
<b>Strategic Objective:</b>	5.6 Decision-making that is ethical, informed and inclusive.

## Legal and statutory implications

Division 8 of the Local Government Act 1995 covers the subject matter of this report.

More specifically Section 5.98 (1A) provides that the Salary and Allowances Tribunal under the Salaries and Allowances Act 1975 shall determine the amount payable. Section 5.98 (1) entitles payment of sitting fees and Section 5.98 (5) entitles the payment of the Lord Mayoral allowance.

Section 5.98 A gives Councils the discretion to set an allowance for the Deputy Mayor and Section 5.99 provides discretion (by absolute majority) to pay elected members an annual allowance in lieu of meeting attendance fees.

### Connection with mandates in the *City of Perth Act 2016*

8(1)(a) - to provide for the good government of persons in the City of Perth, including residents, ratepayers and visitors

## Risk implications

Impact of decision	
Organisation	Low
Community	Low

Risk domain	Consequence	Likelihood	Risk rating
Reputation and External Stakeholders	Minor	Possible	Low

Proposing the maximum remunerations levels during the current economic situation may create a reputational risk.

## Approval implications

Should the draft policy be endorsed for advertising the subject matter will be advertised. Feedback from this consultation process will inform considerations on final adoption of the policy at a future Council meeting.

## Financial implications

Costs for the consultation and collation of responses are nominal. The substantive annual cost of the allowances as proposed is as follows:

Mayoral Annual Attendance Fee	\$ 47,516	
Mayoral Annual Allowance	<u>\$ 137,268</u>	
<b>Total</b>		<b>\$ 184,784</b>
Deputy Mayoral Annual Attendance Fee	\$ 31,678	
Deputy Mayoral Annual Allowance	<u>\$ 34,317</u>	
<b>Total</b>		<b>\$ 65,995</b>
Councillor Annual Attendance Fee	<u>\$ 31,678</u>	
<b>Total (x7)</b>		<b>\$ 221,746</b>
<b>Total Annual Cost</b>		<b><u><u>\$ 472,525</u></u></b>

## Policy references

The process of reviewing the Council Member Allowance and Meeting Attendance Fees Policy is guided by the Council Policy Framework Policy which provides for an endorsed draft of the policy being subject to 21 days community consultation prior to final determination.

## Comments

The Salaries and Allowances Tribunal has classified the City of Perth as a “Band 1” local government. Band 1 classifications include major metropolitan local governments such as Stirling, Wanneroo and Joondalup.

The Band 1 range of payments is as follows:

- Mayoral Meeting Attendance Fees: \$615 to \$1,189 per meeting.
- Mayoral Annual Attendance Fee in lieu of Meeting Attendance fees: \$24,604 to \$47,516 per annum.
- Councillor Meeting Attendance Fees: \$615 to \$793 per meeting.
- Councillor Annual Attendance Fee in lieu of Meeting Attendance Fees: \$24,604 to \$31,678.
- Mayoral Annual Allowance: \$51,228 to \$89,753.
- Deputy Mayor Annual Allowance @ 25%: \$12,815 to \$22,438.

Despite the provisions outlined for a Band 1 local government, the most recent Salaries and Allowances Tribunal Determination outlines that the Perth City Council is to set the amount of the annual local government allowance to which the Lord Mayor is entitled within the range of \$61,509 to \$137,268. The annual allowance for the Deputy Mayor is up to 25% to which the mayor or president is entitled (\$15,377 - \$34,317).

Given the status of the City of Perth as Western Australia’s capital city local government and the significant role the Lord Mayor plays in the civic and ceremonial fabric of both City and State it is proposed that all allowances be based at the upper end of the scale.

The payment of an annual allowance in lieu of meeting attendance fees is favoured given the simplicity of calculation and acquittal and the uniformity of payment. It is proposed to apply this annual allowance method.

This accords with the approach taken by most other major metropolitan local governments.

It is also proposed to continue with the quarterly payment regime, three months in arrears.

## Officer Recommendation

That Council ENDORSE the Draft Council Member Allowance and Meeting Attendance Fees Policy (as reviewed) for the purposes of community consultation as follows:

### CP10.5 Council Member Allowance and Meeting Attendance Fees

#### POLICY OBJECTIVE

To remunerate elected members in a manner that recognises and acknowledges the important role they play in governing the City of Perth.

#### POLICY STATEMENT

1. LORD MAYORAL ALLOWANCES
  - 1.1 An annual meeting attendance fee of \$47,516 shall be paid to the Lord Mayor
  - 1.2 An annual mayoral allowance of \$137,268 shall be paid to the Lord Mayor
  - 1.3 A deputy mayoral allowance of \$34,317 shall be paid to the Deputy Lord Mayor
- 2 COUNCILLOR MEETING ATTENDANCE FEES
  - 2.1 An annual meeting attendance fee of \$31,678 shall be paid to all Councillors.
- 3 PAYMENT ARRANGEMENTS
  - 3.1 Payments shall be made quarterly in arrears by electronic funds transfer to a bank account nominated by the elected member.

## Item 6.13 – Marketing and Promotions Advisory Committee - Always On Marketing Campaign Financial Year 2020/21

### Purpose

This report seeks Council approval of a new Always On campaign approach, creative and media strategy for the 2020/21 financial year, following a recommendation of approval by the Marketing and Promotions Advisory Committee on 25 June 2020.

### Background

For the past four years, the City of Perth's paid marketing approach has been four to five short term (six-week) campaigns with bespoke branding under the City of Perth masterbrand. These campaigns have centred around activations and events and have focused on driving visitation and spend over the six-week periods. In between campaign periods, paid marketing activity has been significantly scaled back, or non-existent.

The City's Marketing and Communications Unit recommends moving towards a new approach which sees the City in market all year around with content that is suited to each of its three brands (City of Perth, Visit Perth and Think Perth) and which aligns with the Strategic Community Plan pillars (People, Place, Planet, Prosperity, Performance and Partnerships).

A key driver behind this approach is the recent development of the interim Visit Perth destination brand, the purpose of which is to unearth the human stories of Perth to inspire city wanderlust. This brand has the authenticity to share certain rich content that the corporate brand alone could not tell.

### The Always on approach

The Always On campaign is a 12-month content strategy which uses owned channels including the website and social media to share rich content related to living, working, studying, investing and playing in Perth.

The content is amplified via a paid media schedule and earned PR from the City's Communications team. A base level of activity will be maintained all year around, with certain significant calendar events seeing increased scaled investment, such as Christmas.

## Objectives

The overarching campaign objectives are:

- Grow brand awareness for Visit Perth as a unique and authentic voice for the human stories of Perth to inspire city wanderlust.
- Grow City of Perth, Visit Perth and Think Perth platforms to become the most favoured and reliable sources of content.
- Contribute to 10% increase in annual channel visitation/ following for websites and socials.
- Increase visitation to the city and surrounding precincts to allow businesses to convert these to paying customers

Through achieving these objectives, the Always On campaign will drive long term loyalty, visitation and spend.

## Target audiences

The primary target audience is the local market; all people aged 18+ in the greater Perth region.

The secondary target audience is the intrastate market, focussing on large urban centres.

Content will be targeted to these groups based on interest and behaviours, for example new venues and what's on content for the local market, and itinerary and experience content for the intrastate audiences.

The City's Audience Segmentation project, due in quarter 1 financial year 2020/21, will help to better define new and improved audiences by their actual website behaviours and allow for more refined targeting of audiences.

## Content strategy

A comprehensive content schedule has been developed as a guiding document for the 12-month campaign period. This content plan provides structure around the topics to be covered, however individual content pieces will be fluid and respond to changing market conditions and global trends of the time. A small example of some of the content categories includes;

- Iconic Perth places
- Experience the city
- Welcome to my neighbourhood
- Perth day trips
- Signature event guide
- Late night eats

## Media and creative strategy

The media strategy is dual-layered. A mass media layer will help build brand awareness for the Visit Perth brand. Television will be used for this layer with a branded spot showcasing Perth as a well-rounded destination to live, work, study, invest and play.

A second targeted media layer will provide tactical amplification of the content pillars on digital. A comprehensive, agile media schedule will allow us to plan at a granular level which content will be served to which audiences, on which platforms and to meet differing objectives. We will be able to plan feature content in advance but also respond to changes in the market and capitalise on well-performing organic content posted on the City's channels. This layer will use the Visit Perth brand, as per the branding guidelines, in a templated approach that sees the content seamlessly blending between owned and paid channels ensuring the audience views the content as authentic.

## Stakeholder engagement

Stakeholders were engaged as part of the COVID-19 Recovery and Rebound Project. The following table shows the number of votes received in favour of marketing activities:

<b>Prioritisation of projects as per Stakeholder Feedback:</b>	<b>Keep doing / do more</b>	<b>Do less / don't do</b>
Marketing campaign to support retail sector	65	9
Marketing campaign to support small business sector	65	9
Marketing of Perth as a visitor destination	61	13
Marketing of Perth as a business investment destination	58	16

## Strategic alignment

### Strategic Community Plan

This item addresses the community's vision for the future and specifically the following Aspiration and Strategic Objective(s) contained in the Strategic Community Plan 2019 – 2029:

<b>Aspiration:</b>	Prosperity
<b>Strategic Objective:</b>	Strategic brand positioning for Perth as a city that is internationally recognisable, unique and inviting.

Whilst most aligned to the above Aspiration and Strategic Objective, the Always On campaign intentionally includes content that addresses every one of the six strategic pillars. From sharing the unique stories of Perth (People) to showcasing upcoming city developments (Prosperity).

## Legal and statutory implications

### Connection with mandates in the *City of Perth Act 2016*

8(1)(g) - to strengthen Perth's reputation as an innovative, sustainable and vibrant city that attracts and welcomes all

## Risk implications

<b>Impact of decision</b>	
Organisation	Medium
Community	Low

<b>Risk domain</b>	<b>Consequence</b>	<b>Likelihood</b>	<b>Risk rating</b>
Service Delivery/Strategic Objectives	Moderate	Possible	Medium
Reputation and External Stakeholders	Moderate	Likely	Medium

## **Approval implications**

If the Always On approach isn't approved, the City is unable to be in market with any paid promotion until a new campaign plan is developed and presented. This will have implications for the businesses in the city who are struggling due to COVID-19 and are relying on paid marketing activity to help drive increased visitation and awareness that businesses are open.

## **Financial implications**

In June 2020, Council approved a list of Operational Activities and Projects for inclusion into the 2020/21 annual planning and budget process. This list has informed the Long Term Financial Plan and the Corporate Business Plan which, in turn, informs the draft budget.

The operational activities and projects approved by Council included \$2.8m for a marketing campaign to promote Perth as safe and open. This item recommends spending \$1.15 million on the Always On campaign over 12 months.

The expenditure amounts in the COVID-19 Rebound Strategy are indicative until the draft budget is approved by Council on the 4th August 2020.

## **Comments**

Officers recommend the Always-On approach as the best way forward for ensuring presence in market all year around, resulting in long term brand awareness for Visit Perth and sustained visitation to the city. The new approach will replace the previous marketing approach of short term, tactical campaigns under the corporate brand which did not integrate with the destination marketing brand of Visit Perth.

The Marketing and Promotion Advisory Committee approved the recommendation at their meeting on 25 June 2020, subject to ongoing review and continuous improvement of the creative and media approach as well as the implementation of the future Brand Perth project into the City's destination marketing.

### Officer Recommendation

That Council APPROVES the Always On marketing campaign, creative and media approach for the financial year 2020/21.

### Committee Recommendation

That Council APPROVES the Always On marketing campaign, creative and media approach for the financial year 2020/21, subject to ongoing review and continuous improvement of the creative and media approach as well as the implementation of the future Brand Perth project into the City's destination marketing.

**Voting: Carried 10/0**

### The Committee's reason for varying the Officer's Recommendation

To acknowledge the need for ongoing review of the creative and media approach to continuously improve and respond to changing market conditions, including adapting the campaign as the Brand Perth project is implemented.

### Implication of the changes to the Officer's Recommendation

Limited impact. Reviewing and adjusting campaigns is best practice and is anticipated when commencing a campaign.

## RESOLUTION TO PREPARE AMENDMENT TO LOCAL PLANNING SCHEME

### CITY OF PERTH

---

### CITY PLANNING SCHEME NO. 2

---

### AMENDMENT NO. 45

RESOLVED that the Local Government pursuant to section 75 of the *Planning and Development Act 2005*, amend the above Local Planning Scheme by:

1. Inserting a new Special Control Area under clause 39(1) as follows:

(ff) 11 and 27 Newcastle Street Special Control Area.

2. Inserting the following in Schedule 8 Special Control Areas:

#### **32.0 11 and 27 Newcastle Street Special Control Area**

##### **32.1 Special Control Area**

The following provisions apply to the land marked as Figure 32 being 11 and 27 Newcastle Street Special Control Area.

##### **32.2 Objective**

To facilitate the development of the Special Control Area as a whole in a co-ordinated manner.

##### **32.3 Plot Ratio**

- a) The plot ratio for the Special Control Area shall be calculated in accordance with the Plot Ratio Plan. The available plot ratio floor area may be distributed across the Special Control Area as if it is one site.
- b) Any bonus plot ratio proposed within the Special Control Area shall be calculated as per the Plot Ratio Plan and the Maximum Bonus Plot Ratio Plan. The available plot ratio floor area may be distributed across the Special Control Area as if it is one site.

### 32.4 Car Parking

- a) For the purpose of determining the tenant car parking allowance for the Special Control Area under the provisions of the Perth Parking Policy, the Special Control Area shall be treated as one lot.
  - b) The tenant car parking facilities located on one site/lot within the Special Control Area may be leased or used by the tenants of another site/lot within the Special Control Area.
3. Inserting Figure 32 – 11 and 27 Newcastle Street Special Control Area into Schedule 8 – Special Control Areas of the Scheme.

SCHEME AMENDMENT REPORT

1.0 INTRODUCTION

The purpose of this amendment to City Planning Scheme No. 2 (CPS2) is to introduce a Special Control Area (SCA) over the land situated at 11 (Lot 100) and 27 (Lot 700) Newcastle Street, Perth (the subject site).

The proposed SCA will allow the subject site to be treated as one site for the purposes of calculating plot ratio and commercial tenant car parking.

2.0 BACKGROUND

2.1 LOCATION

The subject site is located on Newcastle Street, Perth, as shown on the location plan included as Figure 1. A summary of the lot characteristics is provided in the following table.

Table 1: SCA Lot Characteristics

Lot	Address	Volume/Folio	Deposit Plan	Area	Landowner
Lot 100	11 Newcastle Street, Perth (formerly 105 Lord Street, Perth)	2955/887	D76553	6,368m <sup>2</sup>	NEXTDC Limited
Lot 700	27 Newcastle Street, Perth	2974/838	D72440	1,528m <sup>2</sup>	NEXTDC Limited

Figure 1: SCA Location Plan

## **2.2 SITE CONTEXT AND CHARACTERISTICS**

The subject site has frontage to Newcastle Street and Aberdeen Street as well as Lord Street (however the Lord Street carriageway is elevated above the site and direct vehicular access to and from the site to Lord Street is not possible). The broader area is characterised by a mix of commercial, light industrial and residential uses. The site is visually prominent from the eastern approach to the CBD from the Graham Farmer Freeway.

11 (Lot 100) is the location of NEXTDC's P2 complex, with five development approvals granted by the City to date. Currently, a communications pod is operational on site, and nine storey data centre building is under construction and nearing its expected completion in mid-2020.

27 (Lot 700) is located to the west and is currently occupied by a vacant building and accessway that was previously occupied by a hobby store. This lot was purchased by NEXTDC in 2019.

### **3.0 PLANNING FRAMEWORK**

#### **3.1 State and Regional Planning Context**

##### **3.1.1 Metropolitan Region Scheme**

The subject site is zoned 'Central City' under the Metropolitan Region Scheme (MRS) which allows for a broad range of urban land uses at a high density.

##### **3.1.2 Perth Parking Policy 2014**

Under the *Perth Parking Management Act 1999* the site is subject to the Perth Parking Policy 2014 (PPP). The PPP establishes the maximum number of non-residential tenant car bays that can be permitted on a single lot. The PPP also restricts the sharing of commercial tenant bays across different lots.

#### **3.2 Local Planning Strategy**

The City has prepared a draft City Planning Strategy (Strategy). The Strategy has undergone preliminary community consultation, and modifications are now being finalised prior to it being presented to the Council and the Western Australian Planning Commission for approval of formal community consultation.

Under the Strategy, the subject site is identified within one of the growth areas within the Northbridge neighbourhood which are intended to accommodate a higher intensity of mixed-use developments with an emphasis on residential growth.

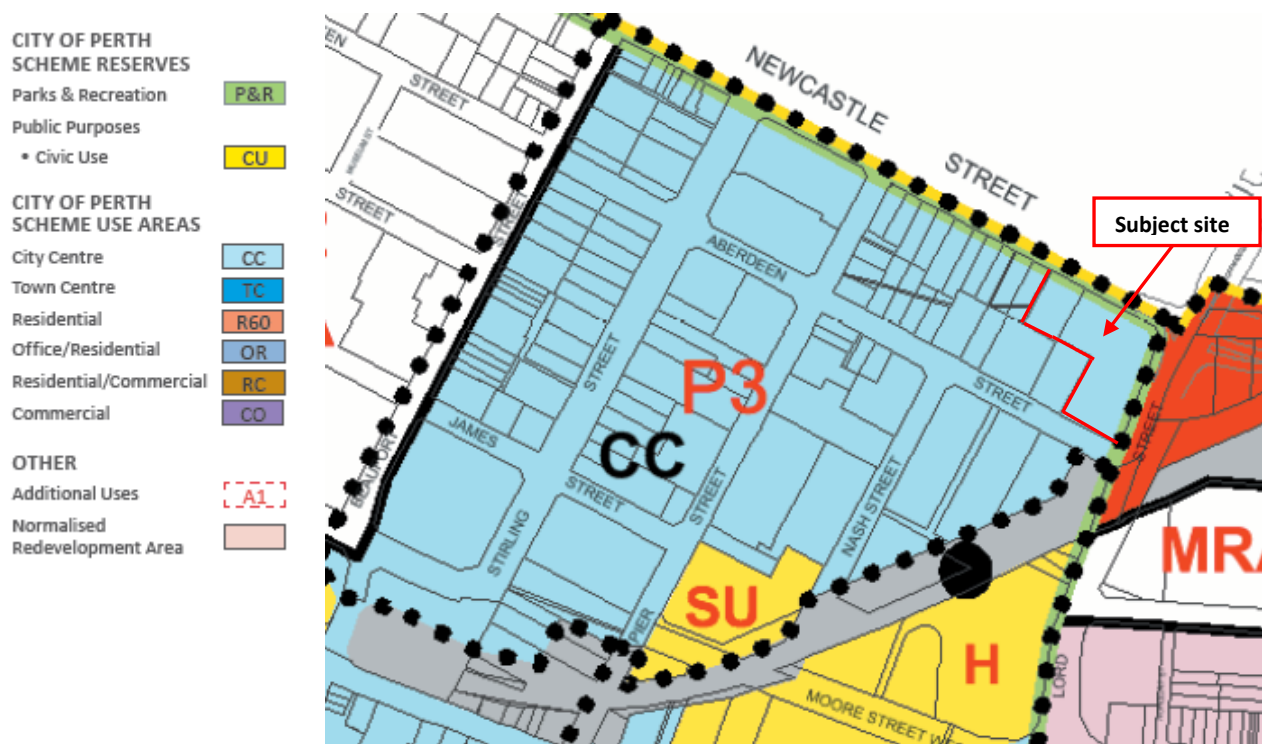

The provision of data centre infrastructure in the City may deliver local economic benefits in terms of employment and businesses opportunities as well as highlighting Perth's potential to contribute to the global digital economy.

#### **3.3 Local Planning Scheme and Policies**

##### **3.3.1 City Planning Scheme No. 2**

The subject site is located within the City Centre scheme use area under CPS2 as shown in Figure 2.

Figure 2: CPS 2 Scheme Map Extract

Under CPS2, the following provisions apply to the subject site:

- Maximum building height 40 metres along the northern portion of the site fronting Newcastle Street and no prescribed height on the southern portion of the site fronting Aberdeen Street.
- Street building height of 21 metres fronting Newcastle and Lord Streets and 14 metres fronting Aberdeen Street.
- Maximum plot ratio of 4.0 : 1.0 for 11 Newcastle Street.
- Maximum plot ratio 3.0 : 1.0 for 27 Newcastle Street.

The use group table of CPS2 lists the following preferred, contemplated and prohibited uses within the Stirling Precinct (P3) as they apply to the subject site:

- Preferred uses: Business Services; Home Occupation; Office; Special Residential; and
- Contemplated uses: Civic; Community and Cultural; Dining; Education 1 and 2; Healthcare 1 and 2; Industry – Light, Service and Cottage; Mixed Commercial; Recreation and Leisure; Residential; Retail Central, General and Local; Storage; and
- Prohibited uses: Residential (street frontage at pedestrian level) and Special Residential (street frontage at pedestrian level).

### 3.3.2 Stirling Precinct (P3)

The Stirling Precinct Plan (P3) outlines the City's vision for the area and provides guidance on future land uses and built form outcomes with a focus on office, mixed commercial and residential development. Some of the key Precinct Plan intentions for the area are provided below:

*“The Stirling Precinct will develop as an office, mixed commercial and residential area taking advantage of good access to public transport and close proximity to retail and entertainment areas.”*

*“East of Stirling Street new commercial and service industrial uses are appropriate provided they are developed in a manner that is compatible with nearby office and residential uses.”*

*“Development will have a nil street setback and be of a low scale along the street frontage with any additional building height being setback from all lot boundaries. The overall height of buildings will decrease towards Newcastle Street to reflect the existing scale of development on the northern side of Newcastle Street.”*

*“New development will incorporate attractive facades, with open areas such as car parks and servicing areas located behind buildings.”*

*“A continuous, safe, attractive and clearly identified network of pedestrian paths, public spaces and facilities will be provided throughout the Precinct.”*

## **4.0 PROPOSAL**

### **4.1 Overview of Scheme Amendment**

The proposed scheme amendment will introduce a SCA over the subject site. The purpose of the SCA is to facilitate the development of the SCA as a whole, in a co-ordinated manner. The SCA will introduce the provisions to allow the SCA to be treated as one site (as opposed to two lots) when distributing plot ratio and non-residential tenant car parking.

### **4.2 Scheme Amendment Classification**

The Planning and Development (Local Planning Schemes) Regulations 2015 include three categories for amending Local Planning Schemes - basic, standard and complex. The proposed amendment will have minimal impact on the locality outside of the proposed SCA and will not result in any significant environmental, social, economic or governance impacts. Given this, the amendment is considered to be a standard amendment.

### **4.3 Planning Justification**

SCAs provide a mechanism to prescribe development standards for specific sites or areas within the Scheme area to enable a co-ordinated development approach.

The proposed SCA will enable the land to be treated as one site for the purposes of distribution of plot ratio and commercial tenant car parking.

The SCA will not change the overall quantum of plot ratio available on the site but will allow a variation of its distribution, with more plot ratio able to be located to the west than is currently permitted under CPS2. This is considered acceptable as the same building height and setback requirements apply under CPS2 to both lots along Newcastle Street and the redistribution will not necessitate a variation of these. It is noted that the applicant has provided concept plans for the additional building proposed to front this street that indicate compliance with the applicable building heights.

The SCA will also not change the overall quantum of commercial tenant car parking available on the site but will allow more car parking bays to be distributed to the west than is currently envisaged under the PPP. This is unlikely to have a notable impact on traffic movement in the locality.

## **5.0 CONCLUSION**

The proposed scheme amendment is generally consistent with the statutory planning framework provided by CPS2 and will facilitate development of the site in a co-ordinated manner. Given this, the proposed scheme amendment is considered suitable for initiation.

## PLANNING & DEVELOPMENT ACT 2005

### RESOLUTION TO AMEND LOCAL PLANNING SCHEME

#### CITY OF PERTH

---

#### CITY PLANNING SCHEME NO. 2

---

#### AMENDMENT NO. 45

RESOLVED that the Local Government pursuant to section 75 of the *Planning and Development Act 2005*, amend the above Local Planning Scheme by:

1. Inserting a new Special Control Area under clause 39(1) as follows:

(ff) 11 and 27 Newcastle Street Special Control Area.

2. Inserting the following in Schedule 8 Special Control Areas:

**32.0 11 and 27 Newcastle Street Special Control Area**

**32.1 Special Control Area**

The following provisions apply to the land marked as Figure 32 being the 11 and 27 Newcastle Street Special Control Area.

**32.2 Objective**

To facilitate the development of the Special Control Area, as a whole, in a co-ordinated manner.

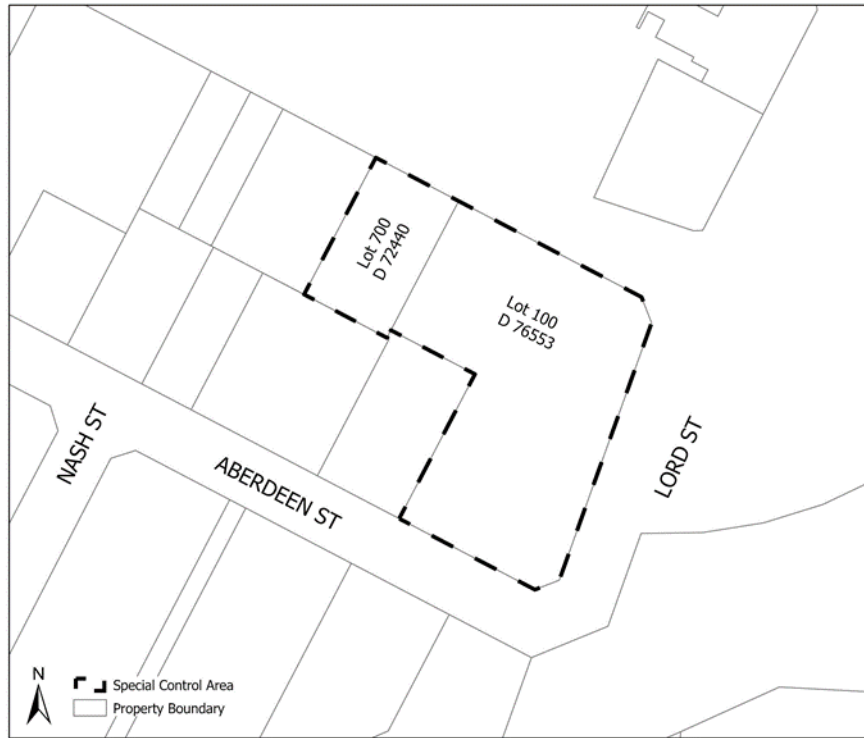

**32.3 Plot Ratio**

- a) The plot ratio for the Special Control Area shall be calculated in accordance with the Plot Ratio Plan. The available plot ratio floor area may be distributed across the Special Control Area as if it is one site.
- b) Any bonus plot ratio proposed within the Special Control Area shall be calculated as per the Plot Ratio Plan and the Maximum Bonus Plot Ratio Plan. The available plot ratio floor area may be distributed across the Special Control Area as if it is one site.

**32.4 Car Parking**

- a) For the purpose of determining the tenant car parking allowance for the Special Control Area under the provisions of the Perth Parking Policy, the Special Control Area shall be treated as one lot.

- b) The tenant car parking facilities located on one site/lot within the Special Control Area may be leased or used by the tenants of another site/lot within the Special Control Area.
- 3. Inserting Figure 32 – 11 and 27 Newcastle Street Special Control Area into Schedule 8 – Special Control Areas of the Scheme.

**Figure 32: 11 and 27 Newcastle Street Special Control Area**

4. Amending the City Centre (CC) Precinct Plan Map (P1-8) accordingly.

**The amendment is standard under the provisions of the Planning and Development (Local Planning Schemes) Regulations 2015 for the following reasons:**

- The amendment would have minimal impact on land in the scheme area that is not the subject of the amendment; and
- The amendment does not result in any significant environmental, social, economic or governance impacts on land in the scheme area.

# Introduction

COVID-19 had a profound impact on the Perth community. The City's COVID-19 Grants and Sponsorship Program has been developed to ensure Perth is positioned to rebound quickly and to support the future wellbeing and prosperity of our city.

As outlined in the City of Perth's COVID-19 Rebound Strategy, the City is committed to supporting initiatives that assist our business and residential communities to rebound from the COVID-19 pandemic.

## The objectives of the COVID-19 Grants and Sponsorship Program are to:

- support local businesses to recover, rebound and prosper;
- drive local visitation and tourism into the city in ways that are safe;
- enhance vibrancy and activation in the city, ensuring there is 'always something on in the city'; and
- support community wellbeing, safety and security and increase community connection and social cohesion.

A comprehensive business support program will assist local businesses to survive, rebound. The Quick Response Small Business Grants and funding to support built form improvement projects, lane-way activation and upgrades and precinct improvements, will ensure local businesses can respond to immediate needs and opportunities.

The City's economy will be assisted through strategic investment in key industry sectors which have

been significantly affected by the pandemic including tourism, retail and hospitality, health, property and education.

Community wellbeing is a core focus of the program as the City recognises that community-led programs build strong and resilient communities and can address key issues at a local level to make our city a better place in which to live, work and visit. The City aims to support programs which build strong, connected and inclusive communities and deliver practical and sustainable outcomes.

Investment in events and other arts and cultural activities are critical to ensure Perth is recognised as a vibrant and dynamic Capital City and to foster an events calendar with widespread appeal that create a feeling of safety and vibrancy within the city, encourages people to support local businesses, and enhances the city's reputation as a great place to be.

The City of Perth aims to innovate and collaborate with our cultural sector community and stakeholders to position Perth as a destination of choice. Quick Response Grants in to support the Events & Activations and the Arts & Cultural industries will help to build sector capacity and drive visitation into the City's retail and hospitality precincts.

# The Local Context

The City of Perth is progressing a city neighbourhood planning approach, in which six distinct city neighbourhoods are defined. The city's neighbourhoods are Central Perth, Northbridge, West Perth, East Perth, Claisebrook and Crawley-Nedlands. Each of these neighbourhoods have distinct identities, opportunities and challenges, which this neighbourhood approach will work towards addressing.

# Eligibility Criteria

**All applications for Grants and Sponsorships with the City of Perth must meet the following eligibility criteria. Additional criteria may apply for individual programs and these are listed under the relevant section.**

**To be eligible to receive sponsorship or grants funding from the City, the applicant must:**

- be a legally constituted entity with an Australian Business Number (ABN) or an applicant that is under the auspice of an Australian legal entity;
- have all appropriate insurances and licenses;
- offer a project or initiative within the City of Perth local government area; or
- if not within the City of Perth local government area, the project or initiative demonstrates a direct impact on the City of Perth meeting its goals under the Strategic Community Plan; and
- be able to demonstrate financial viability without the City's funding (an individual event or project may not be viable without the City's support, however the organisation must be).

**The City will not consider applications from:**

- the Commonwealth, State or any Government Agency;
- an employee of the City of Perth;
- an individual without an Australian Business Number;

- an applicant that has outstanding debts to the City of Perth;
- an applicant that has failed to provide satisfactory acquittal reporting for any previous City of Perth funding;
- an applicant that has already received City of Perth funding (including in-kind) for the same project within the same financial year;
- an applicant that has already applied for City of Perth funding (including in-kind) for the same project within the same financial year and been refused; and
- an applicant that conducts themselves in a way considered to be injurious or prejudicial to the character or interests of the City of Perth.

**The City of Perth will not support:**

- events or projects where the primary purpose is political;
- events or projects that denigrate or exclude parts of the community or have an adverse effect on public health, safety, the environment or heritage; and
- reimbursement of funds already spent.

The City of Perth will support project funding only and will not support recurrent funding or wages and salaries or administrative overheads.

Further details on eligibility and requirements can be found in the City's Sponsorship Policy at <https://www.perth.wa.gov.au/council/reports-and-important-documents/local-laws>

## How to Apply

All applications must be submitted through the City's approved online management portal, SmartyGrants (<http://perth.smartygrants.com.au>).

More information about grants and sponsorship opportunities offered by the City of Perth is available at <https://www.perth.wa.gov.au/live-and-work/grants-and-sponsorship>.

You are required to discuss your application with a City Sponsorship Officer prior to submission to ensure you are applying in the most suitable program.

## Assessment Process

Your application will be assessed against the assessment criteria outlined. Applications are assessed in a competitive environment against other applications received in the relevant category.

The City of Perth regularly receives more funding applications than the available budget allows. Therefore, successful applications are those that best satisfy the assessment criteria.

The City of Perth reserves the right to request further information in considering any application, as well as the right to reject any application that does not meet the eligibility criteria.

Applications are assessed by a minimum two-person assessment panel which may recommend full, part or no funding. This decision is carefully considered with the view

of maintaining the integrity of the proposal.

The City of Perth must comply with the Local Government Act in regards to making information available to the general public. An assessment of your application will form part of the Council Report which is made publicly available on the City of Perth website and subject to potential Freedom of Information (FOI) requests. Please make it known to the Sponsorship Officer if information provided in your application is commercially sensitive so as to protect trade secrets, information that has commercial value, or information about the business, professional, commercial or financial affairs of a person, so this information can be treated as Commercial-in-Confidence.

# Small Business Quick Response Grants

## Introduction

The City is committed to helping the local business community recover and rebound from the effects of COVID-19.

The City of Perth recognises that small business makes an enormous contribution to the vibrancy and energy of the city, and therefore looks to encourage our small businesses to thrive by seeking out new opportunities and developing initiatives to grow. This program will fund measures that will assist businesses to reopen and adapt following the COVID-19 pandemic.

The Small Business Quick Response Grant program has been developed to encourage businesses within the City boundaries to develop capacity, invest in their premises, encourage community visitation, attract new customers, build exposure and ultimately be a financially sustainable business.

The City of Perth aims to engage and work with businesses in the City of Perth local government area who are contributing to Perth's vibrancy, sustainability, growth and employment prospects.

# Other Important Information

## Notification

Applicants will be notified within six weeks of the outcome of their application.

## Letter of Agreement

All successful applicants will be required to sign a Letter of Agreement outlining the funding terms.

## Payment Terms

Reimbursement of an approved grant will only occur upon the submission of official tax invoices and receipts demonstrating that the business has expended the funds and the project has been completed.

All funded projects (excluding training) must be completed within four months of the date of the grant approval, or by the end of the financial year, whichever is first.

Recipients must complete and submit a Claim Form (to be provided to the recipient on grant approval) before the end of the Financial Year (30 June 2021). Invoices and receipts providing evidence that the grant money was spent on approved items and was spent after the grant was approved (not before) must be submitted with the Claim Form. Recipients are required to engage with the City of Perth to provide updates on the use of the grant money (when/if required).

Payments are made 15 days from the end of the month in which an invoice is received by the City.

## Variations

Changes to the project being funded must be by prior agreement with the City in writing only. Supporting documentation may be requested by the City before a variation is considered.

## Permits and Approvals

Funding is subject to the applicant obtaining all relevant permits and approvals. The provision of the grant does not replace the requirements and processes for development and planning approvals.

## Acquittal

Acquitting a grant means accurately reporting on the funded activities and the expenditure of City of Perth funding.

Recipients must provide before and after photographs of the project undertaken using the grant funding, along with a short testimonial that will be used for promotional purposes.

Recipients must acknowledge and promote the City of Perth's funding support on promotional material and/or agree to a publicity opportunity arranged by the City of Perth.

Recipients must allow the City of Perth to publicise information about their business in promotion of the City's Grants and Sponsorships Programs.

# Business Improvement Grants

## Introduction

The City of Perth recognises that businesses and business activity contribute to the vibrancy and energy of the city. The ability to generate new ideas and turn those ideas in to profitable business ventures is critical to drive Perth's COVID-19 rebound, competitive advantage and economic growth.

The Business Improvement Grants Program aims to stimulate and encourage diverse inner-city commerce by supporting new and established local businesses to improve precinct amenity, stimulate business activity and provide direct benefits to the City of Perth community.

"Business Improvement" for the purposes of this Grant, involves improving the economic capacity of a business and/or a property to attract business activity and provide strategic community benefit and an enhanced end-user experience with a focus on the private-public realm interface.

## Funding Categories

Grants will be considered in one competitive funding round in the 2020/21 Financial Year, for business improvement projects or initiatives within the City of Perth local government area.

There are two funding categories

1. Up to \$10,000 (ex GST) - Non-matched funding
2. Up to \$20,000 (ex GST) - Matched funding

## Types of Projects Supported

The following types of projects or initiatives are eligible for Business Improvement Grants:

- Capital works, such as:
  - façade and/or awning (shop front) repairs and upgrades;

- retail/office fit-outs or refurbishments;
- works providing amenity to, and/or improvements interfacing, the public and private realm;
- works required for fire, service and access upgrades to comply with Building Code of Australia requirements;
- lighting projects that achieve aesthetic and amenity outcomes;
- professional fees (payable only after granting of occupancy certificate, or that demonstrate significant progress or enhancement towards achieving occupancy with public benefit opportunities);
- improvements to safety and amenity of a locality or property, including installation of approved security devices and/or alarm systems, CCTV, security lighting and anti-graffiti treatment;
- activation of underutilised space and/or adaptive re-use of a property e.g., vacant upper floors, basements, rooftops and laneways; and
- accredited acoustic audits for eligible venues seeking to offer live music and performance programs.

## Items not Supported:

- business operating costs (e.g., staff wages, rent and utilities);
- consumables (e.g., food and office stationery);
- relocatable equipment (e.g., coffee machines and computers);
- standard operating equipment (e.g., cash registers and EFTPOS facilities); or
- advertising and/or marketing campaigns.

If your project is not listed above, please contact the City of Perth to discuss your project prior to applying in this program.

## Documentation

Your application must include the following documentation to assist with the assessment of your application:

- project scope (including description, design plans and schedule of works);
- business plan (demonstrating financial viability of business undertaking project or initiative);
- documentation supporting demonstrated investment in the city such as:
  - an unconditional lease arrangement for a space within the City of Perth local government area, extending at least two years from the time the application; or
  - evidence of a property owner's intention to develop their property located within the City of Perth local government area, to attract business tenants and employment outcomes for the city; and
- budget and forecasting evidence.

All applicants must also disclose the following:

- any known established relationship between the property owner (or owner representative) and the managing agent or lessee and all quote providers;
- any other funding sought or received from the City of Perth or any other funding body for this project; and
- any development-based incentives received for the property and/or business.

Note: An ABN Lookup search is undertaken on all supplied invoices and receipts.

## Permits and Approvals

Funding is subject to the applicant obtaining all relevant permits and approvals. The provision of the grant does not replace the requirements and processes for development and planning approvals. All relevant necessary planning approvals and building permits must be gained outside of the grant process and will require engagement with the relevant City departments.

## Funding Agreement

Successful applicants will need to sign the Business Improvement Grants Funding Agreement which details the funded project or initiative, approved items and conditions.

## Payment Terms and Grant Acquittal

- All grant funding must be fully acquitted and claimed before 30 June 2021;
- grant funding will be paid as reimbursement of expenditure. Invoices for approved grants will not be processed until the project is complete;
- requests for extension on claiming grant funding should be made before the expiry date (30 June 2021) and may be referred back to Council for determination;
- successful applicants must:
  - provide proof that their own expenditure at least matches the grant funding provided by the City of Perth (for Grants greater than \$10,000);
  - provide proof that money was spent after the application submission date (not before) through invoices and tax receipts;
  - promote the City of Perth's support of their project or initiative e.g., on websites, social media and media releases;
  - provide before and after photographs (or other determined appropriate) of the project or initiative to be used for promotional purposes;
  - provide a detailed testimonial of their experience with the City of Perth in assisting with the project or initiative, to be used for promotional purposes (the City may invite the applicant to record a testimonial to camera); and
  - be available to meet and/or provide updates on the project or initiative as required.

Business Improvement Grants are reimbursements, meaning they are paid after the work on the project or initiative is complete and once acquittal requirements have been satisfied.

Once the project or initiative is complete, you must contact the City and organise a site visit to confirm that the works have been undertaken as agreed, prior to a claim being processed.

# Economic Development Sponsorship

## Introduction

The City of Perth economic landscape has been significantly affected by COVID-19.

Economic Development Sponsorship aims to strategically support the City of Perth's businesses to ensure a strong return to economic performance and assist the City of Perth in its goals to position the city as a thriving centre for business and support commerce, employment, ongoing investment and economic growth.

The City is committed to supporting the rebound, growth and development of established or emerging key sectors that represent strategic importance to the City of Perth's economy.

Through its Economic Development Sponsorship program, the City provides funding toward projects which:

- support skills and training development, including business incubation programs;
- facilitate networking, thought leadership exchanges and linkages between key sectors and stakeholders;
- support the City of Perth to develop competitive advantage through the creation of sector based industry clusters or cooperative programs;
- assist in building long term relationships that provide business and community members with the opportunity to share best practice or promote Perth's expertise with visiting local, interstate & international industry thought leaders;
- attract investment or exposure to new and emerging opportunities or export markets; and
- have the potential to generate long term economic outcomes, such as start-ups, office space occupation, business expansion, employment, increased output, intellectual property and patent generation or research commercialisation, in a key sector.

## Key Sectors

**As part of the City of Perth's Economic Development activities, the City seeks to strategically engage with key industry sectors to assist in nurturing a thriving, diverse and competitive business environment.**

Applications that can demonstrate support of the development of one, or more, of the City's key sectors will receive priority in the Economic Development Sponsorship program, including:

### MINING, RESOURCES AND ENERGY

- promote Perth as an international energy and resources city (including emerging renewable energy technologies);
- promote and showcase local expertise in resource and energy, particularly with regards to technological innovation; and
- foster and strengthen exports, international networks and collaboration in resources and energy, including knowledge-exchange opportunities.

### TOURISM AND HOSPITALITY

- provide business development support for new and/or existing tourism businesses;
- improve the visitor experience within the City and develop workforce skills within the industry;
- assist in tourism product development opportunities; and
- promote a more collaborative approach to tourism industry development in Perth by private and public sectors, to create continuous year-round programs of activity and to position Perth as WA's key gateway destination.

### INNOVATION AND TECHNOLOGY

- facilitate the development of the local innovation eco-system;
- provide business development support, assisting businesses in gaining access to capital for business start-up or growth, exposure to investment venture capital networks, encourage training, knowledge-exchange opportunities and exposure to leading experts for entrepreneurs and start-ups;
- increase the number of knowledge based businesses within the city which diversify and strengthen the city's long-term economic development; and
- encourage wider and stronger professional networks within and between knowledge-based industries.

### RETAIL AND PROPERTY DEVELOPMENT

- activation of underutilised space and/or adaptive re-use of vacant upper floors, basements, rooftops and laneways to achieve CBD revitalisation;
- strategies to improve vacancy rate occupancy;
- support for the property needs of emerging industries; and
- preparation of business cases and feasibility studies that result in occupation of underutilised strategic sites or properties within the City of Perth that can result in public benefit outcomes.

# Arts & Cultural Quick Response Grants

## Introduction

The Arts and Cultural sector has been significantly affected by the COVID-19 pandemic.

The City of Perth recognises that investment in the arts is pivotal to ensuring the cultural enrichment and economic diversity of our City and the importance of nurturing thriving and sustainable cultural, artistic and heritage industries, activities and events that encourage tourism and support the vibrancy of our community.

Through the Arts & Cultural Quick Response Grants, the City will rapidly provide up to \$5,000 in funding to activities and projects that support the arts and cultural sector to emerge from COVID-19 stronger than ever.

Arts & Cultural Quick Response Grants are accessible to a wide

range of applicants and support a broad variety of art forms, creative production and cultural practice including, but not limited to; theatre, dance, film, photography, music, visual arts and multi-disciplinary initiatives realised through research outcomes, professional development, performance seasons, arts industry events, exhibitions, festivals and community arts projects.

## Program Objectives

The Arts & Cultural Quick Response Grants provide funding aimed principally at supporting small to medium arts organisations and individual arts practitioners on projects which lead to opportunities for local artists and support the arts and cultural fabric of the City of Perth.

<b>COVID-19 Rebound Arts and Cultural Sponsorship</b>

### Create

Support creative practitioners to undertake sustained periods of intensive creative development, production, research and/or experimentation.

### Diversify

Support and develop business ideas which will diversify artists' and creative organisations' income streams and lead to long term financial sustainability.

### Access

Increase opportunities for the community to participate in cultural life.  
Connect people in the community through arts and cultural experiences.

### Develop

Support development of the local arts and cultural sector through the provision of professional development opportunities such as skills development, networking, connection and/or collaboration.

Unlike other Arts and Cultural funding programs offered by the City of Perth, it is not essential for a project to result in a publicly accessible performance or exhibition outcome (although this is still welcomed). All applicants, however, must clearly articulate the outcomes and impact of the proposed project or activity on the local arts sector and creative economy within the City of Perth local government area.

## HOW TO APPLY?

### First Step

Contact a City of Perth Sponsorship Officer to discuss your application

## Eligibility

To be eligible to receive an Arts & Cultural Quick Response Grant from the City of Perth, applicants must meet all of the Eligibility Criteria listed on page 6 of these Guidelines.

## Types of Projects Not Supported

- fundraising initiatives;
- projects occurring outside of the City of Perth boundaries; and
- projects that have safety and/or environmental hazards or risks, or are unsustainable in terms of maintenance and ongoing operation.

## Types of Expenditure Not Supported

- salaries, wages or professional fees for staff not directly related to the running of the project;
- capital expenditure such as the purchase or lease of real estate, building, renovation, repair or maintenance of private buildings or purchase of major equipment or material goods such as office furniture, computers or infrastructure that could be relocated;
- debt reduction or operational deficits;
- legal expenses;
- reimbursement of funds already spent;
- interstate and overseas travel expenses; and
- administrative funding.

## Application Process

The City of Perth will accept an application for an Arts & Cultural Quick Response Grant at any time, however decisions will be made on a case by case basis in line with budget and strategic priorities. Please contact a City Sponsorship Officer to discuss your event or project prior to beginning an application.

The City of Perth reserves the right to close the program once the available budget has been exhausted.

## Funding Limits

Grants of up to \$5,000 (excluding GST) are available.

## Maximum Contribution

There is no maximum contribution budget cap for City of Perth support in the Arts & Cultural Quick Response Grant program. This means the City of Perth can provide up to 100% of your project costs (within the funding limit). However, applicants that can demonstrate investment from other public and private sources will be assessed favourably under the Assessment Criteria.

## Assessment Criteria

Eligible applications for Arts & Cultural Quick Response Grants will be assessed against the following criteria:

### Alignment to Arts & Cultural Recovery Objectives

- Demonstrated alignment with one of the key program objectives (CREATE, DIVERSIFY, ACCESS and DEVELOP) as listed on page 26 of this document, within the City of Perth local government area.

### Capacity to Deliver

- Does the individual or organisation have a demonstrated capacity to manage all aspects of the project?
- To what extent are the project plan and budget realistic and value for money?
- To what extent does the project demonstrate financial viability through evidence of support from other government agencies, organisations or other grants or partnerships?

### Cultural Impact

- All applicants, however, must clearly articulate the outcomes and impact of the proposed project or activity on the local arts sector and creative economy within the City of Perth local government area.

# COVID-19 Rebound Arts and Cultural Sponsorship

Applications submitted under the following Guidelines will continue to be accepted and processed by the City of Perth as publicly advertised:

- Arts Grants and Sponsorship Program 2020/21
- Major Events and Festivals Sponsorship 2020/21.

These Guidelines are available on the City of Perth website at <https://www.perth.wa.gov.au/live-and-work/grants-and-sponsorship>

To ensure alignment with the City's Rebound Strategy, applicants will also be asked to address the following additional criteria:

## Economic Rebound and Support for Local Business

- How will your project/event(s) encourage people to support and drive traffic to local Perth businesses in the hospitality, retail and/or tourism sectors?

## Support for Local Employment and Creative Sector

- How will your project/event(s) help to support the local events and/or cultural sectors through opportunities for employment of local practitioners and/or businesses?

## COVID-19 Risk Mitigation

1. What is your contingency plan should restrictions on large gatherings be enforced at the time of your event?
2. How do you plan to build confidence in the public that your event(s) is/are safe to attend?

# Events & Activation Quick Response Grants

The City acknowledges the significant impact that COVID-19 has had on the events industry and aims to support the recovery and rebound of the sector to be stronger and more resilient than before.

Activation and events will be critical in welcoming people back to the city as restrictions on large gatherings are relaxed.

Through the Event & Activation Quick Response Grants, the City will rapidly provide up to \$5,000 in funding to events and activations that have widespread appeal, create feelings of safety and vibrancy within the city, encourage people to support local businesses, and enhance the city's reputation as a great place to be.

## Program Objectives

### Support Local Business

Increase opportunities for local business engagement and drive people into the city to support businesses in the hospitality, retail and tourism sectors.

### Perth #1

Support activation and events which enhance the city's reputation as a great place to be.

### Vibrancy

Enliven the city with vibrant activity and connect people in the community through unique and engaging experiences.

### Safety & Security

Support activation and events which create feelings of safety and security for visitors to the city.

## Funding Levels Available

Grants of up to \$5,000 (excluding GST) are available.

## Maximum Contribution

There is no maximum contribution budget cap for City of Perth support in the Event & Activation Quick Response Grants program. This means the City can provide up to 100% of your project costs (within the funding limit). However, applicants who can demonstrate investment from other public and private sources of will be assessed favourably under the assessment criteria.

## Assessment Criteria

Eligible applicants for COVID-19 Event & Activation Quick Response Grants will be assessed against the extent to which the applicant can address the following criteria:

### Safety and Vibrancy

- To what extent does the event or activation enliven the city with vibrant activity, prioritising public spaces?
- To what extent does the event or activation create feelings of safety and security in the city?

### Supporting Local Business

- Does the event or activation stimulate the local economy by providing opportunities for engagement with local businesses?
- Does the event or activation encourage people to support and drive traffic to local Perth businesses in the hospitality, retail and/or tourism sectors?

### Perth #1

- To what extent does the event position Perth as a great place to be or raise the profile of Perth?

### Event or Activation Delivery and Risk Mitigation

- Does the applicant have a demonstrated capacity to manage all aspects of the project?
- Is the project plan and budget realistic and value for money, and is there evidence of other sources of funding?
- Does the event or activation have measures in place to ensure the health and safety of attendees and staff at the event or activation?
- What is your contingency plan should restrictions on large gatherings be enforced at the time of your event?
- How do you plan to build confidence in the public that your event(s) is/are safe to attend?

# Event Sponsorship

The City of Perth recognises the importance of a diverse event calendar that delivers social and economic benefits to support our vision to be a vibrant, connected and progressive City. The City's Strategic Community Plan includes the aspiration for a safe, activated and welcoming City that celebrates its diversity and sense of community, providing a unique educational, cultural, sporting and lifestyle offer.

To contribute to this vision, the City supports events that attract increased visitation, encourage broad community participation and create activation of city spaces for residents and visitors to enjoy. The City encourages applications from events that actively engage local businesses and promote new economic and tourism opportunities, which will contribute to mutual benefits and sustainability across not only the events industry, but the City's relevant key sectors and emerging industries.

The City of Perth offers two streams of Event Sponsorship: Community Stream and Commercial Stream. Please contact a Sponsorship Officer before commencing your application to determine the appropriate stream for your event.

## Eligibility

To be eligible to receive an Event Sponsorship, applicants must meet all of the Eligibility Criteria outlined on page 6 of these guidelines.

## Key Dates

The City provides two opportunities to apply for Event Sponsorship each Financial Year. Applications must provide a public outcome within the specified timeframe. All acquittal reporting requirements must be submitted through SmartyGrants within three months of completion of the project.

## COMMUNITY STREAM

Community Event Sponsorships are typically managed by not-for-profit and community based member-organisations.

The events are widely accessible to the public and maintain a core focus on free programming that enlivens and activates the city. Events provide opportunities for the community to connect and often celebrate important cultural traditions and milestones and actively engage and support Perth's diverse communities.

Community Event Sponsorships help to support events that celebrate the spirit of a community, provide opportunities for active community participation, help build opportunities to share cultural experiences with the wider public, and create vibrant and resilient communities.

## COMMERCIAL STREAM

Commercial Event Sponsorships are typically managed under a commercial structure, with revenue generated through commercial sponsorships, ticket sales and other income streams.

The program supports events which activate and enliven the city and are low cost or free to attend. These events should enhance Perth's reputation on a local and state level, encourage increased visitation and deliver increased economic benefits to the City's stakeholders, with opportunities for local businesses to leverage the event.

Sponsorship benefits provided in recognition of the City's support can include commercial leverage, promotion, activation or exposure.

### Event Delivery

- Does the applicant have a demonstrated capacity to manage all aspects of the project?
- Does the event demonstrate financial viability through evidence of support from other government agencies, business or community organisations?
- What is the level and value of sponsorship benefits provided to the City?
- Does the event or activation have measures in place to ensure the health and safety of attendees and staff at the event or activation?

### Optional Criteria

The below are non-essential criteria (optional) based on goals identified in the City of Perth Strategic Community Plan. Applicants who can demonstrate that their project achieves any of these outcomes can receive additional assessment points for each of these criteria.

- To what extent does the event provide experiences that are unique to the City?
- Does the project celebrate Aboriginal culture?
- To what extent are environmental and sustainable practices integrated into the event?
- To what extent does the event demonstrate an inclusive approach?

### COVID-19 Rebound Criteria

To ensure alignment with the City's Rebound Strategy, applicants will also be asked to address the following additional criteria:

#### Economic rebound and support for local business

- How will your project/event(s) encourage people to support and drive traffic to local Perth businesses in the hospitality, retail and/or tourism sectors?

#### Support for local employment and businesses

- How will your project/event(s) help to support the local events and/or cultural sectors through opportunities for employment of local practitioners and/or businesses?

#### COVID-19 risk mitigation

- What is your contingency plan should restrictions on large gatherings be enforced at the time of your event?

### Sponsorship Term

Event Sponsorship Agreements can have a negotiated term of between one to two years, at the discretion of the City and dependant on the quality of the application, the assessment score and the strategic outcomes likely to be achieved.

# Community Wellbeing Grants

The Community Wellbeing Grants are designed to assist the City to rebound and recover post COVID-19 and make our city a better place in which to live, work and visit.

The City of Perth recognises that community-led projects, programs and services build strong and resilient communities and can address key issues at a local level.

Community Wellbeing Grants offer up to \$20,000 to facilitate a diverse range of projects, programs and services that help build strong, connected and inclusive communities and deliver practical and sustainable outcomes.

Funding may be used to assist the development and facilitation of a new community program, expand on an existing program or for other innovative and creative community projects and services that demonstrate clear community benefit and align to the City's Strategic Community Plan.

## Program Objectives

### Connect People

- Encourage increased participation in community and civic life, embracing youth, seniors, people with a disability and people from all walks of life.
- Strengthen social cohesion and belonging.
- Encourage the development of grassroots community networks and relationships.

### Enhance Health and Equality

- Enhance the health of the City's community through improvements to physical, mental and social wellbeing.
- Increase knowledge, change attitudes or modify behaviours to improve health and wellbeing outcomes.
- Facilitate inclusion and equitable access to community life, services and facilities.

### Build Community Capacity and Encourage Collaboration

- Support collaboration between stakeholders who aim to work towards a common goal and share services.
- Increase community capacity to address local needs.
- Promote belonging to a shared heritage;
- Contribute to the City's neighbourhood profile.

Applicants may apply for grants of up to \$20,000 (excluding GST).

## Maximum Contribution

There is no maximum contribution budget cap for City of Perth support in the Community Wellbeing Grants program. This means the City of Perth can provide up to 100% of your project costs (within the funding limit). However, applicants that can demonstrate investment from other public and private sources will be assessed favourably under the assessment criteria.

## Assessment Criteria

Eligible applications for Community Wellbeing Grants will be assessed against the following criteria:

### Community Benefit and Support

- Demonstrated evidence there is community need and a gap in the current level of service delivery.
- The extent to which the project assists in the development of strong and resilient communities and increases participation in community life.
- The extent to which the proposed project has demonstrated broad support from the local community (could include residents, service providers or community groups).

### Alignment to the Program Objectives

- Demonstrated alignment with the program objectives as listed on page 35 of this document.
- Does the project connect people in the community?
- Does the project assist in increasing opportunity and access for all community members?
- Does the project build community capacity and encourage collaboration?

### Capacity to Deliver

- Demonstrated evidence of the applicant's capacity to deliver the proposed project, including:
  - clear and realistic objectives, timeframe and budget;
  - risk management plan;
  - relevant knowledge, skills or experience and access to necessary resources;
  - ability to obtain all appropriate approvals, permits, insurances and licences.

# Strategic Community Wellbeing Grants

Through Strategic Community Wellbeing Grants, the City supports programs and initiatives that align to the Wellbeing Grants Program Guidelines but fall outside of the advertised funding round and exceed the \$20,000 funding limit.

For those projects with a higher cost associated, the City's Strategic Community Wellbeing Partnerships offer up to \$80,000 to facilitate a limited number of projects, programs and services that help to build strong, connected and inclusive communities and deliver practical and sustainable outcomes.

Applicants interested in applying for a Strategic Partnership must discuss their proposal with a Sponsorship Officer. Application in this program is considered under limited circumstances and on a case-by-case basis at the discretion of the City of Perth.

The Program Objectives, Eligibility, Types of Projects, Expenditure Not Supported, and Assessment Criteria are the same as the Community Wellbeing Grants.

## Funding Limits

Applicants may apply for contribution via in-kind or monetary value up to \$80,000 (excluding GST).

## Maximum Contribution

There is no maximum contribution budget cap for City of Perth support in the Strategic Community Wellbeing Partnerships. This means the City of Perth can provide up to 100% of your project costs (within the funding limit). However, applicants must demonstrate that they will be committing resources to the project through in-kind support or investment from other public and private sources.

# Precinct Improvement Matched Funding Grants

As part of the City's strategy for COVID-19 rebound, the City of Perth will look to collaborate with organisations on projects which provide significant community benefit.

Council may, at its discretion, consider matched funding grants of above \$20,000 that involve significant improvements to the public realm (or private realm that is accessible and visible to the public).

Projects must demonstrate that they improve the amenity of the precinct through targeted improvements to public land, privately owned but publicly accessible land or publicly visible external areas.

## Program Objectives

The purpose of the Precinct Improvement Grants program is to provide funding to groups or organisations representing the interests of a local community within a recognised area of significance ('precinct') within the City of Perth's local government area.

The City's support enables applicants to undertake localised development initiatives, place branding and identity and precinct marketing activities, for the benefit of the broader community in the defined precinct area.

Applicants must be able to demonstrate that they have undergone a process of community consultation and stakeholder engagement, with evidence of broad support for the proposed project or initiative, across individual traders and businesses, residents and landowners within the relevant precinct area.

## What is a Precinct?

The City of Perth contains six neighbourhoods:

- Central Perth;
- Northbridge;
- Claisebrook;
- East Perth;
- West Perth; and
- Crawley-Nedlands.

Each neighbourhood contain a number of smaller 'precincts' for example, but not limited to, Royal Street in East Perth, William Street in Northbridge and the East End.

For the purposes of this Grant, the City defines a 'precinct' as a geographical area within the City of Perth local government area that can be considered as an area of significance and which has a unique and distinct identity in the public domain, which could benefit from specific place branding and identity, localised marketing and precinct-based development initiatives. Refer to page 5 for a visual of the City's six neighborhoods.

## Types of Projects Supported

- initiatives and activations that leverage existing City of Perth promotional activities, marketing campaigns, and activations that align with the City's Strategic Community Plan;
- localised marketing, promotional and activation or initiatives for the benefit of the defined precinct area e.g. development of precinct focused internet portals, trader programs or maps, placemaking initiatives that drive awareness and visitation to the defined precinct areas;
- activation of underutilised spaces that may be privately owned but are publicly accessible and where relevant permissions and indemnities have been obtained;
- artistic lighting upgrades;
- laneway activations (with consideration to public access areas);
- public art including murals;
- physical walking trails or interactive wayfinding trails; and
- related creative space projects.

In some instances, semi-permanent or permanent capital works/ improvements projects within the precinct may be considered for grants where such projects are considered to align with the goals detailed in the City's Strategic Community Plan.

Applicants proposing semi-permanent or permanent capital works/ improvements projects must be able to demonstrate:

- that the proposed improvements can be moved (and/or removed) if required at the City's discretion within a mutually agreed timeframe; and
- ongoing maintenance plans for the improvements or capital works and sufficient resources to meet the maintenance obligations specified in that maintenance plan (e.g., the City will not pay for, or resource, the ongoing maintenance of the works paid for under Precinct Improvement Grants).

## Types of Projects not Supported

- capital expenditure for the purchase or lease of real estate, renovation, repair or maintenance of private buildings or purchase of major equipment or material goods for business operation such as office furniture, computers, or infrastructure that could be relocated;
- projects that are within the City of Perth's core remit to deliver as a local government (unless there is strong evidence that the applicant can deliver it for better value and ongoing sustainability);
- new buildings, additions or extensions;
- contributions in full or in part to sub-precinct limited advertising or marketing campaigns (the advertising or marketing must be precinct-wide);
- fundraising initiatives;
- reimbursement of funds already spent;
- interstate and overseas travel expenses;
- one-off events or festivals or recurring annual events;
- projects occurring outside of the City of Perth boundaries;
- projects that have safety and/ or environmental hazards or are unsustainable in terms of maintenance costs and ongoing operational costs;
- projects that denigrate or exclude parts of the community or have an adverse effect on public health, safety, the environment or heritage;
- administrative funding; and
- salaries, wages or professional fees for staff.

To be eligible to receive a Precinct Improvement Matched Funding Grant from the City of Perth, the applicant must:

- be an Australian legal entity with an Australian Business Number (ABN);
- be an incorporated, not-for-profit association established for the purpose of promoting the interests of a local community or section of a local community in the relevant precinct area and be open to a broad membership of individual traders and businesses, residents and landowners. Exceptions for applications from non-incorporated organisations can be considered on a case-by-case basis, in instances where broad community support and benefit can be strongly demonstrated;
- accept legal and financial responsibility for the project or activity;
- have undergone a process of community consultation and stakeholder engagement and provide evidence of broad support of the proposed project or initiative from individual traders, businesses, residents and landowners in the defined precinct;
- disclose any known relationship(s) between the group or organisation, land owners, and all proposed contractors and suppliers;
- not request funding for a project that is the core business and/or the responsibility of other levels of Government;
- provide detailed plans and documentation (including materials and technical aspects), costings and designs of the proposed project;
- demonstrate the ability to deliver the proposed project within the time-frame stipulated;
- demonstrate the ability to coordinate works and timing of improvements with other development sites, City works schedules and City operations (such as waste and cleansing and other access requirements);
- enter into a deed of indemnity for the project, indemnifying the City for all liability related to the proposed works;
- have all appropriate insurances in place prior to commencement of the project, and be able to gain all development approvals, permits and licenses, noting all liability for the proposed project or initiative is to be borne by the applicant;
- demonstrate an awareness of the planning development & building approvals processes that

will be required, and the required engagement with the relevant departments at the City of Perth (noting that provision of a grant does not replace the requirements and process for approval);

- demonstrate matched funding from other sources and ability to provide fully qualified tax receipts and evidence of matched funding (e.g., signed funding agreements); and
- agree to the use of the project for promotional purposes by the City of Perth.

## The City will also not consider applications from:

# Frequently Asked Questions

## 1. Can I assume my project will be funded if it has been funded in previous years?

The City of Perth is committed to ensuring the assessment process is fair and equitable. Recurring annual funding is not guaranteed; your application will be assessed in a competitive environment against all applications received in the relevant category.

The City of Perth recommends you also seek additional funding from other sources. Additional funding sources will strengthen your application.

## 2. How many times can I apply?

Applicants may apply for sponsorship for several projects however each project may only receive sponsorship once in each financial year.

## 3. I want to use a City owned venue. Is this included in my sponsorship?

Organisers are reminded that use of the City's banners, streets, malls, buildings, laneways and reserves is subject to separate application and approval.

Visit [www.perth.wa.gov.au/en/liveand-work/hire-and-bookings](http://www.perth.wa.gov.au/en/liveand-work/hire-and-bookings) for more information.

Organisers are responsible for securing all appropriate permits and bookings.

## 4. Are the details of my application confidential?

No. The City of Perth must comply with the Local Government Act in regards to making information available to the general public. An assessment of your application will form part of the Council Report which is made publicly available on the City of Perth website and subject to potential Freedom of Information (FOI) requests.

Please make it known to the Sponsorship Officer if information provided in your application is commercially sensitive so as to protect trade secrets, information that has commercial value, or information about the business, professional, commercial or financial affairs of a person, so this information can be treated as Commercial-in-Confidence.

## 5. How will I know if my application is successful?

For Quick Response Grants a City Officer will contact you to advise you of the outcome of your application within 21 days.

For applications in all other grants and sponsorship programs a City Officer will contact you in writing approximately 12 weeks (maximum) after the closing date to advise you on the outcome of your application.

## 6. How long does it take to receive funding after my project is approved?

The payment policy for the City of Perth is 30 days from the end of the month in which the invoice is received.

Payment of funding will be made on achievement of milestones linked to project deliverables.

Payments will not be made until the relevant financial year.

# Disability Access and Inclusion

---

Access and inclusion is about ensuring that all public services are available to all community members, including those who have a disability, so that they have the opportunity and choice to participate in all aspects of community life.

To the extent that it is practicable, the applicant is required to provide universal access to sponsored events, as outlined in the City of Perth's Disability Access and Inclusion Plan. The applicant will need to be able to provide a copy of their Disability Access and Inclusion Plan for the sponsored project if requested.

You will be required to report on the accessibility of your project at the conclusion of your project as part of the acquittal report.

A copy of the Disability Services Commission's Guide to Disability Access and Inclusion Plans for Local Government Contractors is available for [download here](#).

# Lobbying of Elected Members

---

Applicants may not lobby, or seek to influence the decision-making of Elected Members, in relation to their submitted funding applications. If, during the period between submitting a funding application and a determination by Council, an applicant seeks to lobby any Elected Member of the City of Perth, or attempts to provide additional information, either directly or indirectly, on any matter relating to the funding application to an Elected Member, the person/organisation may be disqualified and the sponsorship or grant excluded from being considered for approval.

## **Event Description**

Perth Chinese New Year Fair (PCNYF) is a free, annual family event open to the public to celebrate the 2021 Chinese New Year, the Year of the Ox. The event is a colourful multicultural community street carnival showcasing and celebrating Chinese culture and tradition.

The Fair will showcase Chinese culture through food and beverage, performing arts, sports, activities, games and information sharing.

Proposed components of the 2021 PCNYF event include:

- stalls featuring multicultural food, costumes, decorative accessories, community information;
- cultural performances including lion and dragon dances, cultural folk dances, operas, Chinese instrumental orchestra, Taiichi, Qigong, Martial Arts and acrobats;
- youth program featuring contemporary performing art, pop music and opportunity for social networking;
- cultural demonstrations and workshops including Chinese painting and calligraphy, lantern making and paper cutting;
- Chinese folk story-telling, chopsticks etiquette, mah-jong and Chinese board games;
- sports, games and competition including cycling, ping-pong, yoyo, skipping, treasure hunt, hopscotch, "dragon boat racing" and riddles;
- Official Ceremony and multicultural concert; and
- Chung Wah Historical Photo Exhibition in conjunction with the opening of the New WA Museum.

### Change of venue in 2021

Previously the Perth Chinese New Year Fair has been held in Northbridge on James Street (between Mountain Terrace and William Street), Lake Street (between Francis Street and James Street), at the Perth Cultural Centre (James Street Amphitheatre and Museum Plaza) and at the Northbridge Piazza.

Due to extensive road closures and significant Hostile Vehicle Mitigation (HMV) costs, Chung Wah have made the decision to move the 2021 event to a different location. Chung Wah propose that the 2021 event be held at Perth Cultural Centre and the WA Museum precinct (pending confirmation from the WA Museum).

### Impact Reporting

In 2020, the City of Perth engaged Culture Counts to conduct a public survey to measure the sentiment towards the 2020 Perth Chinese New Year Fair, and a local business survey to measure the impact the event had on the businesses on the day of the event.

Key insights from the Culture Counts report included:

- 94% of respondents agreed that the event made them feel safe and welcome;
- 93% of respondents agreed that events like this are important for Perth and the event's cultural significance is an opportunity to engage people from different cultural backgrounds;
- 85% of traders surveyed would like to see similar of events in the area, with 74% being supportive of Chinese New Year Fair;

- On average, traders indicated that their business increased by 28% when compared to a typical Sunday; and
- The event attributed to a total economic impact of \$1.1M.

#### Alignment to the City of Perth COVID-19 Rebound Priorities

The event aims to draw an estimated 20,000 people into the city from the Perth metropolitan and regional areas and generate economic benefit, primarily for local hospitality traders. The event will engage with local business who will have the opportunity to directly participate in the Fair and throughout the 15 days' celebration of the Chinese New Year.

Perth Chinese New Year Fair engages a wide variety of businesses within the events sector providing employment opportunities through various contractors and suppliers (such as security, traffic management, risk management, electricians, stage and sound system contractor, waste management, graphic design, website design, media promotion, photographers, videographers, rides and games suppliers, food vans, artists etc).

#### COVID Contingency Plan

The applicant has submitted information to the City of Perth as to how they would adapt the event should COVID restrictions be reinstated and what measures that they would put in place to ensure the health and safety of attendees and staff.

Chung Wah Association will adopt a COVID-19 Safety Plan in-line with the health advice from the State Government.

Should restrictions be in place at the time of the event, the Fair will be ticketed but free-of-charge (tickets available online) in order to limit attendees according to social distancing guidelines. The event space would be contained by temporary fencing, with specific entrances and exits created to control crowd numbers.

### **Assessment Panel Comments**

The Perth Chinese New Year Fair demonstrates cultural vibrancy in the city. The event will contribute to the City's Strategic Community Plan to make the Perth an activated city that celebrates diversity and creates a sense of community. In addition, the event also aligns strongly with the City's COVID-19 Economic Rebound Strategy, by creating vibrancy within the city, increasing foot traffic to support local businesses and providing opportunities for local businesses to engage with and leverage off the event. This event will assist to re-invent and revive the city.

The Chung Wah managed Perth Chinese New Year Fair has shown longevity and growth and increased capability to manage the event year-on-year. City staff from the Business Development team have undertaken the significant function of managing the business information sessions for stall holders and city businesses involved with / impacted by the event. It is recommended that for the 2021 event, Chung Wah arrange and manage these information sessions with less reliance or expectation on the City to undertake this task. Chung Wah should provide increased focus of time, resources and planning in the areas of business consultation and health and safety approvals.

Due to the change in venue and subsequent budget savings (not incurring road closure or Hostile Vehicle Mitigation costs for 2021) for Chung Wah, the assessment panel were supportive of a \$5,000 decrease to the sponsorship from previous years. The panel is confident that the recommended \$70,000 will enable Chung Wah to deliver a quality event, and grow areas such as theming and presentation, with additional Chinese decoration and installations in the proposed new venue.

The assessment panel felt that this event is a positive opportunity to promote and highlight the City's Chinese sister-city relationship and celebrate the contribution the Chinese community has on Perth's development.

## Assessment Comments

The Festival of Sail has a point of difference and celebrates the city's uniqueness by embracing the riverfront location. The event has become an important part of the city's summer calendar of events and increases vibrancy of the riverfront.

The event aligns with the COVID-19 Economic Rebound Strategy as it provides economic stimulus for hotels, hospitality and retail businesses through national and international visitors, in the form the travelling teams and their accompanying parties. However, with the current border closures in place and no indication as to when borders will reopen, the panel feel that it's unlikely the event will proceed, as stated in their application, with the inclusion of interstate and international participants and visitors. It is recommended that Key Performance Indicators, based on the number of participating interstate and international teams, be factored into the sponsorship agreement to mitigate financial risk to the City.

The event engages numerous local city businesses which receive benefit from the event. Spend within the EQ precinct is also likely to increase from spectators viewing the racing action.

The panel recommends that the applicant provide an increased focus of time, resources and planning on marketing this event so that it is more widely promoted across the Perth. Whilst the city can assist in promoting the event, there should be less reliance or expectation on the City to undertake this task.

City branding on the hull of the yachts provides good exposure however it is recommended that this be changed going forward to Visit Perth branding. This will strengthen the Visit Perth brand objectives of increasing visitation to the city.

Whilst the City strongly encourages a Women's International Regatta, the applicant notes that this would require the full funding request of \$60,000 to be approved. Based on the available funding and prioritisation of events which support the City's COVID-19 Recovery, the assessment panel did not recommend that the sponsorship fee is able to be supported at this high level.

It is also noted that the free sailing activities, which in previous years have been conducted in Elizabeth Quay and proved to be a popular activity, have been moved to inside the Royal Perth Yacht Club grounds. It is felt that by moving this community activation it will now be more insular and not as accessible to the broader community and visitors to the city.

In addition, the assessment panel recommend a \$10,000 decrease in sponsorship funding from the previous year due to COVID-19 priorities and changes in the event format resulting in reduced activation in the city.

## Event Description

PIJF is a three-day music festival featuring a series of high-quality music events with a focus on jazz music and associated music styles.

This event will be made up of a series of ticketed and non-ticketed performances, community events, educational workshops and artist talks under the banner of the 2020 PIJF and presented within Perth city using The Rechabite and the Perth Cultural Centre as the festival hub.

The Festival will have approximately 30 events programmed in and around the Perth city festival hub.

Given the mission of the PIJF is to promote Western Australian grown and developed jazz performers and with the current border and travel restrictions, the majority of performers will be from Perth and Western Australia. The festival, with its international reach and reputation, will allow for collaborations and performances with international and national guest artists via an online component to this year's festival.

Ticketed components that comprise the event are as follows:

Event Name	Ticketed Program at The Rechabite
Date	7-8 November 2020
Estimated Attendance	1,000
Venue	The Rechabite
Ticket Price	\$25, standard and \$20, concession
The ticketed program at The Rechabite will be the main curated program. The program will feature four staggered, 1 hour shows, per evening (Sat & Sun) between two of the venues two performance spaces.	

Event Name	Late Night Swingin' Speakeasy
Date	7 November 2020
Estimated Attendance	100
Venue	The Rechabite
Ticket Price	\$25, Standard & \$20, Concession
<p>The PIJF will return to the roaring 20's by converting The Rechabite into a speakeasy jazz dance hall from 100 years ago. This night will feature two swing jazz big bands positioned on the first level balcony playing non-stop jazz dance music for the 2 hours for lovers of swing dance. The venue configuration will allow for swing dancers to take over the main level, the bands will be positioned on the first level, and seated space will be available on the second level, allowing this two-hour event to offer something for everyone!</p> <p>*Organisers will be monitoring the social restrictions. If social dancing is not allowed, then a similar concert format with two big bands battling each other and without social dancing will be held.</p>	

Event Name	Friday Night Drive In
Date	6 November 2020
Estimated Attendance	500
Venue	TBC
Ticket Price	\$35, Standard, \$20, Concession & \$15, Child
<p>The Friday Night Drive In is a new event component. It will be a way to perform to a larger audience during time of social distancing restrictions (if applicable at the time of event). The drive-in model of performance allows larger numbers to gather (in cars). It also provides a sense of nostalgia and novelty for many.</p> <p>This is planned as the opening night concert with 2-3 bands performing live on stage with the live sound being transmitted to everyone's car stereo via a once off available frequency. Video will also be available via live stream or on a large screen.</p> <p>Organisers are working closely with Activate Perth to secure an ideal venue such as the Concert Hall Car Park or overflow parking at the WACA.</p>	

Event Name	Festival Virtual Portal
Date	6 – 30 November 2020
Estimated Attendance	1,000
Venue	Online – Crowdcast Platform
Ticket Price	\$50, Standard, \$20, Concession & \$10, Child
<p>The Festival Virtual Portal will be an online access point for people to access PIJF concerts, in conversations and special international and national artist performances.</p> <p>A ticketed platform called Crowdcast will be used which will allow Organisers to present a series of concerts and talks to ticket holders who can access the festival content remotely, due to potential restricted audience numbers, live in regional areas or unavailable on that weekend.</p> <p>The Festival Virtual Portal will have the following content:</p> <ul style="list-style-type: none"> <li>- Performances from The Rechabite ticketed program. Some of these will be available to view live and some will be for later viewing.</li> <li>- Friday Night Drive-In Concert</li> <li>- Artist In Conversations</li> <li>- Special performances from international and national artists who we hoped to invite to Perth for the festival.</li> </ul> <p>All this content will be available for the whole month of November which will expand the audience reach during potential venue restrictions.</p>	

Free components of the event consist of the following:

Event Name	The Urban Orchard Community Stage
Date	7 – 8 November 2020
Estimate Attendance	1,000
Venue	The Urban Orchard
<p>A series of curated free public performances. This stage will highlight the exciting talent coming out of ECU / WAAPA, PIJF's Educational partners. The Urban Orchard was identified as a preferred space for these free performances after the 2019 extremely hot (40+ degree) weather. The stage faces in the opposite direction away from the sun for the performers and there is more opportunity for shade for the audience.</p> <p>These free performances will be held between 11am - 6pm.</p>	

Event Name	Artist In Conversations
Date	6 – 8 November 2020
Estimated Attendance	100
Venue	The Alex Hotel & The Rechabite
<p>Artist In Conversations are an interactive forum for the artists (local, national, international) to offer insights into their craft, their process and performance practice. Opportunity will be given to interested audience members to ask questions.</p>	

#### Alignment to the City of Perth COVID-19 Rebound Priorities

The Festival aims to draw an estimated attendance of 2,000 visitors to the city which then leads on to these visitors seeking out food and drink options at local businesses around the Perth Cultural Centre. The Festival itself does not provide hospitality options for its own profit, rather they encourage their audiences to frequent the surrounding businesses. The Perth International Jazz Festival also utilises several local businesses as key festival venues such as The Bird, The Rechabite and Perth Theatre complex.

The festival will primarily employ West Australian musicians, photographers, videographers, audio visual production staff, live music venue staff, and event organisers. Due to border restrictions, more local musicians will be employed this year.

#### COVID-19 Contingency Plan

The applicant has submitted information to the City of Perth as to how they would adapt the event should COVID restrictions be reinstated and what measures that they would put in place to ensure the health and safety of attendees and staff.

The organiser will ensure that health and safety requirements are implemented in line with the Department of Health's regulations. Area capacities can be restricted via a ticketing process and seating configured in venues to ensure social distancing restrictions.

If high-level restrictions are in place at the time of the Festival, in a worst-case scenario, the event can still engage with the Perth audiences through either live streaming or pre-recorded events

### Assessment Comments

An important annual event on the City's calendar of events that continues to grow and develop, and has shown adaptability in its programming by taking into consideration possible Government restrictions due to COVID-19. The Festival is considered to be a unique cultural showcase for the city.

The event delivers world-class local and international performers for the enjoyment of the community. The programming of predominantly WA musicians will provide much needed support for the local arts industry. The diverse program of both free and ticketed events is presented across private and public spaces making it accessible to a broad demographic. Programming across various venues helps distribute patronage and economic benefits.

The event aligns strongly with both the Strategic Community Plan and the COVID-19 Economic Rebound Strategy as it creates vibrancy across many precincts within the city, is widely accessible and encourages local business support and support of the arts sector.

### **Event Description**

The Christmas Pageant is a community event with a parade of colourful Christmas floats and entertainers on the streets of Perth city. The Christmas Pageant has been held in Perth city for 49 years.

The 2020 pageant will be big and bright, featuring 2,000 local performers, cultural groups, marching bands and dance groups, Fat Cat and Santa and Channel Seven personalities.

The event is multi-generational, family-friendly with spectators lining the streets of Perth city to experience the wonder and delight of this annual spectacle.

The Christmas Pageant is a community event which not only celebrates the traditional values of Christmas and the magic of Santa and his helpers, but provides an opportunity for all members of the community, regardless of their backgrounds and beliefs to participate.

The 2019 parade saw 14 cultural groups take to the streets of Perth showcasing their customs and adding vibrancy to the festivities. The parade is also an important date in the calendars of the various dance and performance groups across the State, with some groups travelling from regional centres to take part.

The Christmas Pageant parade down St Georges and Adelaide Terrace activates the City by highlighting its major buildings, Christmas light displays and allowing attendees a chance to venture through the city to reach the route. The broadcast of the Christmas Pageant will showcase the city by using the State Buildings as a backdrop. Channel 7 presenters will regularly cross to different parts of the city and Christmas light displays to highlight the city's activity.

### **Impact Reporting**

In 2019, the City of Perth engaged Culture Counts to conduct a public survey and local business survey, to measure the sentiment towards the 2019 Christmas Pageant. The research also included undertaking attendance count via aerial photos taken from a helicopter to get a more accurate estimate on visitor attendance.

Key insights from the 2019 Culture Counts report included:

- 89% of respondents strongly agreed to the importance of the event happening in the city;
- Attendance grew by 8% more than 2018, with a total attendance of 49,681;
- The event had a total economic impact of \$2.4M;
- 74% of business respondents saw an increase in business activity of on average 18% on the day of the event when compared to regular Saturday nights; and
- 89% of business respondents agreed that they would like to see similar events in the area.

### **Alignment to the City of Perth COVID-19 Rebound Priorities**

The Christmas Pageant aims to draw an estimated 55,000 visitors into the city. Event organisers are committed to engaging with local businesses to encourage them to open on the day and night of the event. This will provide economic benefit to local businesses and help support opportunities for local employment. Seven West Media assets, including social media channels will be used to encourage the public to support these open local businesses when they enter the city before and after the Christmas Pageant. If interstate borders are still closed at the time of the event, a strong focus will be put on promotion within WA's regional areas to encourage visitation to Perth.

### **COVID Contingency Plan**

The applicant has submitted information to the City of Perth as to how they would adapt the event should COVID restrictions be reinstated and what measures that they would put in place to ensure the health and safety of attendees and staff.

To ensure public safety at the event the organisers will:

- engage additional security to enforce social distancing in crowds;

- extend the pageant route to allow more people to spread out and adhere to social distancing restrictions;
- mark out 1.5sqm in crowd spaces on pavement; and
- enforce social distancing with participant groups.

Seven West Media are currently proceeding in-line with the easing of restrictions plan outlined by the State Government.

The following will apply to the event's COVID-19 Management Plan:

- a widespread safety campaign will be put in place to advise the public that the Christmas Pageant will be safe to attend but will also adhere to the current government regulations that are in place at that point in time. A detailed list of all new measures to take place will be communicated to the public for at least one month prior to the event; and
- planning the event based on a number of scenarios which can adapt to the situation at the time.

Should high-level restrictions be in place at the time of the event, Seven West Media would look to find an alternative way to bring the Christmas spirit to the people of Perth. This may include:

- A Christmas Pageant that has social distancing being adhered to along the pageant route;
- an event that is not a pageant but brings Christmas to life for the people of Perth in a more structured format to allow following of the social distancing rules; and
- Seven West Media would work closely with the City of Perth on ideas to bring an alternative event to meet the event's objectives and community expectations.

- Official designation of 'Supporting Partner';
- Logo recognition on all event promotional material and event website;
- Opportunity to display City of Perth signage at the event;
- Inclusion in a social media campaign across all Seven West Media assets including Facebook, Twitter and Instagram accounts;
- Channel Seven will share where possible supporting sponsors social media posts relating to the Pageant and other Christmas activity; and

- Channel Seven agrees to provide float elements (ie. Santa Sleigh) to the City of Perth prior to the Pageant date for the launch of the Christmas in the City campaign.

### **Assessment Comments**

The Christmas Pageant is an important event as part of the City's Christmas calendar of events as it showcases the city and increases the city's vibrancy by connecting communities.

The Pageant is an iconic event that drives a significant number of visitors into the city, providing an opportunity for local businesses to leverage off. City staff from the Business Development team have undertaken the significant function of informing and engaging businesses affected by the pageant route over the past three years. In addition, the Businesses Development team arranged extended retail trading hours via a variation order for the event. It is recommended that for the 2020 event, the applicant again consider the required business consultation as part of the event managers planning, with less reliance or expectation of the City to undertake this task.

The Christmas Pageant strongly aligns with both the Strategic Community Plan and the COVID-19 Economic Rebound Strategy as it delivers an event that is widely accessible and vibrant, and engages with local city businesses.

It was noted that the pageant has operated to the same format for many years and the assessment panel encouraged the adoption of new activities and floats into this year's event. The Christmas pageant has the opportunity to develop and embrace new and exciting initiatives. A recommendation to the applicant is to actively engage with the Aboriginal Community to increase participation.

### Assessment Panel Comments

The World Food Festival is viewed as a positive multicultural event that promotes diversity and provides a great opportunity for communities to come together and share experiences. This event will be important in the COVID-19 rebound to keep communities connected and increase vibrancy in the city.

The event has proven to be successful with year-on-year growth. The Consular Corps have engaged a professional event company to deliver the event operationally, which is viewed positively by the Administration. The assessment panel would like the applicant to consider activation of public spaces in the City in the lead up to the event to promote the event, and potentially considering other locations in future years, for example Supreme Court Gardens or Forrest Place.

**Event Description**

Barn Dance 2020 is a social dance initiative to strengthen community bonds within LGBTIQ people and allies across Perth.

The event will build on the success of the inaugural Barn Dance which was held at Perth City Farm in August 2019. Barn Dance 2020 will be hosted by Miss Barbie Q, with special guests and prize performances. The Mucky Duck Bush Band will provide entertainment.

The event provides an opportunity for people to come together in a safe, community-driven social setting and reconnect with the wider community. The event is inclusive with all facets of the community represented, bringing together many different LGBTIQ groups and demonstrating a strong intergenerational element. In 2019, more than a third of people were aged over 45 years, the eldest being 78 years old.

The event has a core aim of building resilience in the LGBTIQ community through a strong sense of history, diversity and connection, across generations. The event is purposefully held in the winter as there are fewer community events in this season, risking higher levels of social isolation and disconnection at this time.

The event collaborates with other LGBTIQ community groups and services. This involvement helps groups promote their programs, services and activities relevant to the LGBTIQ community.

#### Alignment to the City of Perth COVID-19 Rebound Priorities

Organisers are working with a number of local city business including, Perth City Farm, Connections Nightclub and the Pan Pacific Hotel Perth.

The Barn Dance event will directly support local employment and businesses through the event services. Connections Night Club is offering Barn Dance patrons free entry, which will result in people staying longer in the city.

#### COVID Contingency Plan

The applicant has submitted information to the City of Perth as to how they would adapt the event should COVID restrictions be reinstated and what measures that they would put in place to ensure the health and safety of attendees and staff.

If the restrictions are in place at the time of the event the applicant will consider splitting the event into two separate events or across two venues at City Farm, or if unavoidable, postpone until a later date.

#### **Previous five years City of Perth support and acquittals**

The City of Perth has not previously supported this applicant or project.

#### **Sponsorship Recognition**

Organisers will provide the following benefits for the requested funding of \$6,000:

### Assessment Comments

The event will help strengthen community bonds and in light of COVID-19, this will be more essential than ever. The event has an inclusive approach and proved popular amongst the LGBTQI and wider community in 2019. The assessment panel is confident the event will be popular again in 2020. The event aligns with the COVID-19 Economic Rebound Strategy as it is open to the broader community, will add great vibrancy to the city and has flow-on patronage to city hospitality businesses.

**Event Description**

The Perth Glendi is a two-day festival offering the wider community an opportunity to experience Hellenic culture.

The Perth Glendi is a free, family friendly event which will offer 'A taste of Greece in Perth' to the wider community. A selection of Greek food, cakes, music, dance, arts and crafts, cooking demonstrations and local & interstate market stalls will be on offer.

According to the applicant, the event attracted over 14,000 people in 2018 despite inclement weather.

**Alignment to the City of Perth COVID-19 Rebound Priorities**

The event aims to drive a substantial number of visitors to the city from Perth metropolitan and regional areas which increases spend in the city at retail, hospitality and hotel accommodation.

Local vendors will be used where possible to provide festival facilities and services required to run the event. Local event suppliers such as sound, lighting, marque suppliers, stage, electrical, plumbing etc will be used.

### COVID Contingency Plan

The applicant has submitted information to the City of Perth as to how they would adapt the event should COVID restrictions be reinstated and what measures that they would put in place to ensure the health and safety of attendees and staff.

Dependent on the restrictions, organisers might be required to organise a sessions system allowing only a limited number of people through the Festival at a certain time. If however, gathering sizes are very low the event would need to be cancelled as it would not be financially viable to run.

### **Previous five years City of Perth support and acquittals**

The City has not previously supported this applicant.

In 2016 and 2017, the Perth Greek Glendi was run by the Hellenic Community of WA. This event was supported by the City through an event grant of \$25,000. Thereafter, the event was registered as its own association and run by the Perth Glendi Association of WA.

The Hellenic Community of WA run another festival called the Perth Greek Festival which is held at Russell Square. The City supported this event in 2019 through an event grant of \$25,000. The City has yet to be contacted about this event for 2020.

### **Sponsorship Recognition**

Organisers will provide the following benefits for the requested funding of \$30,000:

### Assessment Comments

The Perth Glendi is a culturally diverse event which provides an opportunity for the broader community to connect through shared experiences of Greek culture. The event is vibrant; with music, dancing and food; and attracts a large number of visitors to the city. This aligns strongly with the assessment criteria and the COVID-19 Economic Rebound Strategy.

The Greek community is an important multicultural community for the City of Perth. The event provides an opportunity to reflect and celebrate the City's Greek sister city's relationship and the cultural heritage of many Greek migrants who have settled in Perth.

**Project Description**

The Teeniest Tiniest Festival will be held in Victoria Gardens at the eastern end of Royal Street, East Perth.

The event will be a festival of tiny stalls, performance and food, including miniature railways, dolls house displays and stalls, a toy dog show and competition, baby animal petting zoo, children's orchestra, bonsai and small succulents by Perth City Farm, mini golf and remote-control speedboat races in Claisebrook Cove.

Local businesses will be invited to participate and either hold stalls or promote their businesses at the event.

A partnership with Perth City Farm will place emphasis on stalls that feature permaculture principles. It will also feature food stalls with a focus on “small food”.

The naming of the festival is designed to attract the attention of attendees and businesses and draw attendees; however, the primary theme is that of environmental sustainability. The event aims to engage the local residential community and local businesses.

The event is designed to be a community event, encouraging residents to learn more about sustainability, to socialise together, to meet other residents, develop new friendships and continue to build community spirit and involvement.

#### Alignment to the City of Perth COVID-19 Rebound Priorities

The event is quirky and the antithesis of most festivals i.e. bigger is best. The novelty element and the proximity of public transport and City of Perth parking will encourage local and visitor attendance.

Where possible, stall holders will be local suppliers and will be offered a reduced participation rate.

#### COVID Contingency Plan

The applicant has submitted information to the City of Perth as to how they would adapt the event should COVID restrictions be reinstated and what measures that they would put in place to ensure the health and safety of attendees and staff.

The contingency plan is to use ticketing to create scheduled time slots pending the restriction level. The performance program would be replicated at two hourly intervals throughout the day.

### Assessment Comments

A well-run event which according to the application attracts considerable visitation to the PCEC and Elizabeth Quay, however it's likely to provide minimal economic benefit to local city businesses. The assessment panel questioned the estimated attendance and felt that it's highly unlikely that an additional 15,000 visitors will attend the 'Maritime and Roads Information Hub'. It's felt that visitors to the information hub will already be attending the main event at the PCEC.

The event is likely to draw limited interstate visitors (should borders be reopen in time for the event) who are showcasing their products but it's unlikely the event will have a significant tourism impact. The assessment panel commented that for the above reasons the event does not align with the COVID-19 Economic Rebound Strategy as it does not strongly support the hospitality, retail and tourism sectors.

The panel's recommendation is to decline the application as the event will proceed, at a profit, without the City's financial support. The Assessment Panel indicated that it is preferential to support events which strongly align with the objectives of the COVID-19 Economic Rebound Strategy.

**Event Description**

The SensAtion Gallery is an exhibition of immersive installations by local artists, designed to entertain and engage visitors, whilst raising awareness of the challenges people with neurological conditions face on a daily basis.

The SensAton Gallery is a collection of installations by local artists who explore the impact the five senses have on our daily lives. Each installation is the artist's interpretation of a particular sense; sight, smell, touch, hearing or taste, and is presented in an exciting, thought-provoking way aimed at producing unique reactions from each visitor.

Visitors' senses are heightened or dulled and questioned in each work, providing personal engagement in the creative ideas of the artist. Also explored are the sensations of balance, time, movement and pain. The works are all interactive and encourage the viewer to contemplate the parallel experience of MSWA members who have sensory impairments or amplifications because of their condition. Often taken for granted, the event aspires to bring these sensations firmly into focus for visitors

The SensAton Gallery is designed for all ages. In 2019 - the inaugural event - ball pits, fluorescent walls, tropical jungles, LED lights and giant mushrooms made for "Instagrammable" moments and numerous posts across social media platforms. Installations for the 2020 event are yet to be confirmed.

The SensAton Gallery will include the following additional ticketed event components:

- Slime making workshops where children aged 4-12 years old have the opportunity to experiment and learn what it takes to make slime, which can then be taken home;
- a painting workshop especially for children aged 8-12 years old; and
- a cooking class in a pop-up kitchen with TV personalities, Anna and Jordan Bruno from 'My Kitchen Rules'.

#### Alignment to the City of Perth COVID-19 Rebound Priorities

The event aims to draw substantial visitation from the Perth metropolitan and regional areas, with many travelling to the city specifically for the event. Last season, the event partnered with city retailers, hotels, tourism organisations and businesses. MSWA stated that this model is likely to be expanded for the 2021 event.

#### COVID Contingency Plan

The applicant has submitted information to the City of Perth as to how they would adapt the event should COVID restrictions be reinstated and what measures that they would put in place to ensure the health and safety of attendees and staff.

MSWA would ensure that gathering limits are strictly adhered to. The Gallery is adaptive and will be able to operate within strict gathering limits. This will be coordinated through ticket sale management and entrance restrictions, looking at limits per hour/per day and staggered entrance times. However, further review of the financial situation will need to be conducted, to ascertain at what point the Gallery becomes unviable based on gathering limits.

### Assessment Comments

Without an identified and secured venue it is difficult to quantify the opportunities for the City to leverage the event to the benefit of local businesses. This proves difficult in assessing how the event aligns with the COVID-19 Economic Rebound Strategy in terms of supporting local businesses.

In addition, the core focus is not on free programming, making the event not widely accessible to the broader community. For the above reasons, the panel recommends the application be declined.

**Event Description**

TEDxUWA 2020: Harmonia is TEDxUWA's annual conference. This year's conference will focus on unconventional ideas and entrepreneurial ventures in a wide range of disciplines including technology, entertainment and design.

The event will feature a line-up of 7-8 speakers, programmed by TEDxUWA's speaker resources department, whose members have been trained by TEDxPerth. The speaker line-up will explore the future in industries such as health care, engineering and technology, education and food.

TEDxUWA has altered their method of delivering events and conferences due to the current COVID-19 pandemic. The event will take place on a social media platform. The applicant felt this will extend their reach across the WA community.

#### Alignment to the City of Perth COVID-19 Rebound Priorities

### Assessment Comments

As the event mode is completely online it is unlikely to provide any flow-on benefits to the city in terms of supporting local businesses. The event is focused on UWA students and has minimal benefit to the wider community. The event does not provide vibrant activity in the city and does not align with the COVID-19 Economic Rebound Strategy. It is therefore recommended for decline.

The Perth Dinghy Sailing Club (PDSC) is a non-profit organisation and is one of the only sailing clubs in Perth that is operated entirely by volunteers.

The objectives of the Club are:

- To encourage and promote the sport of sailing;
- To encourage recreation on the water through sailing;
- To promote, organise and hold sailing regattas and races;
- To promote social activity amongst Members; and
- To provide a clubhouse and other facilities for Members.

### **Event Description**

Perth Waters Coaching Regatta is Western Australia's only coached sailing regatta. The regatta provides a two-day program of racing on the Swan River for a number of class fleets. The event is focussed on youth skiff classes and in previous years has attracted young sailors from regional clubs in Bunbury and Busselton.

Unlike other sailing regattas, where coaching is not allowed during racing, at the Perth Waters Coaching Regatta the coaches actively engage with competitors during racing, offering advice aimed

at improving performance. The focus of the regatta is on skills development and experience and not on podium finishes and prizes are not offered.

The Perth Waters Coaching is an annual fixture on the Western Australian sailing calendar. In previous years the coaches and race officials at the regatta have been largely volunteers. In 2020, subject to sufficient funding, it is proposed to engage visiting professional coaches for each fleet, to give young sailors even more valuable coaching.

PDSC also plans to use the Perth Waters Coaching Regatta to provide training and development opportunities for race volunteers, including race officers, mark-laying teams and aspiring coaches.

Additional free components of the event consist of:

- a Discover Sailing session to show designed to show members of the community, especially children, just how fun, safe, accessible, and affordable sailing is, through a short sail with an experienced sailor; and
- a free public presentation by an internationally distinguished sailor, for them to share their experience with the young sailors attending the regatta as well as members of the community who may be interested.

#### Alignment to the City of Perth COVID-19 Rebound Priorities

The Perth Waters Coaching Regatta is expected to attract up to 130 competitors from across the Perth Metropolitan Area and 10 regional competitors. These sailors will be accompanied by their parents and families. PDSC will work with the City of Perth to provide relevant promotional material to be distributed to all competitors to encourage them to support the local businesses and tourist destinations in Perth.

#### COVID Contingency Plan

Australian Sailing, the peak body for the sport of sailing in Australia, has developed guidelines and other material to advise clubs and individuals of the risks and impacts from COVID-19 and advice regarding the holding of sailing events. Organisers will develop a COVID Safety Plan for the event in accordance with COVID Safety Guidelines provided by the Department of Local Government, Sport and Cultural Industries and Australian Sailing.

Due to the open air, riverfront nature of the event, the event is able to be staged even under social distancing restrictions.

### Assessment Comments

Although the event is open to all it will only draw a very small number of participants as the offering is too niche, this will limit the benefit to the city. The event does not score highly against the assessment criteria and does not strongly align with the COVID-19 Economic Rebound Strategy in supporting local businesses or creating widely accessible vibrant activity. The event is recommended for decline.

**Event Description**

West Aussie Fur Frenzy (WAFF) is a yearly convention for an artistic subculture which focuses on artistic expression of anthropomorphic animal characters in art, also known as 'Furries'. Artists and fans from WA and interstate gather to share ideas, display art, and interact in fun and creative ways. Activities range from artists selling their services and wares, to fans and cos players displaying their creations be it digital art, physical medium art, some even in full body costumes.

The convention provides opportunities for social interaction, games and prizes, an artist market, charity fundraising and educational panels.

Artistic expression at the convention is not limited to a type. There will be displays of digital art, physical medium art (Paint, Pencil, Photography, etc.), Cosplay (Costume and Full Body Suits) and also Music and Performance Art.

Part of the event is the Fursuit Walk, which all cos players and costume enthusiasts don their creations and parade through the local public square.

### Alignment to the City of Perth COVID-19 Rebound Priorities

The event supports local food and beverage businesses along James Street and Northbridge and attendees of the event purchase hotel accommodation at the hotel venue.

### COVID Contingency Plan

The applicant has submitted information to the City of Perth as to how they would adapt the event should COVID restrictions be reinstated and what measures that they would put in place to ensure the health and safety of attendees and staff.

Should gathering sizes be restricted again, the event has the capacity still to run with a lower attendance. The event is able to pivot to an online virtual mode if required.

### Assessment Comments

The event is aimed at a niche audience with very small attendance numbers, and limited opportunities for the wider community to connect. Given that the event is held in a private venue, this limits visibility to the wider community.

The core focus is not on free or low-cost programming which goes against the spirit of the Community Stream program. The event offers little benefit to the City and does not provide significant economic benefit. The event is recommended for decline as it scored poorly in the assessment and does not align with the key priorities of the COVID-19 Economic Rebound Plan.

### **Event Description**

The 2020 Australian O'pen Skiff Championship is a sailing regatta for the O'pen skiff class – skiff dinghy sailing for junior sailors aged 8-16 years old.

Perth Dinghy Sailing Club (PDSC), in conjunction with the Australian International O'pen Skiff Association, will be hosting the 2020 Australian O'pen Skiff Championships on the waters of Mounts Bay, on the Swan River off Perth Dinghy Sailing Club.

The Australian O'pen Skiff Championships will return to Perth for the first time since 2013, when the regatta was hosted by the Royal Freshwater Bay Yacht Club and attracted approximately 60 boats. In 2021, numbers are expected to be similar with approximately 30 boats travelling from interstate.

The championships will comprise a series of Points Score races and Adventure races. The Championship is awarded on the results of the Points Score races. There will be Green, Silver and Gold fleets. Gold and Silver will share the same start line and course area. Silver will sail shorter courses and have a 15-knot wind limit. Green is targeted at sailors that are new to racing and will be conducted on a dedicated small course very close to shore.

Aside from the points score racing, there will be at least one adventure race scheduled for every two days of the event. The object of the Adventure Race is to see the competitors having fun and see the top-level sailors mix with the lower level and the older mixing with the younger.

#### Alignment to the City of Perth COVID-19 Rebound Priorities

The Australian Open Skiff Championship is a national event which is expected to attract over 30 interstate competitors and 10 regional competitors, if travel bans are lifted. The competitors will be accompanied by their families. An estimated 120 people will use local accommodation (most likely in nearby hotels and serviced apartments) and will support local hospitality venues.

#### COVID Contingency Plan

Australian Sailing, the peak body for the sport of sailing in Australia, has developed guidelines and other material to advise clubs and individuals of the risks and impacts from COVID-19 and advice regarding the holding of sailing events.

PDSC will develop a COVID Safety Plan for event in accordance with COVID Safety Guidelines provided by the Department of Local Government, Sport and Cultural Industries and Australian Sailing.

Current COVID restrictions prevent interstate travel and will lead to the cancellation of the event. However, if interstate travel to Western Australia is allowed before the end of 2020 it is expected that the event will go ahead.

### Assessment Comments

The event will draw a very small number of participants, is not widely accessible to the broader community and will be limited in the amount of vibrant activity it delivers. There is no evidence of potential engagement with local businesses and is likely to have insignificant economic impact on local city businesses. The event is recommended for decline as it does not score highly against the assessment criteria and does not strongly align with the COVID-19 Economic Rebound Strategy.

**and**

**Representatives of the Whadjuk Nyoongar City of Perth Aboriginal Elders Group and other  
Aboriginal people who have a connection to this place.**

**Dated xxxxxxxx2020 (date)**

The City of Perth (Boorloo) is situated on Whadjuk Boodjar (Nyoongar Country). This Danjoo-Treaty is to acknowledge Whadjuk Nyoongars as the Traditional Owners of this land. The City of Perth respects and honours the Whadjuk Nyoongar and Aboriginal people from other lands, their stories, traditions and living cultures, reflected on this land, which is ever present.

In the spirit of reconciliation and as an important foundation to the City of Perth's Reconciliation Action Plan, this Danjoo-Treaty aims to:

- ❖ Acknowledge past injustices and commit to working in partnership together to build a better future for all.
- ❖ Build on trust, understanding, listening and learning from each other and hearing each other's voice.
- ❖ Develop protocols of working together in a respectful manner, designed for both parties.
- ❖ Develop relationships that recognise and respect the cultural identities of people from other lands to meet their needs, expectations and rights.
- ❖ Ensure the history of Aboriginal people is visible within the footprint of the City of Perth.
- ❖ Work together in decision-making that guides continuous and innovative change for future generations.
- ❖ Ensure a 'real' voice is given to Aboriginal people that live, work and have a connection to this land and a relationship with the City of Perth.
- ❖ Work together to ensure Perth is a welcoming and culturally safe environment for Aboriginal people in a spiritual, social and physical sense.

This Danjoo-Treaty is written in good faith on behalf of all future generations who will follow in our footsteps.

This Danjoo-Treaty is a responsibility of all parties and an opportunity for us, as partners, to create a better environment within the footprint of the City of Perth that is inclusive and built around principles of mutual respect.

**The spirit of this land will heal and guide us as we walk together.**

# Council Policy Manual

## Neighbourhood Place Planning and Engagement

### Policy Objective

To enable the City of Perth (City) to respond to the unique characteristics, needs and opportunities within each neighbourhood, ensuring close collaboration with the community when making decisions, undertaking city planning and delivering services, infrastructure, activation and other projects.

### Policy Scope

This policy applies to all employees, stakeholders, community members and Elected Members involved in developing or implementing any aspect of the Neighbourhood Place Planning and Engagement Framework.

### Policy Statement

There are six distinct neighbourhoods within the Perth local government area. Within these neighbourhoods there will be certain areas of focus, or 'precincts.' The neighbourhood approach responds to the diverse communities and urban fabric that create the character, heritage and liveability of each distinct neighbourhood place.

These neighbourhoods sit together within the broader city-wide context to form a cohesive whole and meet the City's aspiration of "A well-planned and functional built form environment, promoting world class architecture, appreciation of heritage, diversity of land use and a sustainable, affordable and accessible integrated transport system."

Intrinsic to the neighbourhood approach is collaborative, ongoing, meaningful and sincere engagement between the City and the community; the community being everyone who is invested in a place, whether they are residents, business owners, landowners, workers, visitors, or others both local and further afield.

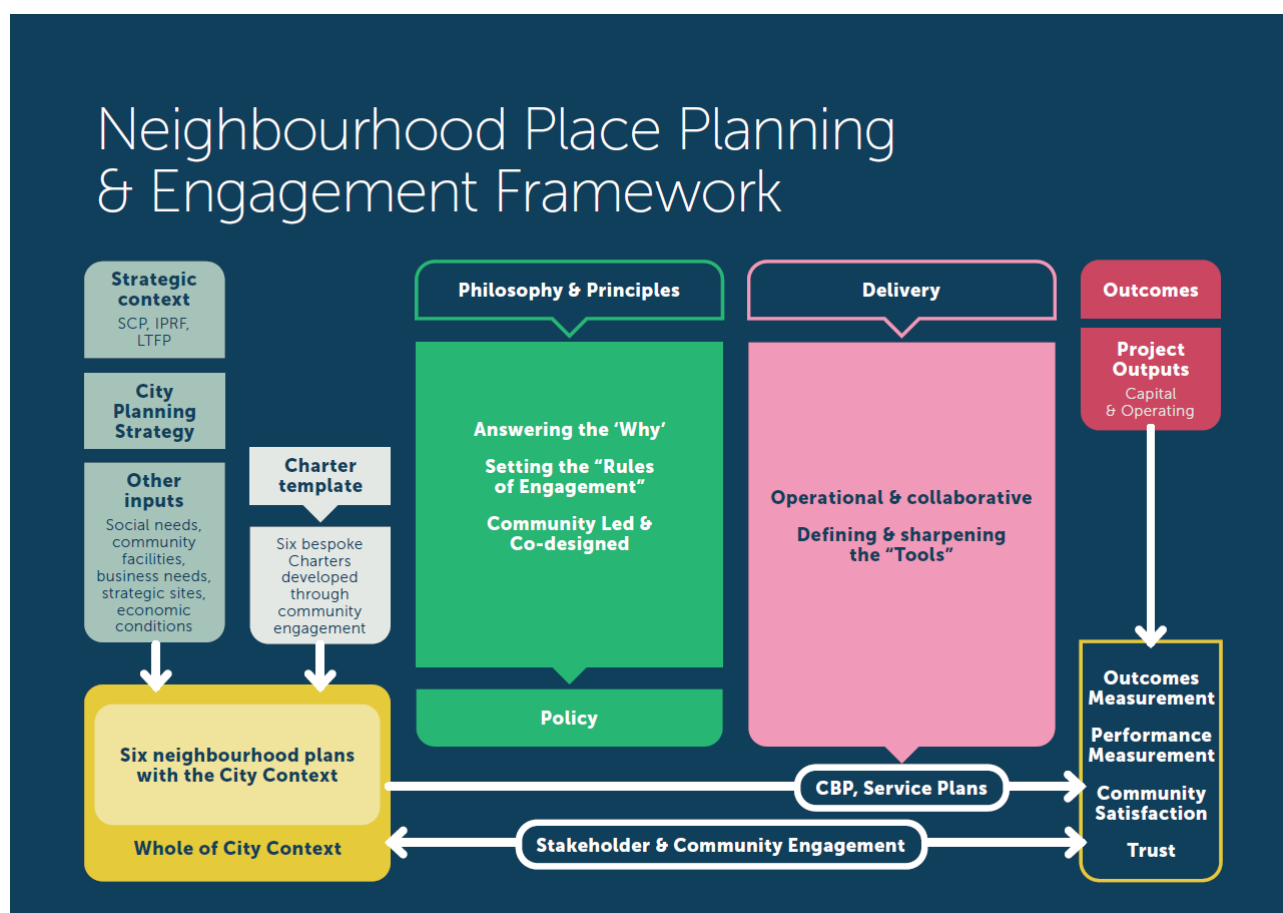

The City will work with the community to identify opportunities to enhance city neighbourhoods' unique sense of place, encourage economic activity, social wellbeing, cultural identity, and ongoing development. The overarching goal is to put the community at the centre of creating a world class city that contributes to people's health, happiness, prosperity and wellbeing; to build a vibrant, connected and progressive city.

### Neighbourhood Place Planning and Engagement Framework

The approach is governed and implemented through the Neighbourhood Place Planning and Engagement Framework, which comprises a four-part structure:

	Key Mechanism
1. Strategic Context	Neighbourhood Place Plans
2. Philosophy and Principles	Neighbourhood Place Planning and Engagement Policy
	Neighbourhood Charters
3. Delivery	Implementation Plan, Service Plans, Community Initiatives
4. Outcomes	Project Outputs, Performance Measurement

The Neighbourhood Place Planning and Engagement Framework is informed by the City's Strategic Community Plan and City Planning Strategy. The framework is built on a collaborative process of development and implementation with the community.

### Neighbourhood Place Planning and Engagement Principles:

The City's Neighbourhood Place Planning and Engagement Policy and Framework are grounded in the following key principles:

- That projects and objectives are holistic, sustainable, and tailored to reflect the distinctive characteristics of local neighbourhood places in alignment with the Strategic Community Planning Process.
- That the community is empowered to co-develop and promote a shared vision for neighbourhoods in partnership with the City, incentivising participation.
- That community commitment, pride and capacity building are crucial to the development and implementation of Neighbourhood Plans.
- That good citizenship is critical to success, which means contributing to a safe and functioning society, being an active participant in one's community, helping others and accepting differences.
- That working relationships are diverse, inclusive and representative of the overall neighbourhood community, rather than with just one group.
- That the approach for the city is bespoke, yet appropriately adapts existing processes and applies learnings from the mistakes and successes of others.
- That planning and delivery will occur in a multi-disciplinary and holistic manner rather than through the lens of one discipline, theme or user group, realising the "greater good" for a neighbourhood.
- That implementation will be responsive and agile with short, medium and long-term iterations.

- That collaborative teams will be responsible for integrating and coordinating outcomes and instilling a shared understanding of each community across the organisation.
- That customer service for community engagement and communication will be centralised.
- That information will be shared frequently, openly and transparently within the City of Perth and with the community so that everyone is on the same page.
- That evaluation, outcomes reporting and performance measurement will inform updates of the City's Integrated Planning and Reporting Framework, the Neighbourhood Plans and delivery model, to ensure a focus on outcomes and continuous improvement.

## Definitions

### Neighbourhood Charter

The purpose of a City of Perth Neighbourhood Charter is to provide a universal document that outlines the commitment, rationale and set of goals that encompass our neighbourhood approach. A charter ensures that the expectations of all contributors are articulated and aligned, so the focus remains on evidence-based, community-centred initiatives that are co-designed with neighbourhood communities. There will be one, bespoke charter for each of the six neighbourhoods and each one applies to the relevant neighbourhood as a whole, not between the City and any particular community group.

### Neighbourhood Place Plans

Neighbourhood Place Plans are developed in a co-design process with each neighbourhood community and then reviewed on an annual basis (set, monitor, review and update approach). Neighbourhood Place Plans are unique to each neighbourhood but are developed on a standard set of criteria and contain basic standard elements. Neighbourhood Place Plans capture the assets, issues and priorities in a neighbourhood across a range of factors. Each Neighbourhood Place Plan will detail the governance and financial arrangements in place to guide the expenditure of City funding in the neighbourhoods. While they respond to the uniqueness of each neighbourhood, they must fit together under the cohesive whole of city-wide planning and corporate budgeting process.

**FINANCIAL ACTIVITY STATEMENT FOR THE ELEVEN MONTHS TO  
31 MAY 2020**

**REPORT OF VARIANCES TO BUDGET**

**This report compares the actual performance for the eleven months to 31 May 2020 to the 2019/20 Budget adopted by Council on 23 July 2019, and subsequent Council approved amendments.**

**Operating Revenue**

- Parking revenue for the year to date was \$55.9 million, which was \$11.7 million under the budget, mostly due to a reduction in patronage as a result of the Covid-19 situation. The variance relates to open air car parks (\$1,988,000), kerbside parking (\$3,652,000) and undercover car parks (\$6,032,000).
- Fines and costs were \$8.1 million, being \$258,000 below budget for the year to date, mostly due to a reduction in activity arising from the Covid-19 situation.
- Rubbish collection revenue was \$9.7 million for the year to date which was under budget by 4% or \$405,000.
- Investment income and interest was under the budget for the year to date due mainly to reserves interest underperforming as a result of the impact on the ASX 200 of the Covid-19 situation.
- Community Service fees were \$1.3 million, being \$262,000 under budget for the year to date, mostly due to the impact of the Covid-19 situation on child care fees and rest centre admission fees
- Recurrent grants were \$2.3 million being \$938,000 above budget due mainly to the timing of local road funding and local government assistance grant payments.

**Operating Expenditure**

- Employee costs for the year to date were \$71.1 million, a variance of \$3.5million lower than the budget for the year to date as a result of vacant positions, underspending on casual staff and training and seminars.
- Materials and contracts were \$7.7 million under the budget as a result of underspend in properties maintenance (\$664,000), infrastructure and IT maintenance (\$1,159,000) along with variances in contractors, consultants (\$4.0 million), advertising costs and rental and outgoings (\$1,219,000).
- Depreciation and amortisation was over the budget by 8.2% or \$2,664,000.

**FINANCIAL ACTIVITY STATEMENT FOR THE ELEVEN MONTHS TO  
31 MAY 2020**

**REPORT OF VARIANCES TO BUDGET**

- Other expenditure was \$187,000 under the budget for the year to date due to timing differences in donations and sponsorship payments (\$1,727,000), an underspending on conferences and travel (\$176,000), contributions (\$136,000), parking bay levy (\$493,000) offset by an increase in non-capitalised work-in-progress \$2.4million.

**Investing Activities**

- Capital expenditure was \$11 million under budget for the year to date as detailed below. Some of the variance relates to the timing of contracts issued.

**FINANCIAL ACTIVITY STATEMENT FOR THE ELEVEN MONTHS TO  
31 MAY 2020**

**REPORT OF VARIANCES TO BUDGET**

**Financing Activities**

- Transfers to reserves were under budget by \$440,000 due mainly to lower interest income on reserve funds.
- Transfers from reserves were under budget by \$5,747,000 due to timing variances of projects funded from reserve funds

**Amounts sourced from Rates**

- Rates revenue raised was \$1.8 million or 1.9% over budget due to higher interim rates revenue collected.

## EXPLANATORY NOTES – FINANCIAL ACTIVITY STATEMENT

### BACKGROUND

- Regulation 34 of the Local Government (Financial Management) Regulations 1996 was amended effective from 1 July 2005.
- The amendment prescribes a monthly Financial Activity Statement (FAS) reporting the sources and application of funds, as set out in the Rate Setting Statement which is included in the Annual Budget.

### PURPOSE

- The FAS reports the actual financial performance of the City in relation to its adopted budget, which has been structured on financial viability and sustainability principles.
- The FAS is intended to act as a guide to Council of the impact of financial activities and the reasons for major variances to the annual budget estimates.

### PRESENTATION

- Regulation 34 prescribes the minimum detail to be included in the FAS. These are listed below.
  - Annual Budget estimates, and approved revisions to these, are to be included for comparison purposes.
  - Actual amounts of income and expenditure to the end of the month of the FAS.
  - Material variances between the comparable amounts and commentary on reasons for these.
  - The net current assets at the end of the month to which the FAS relates.
- An explanation of the composition of the net current assets at the end of the month to which the FAS relates; less committed and restricted assets.
- Councils are given the option of adopting a format which is considered most appropriate to their needs. These options are listed below.
  - According to nature and type classification,
  - by program, or
  - by business unit.
- It is recommended that while the information presented by cost objects (programs and activities) or by cost centres (business units) are useful for expense allocation and cost centre accountability purposes, they are less informative and difficult to comprehend in matters of disclosure and less effective in cost management and control.
- The FAS has therefore been presented in the format using nature and type classification as the most meaningful disclosure to the Council and public.

### FORMAT

- The FAS is formatted to align with the Rate Setting Statement.
- The first part deals with operating income and expenditure, excluding rate revenue.
- The next classification is the amount spent on capital expenditure and debt repayments.
- The classification 'Financing Activities' provides a statement of sources of funds other than from operating or rates revenue, which are usually associated with capital expenditure.
- Attached to the FAS is a statement of 'Net Current Assets' for the budget and actual expenditure to the end of the month to which the FAS relates.
- Opening and closing funds represent the balance of 'Net Current Assets', not including any funds which are committed or restricted.
- "Committed assets" means revenue unspent but set aside under the annual budget for a specific purpose.
- "Restricted assets" means those assets the uses of which are restricted, wholly or partially, by regulations or other externally imposed requirements", e.g. reserves set aside for specific purposes.
- To avoid duplication in calculating 'Closing Funds on hand', certain balances, such as provisions and borrowings, are also deducted.
- The total Closing Funds on hand are to be taken into account when calculating the amount to be raised by rates each year.
- The classification "Net Cash on Hand" represents the balances of funds held in cash or invested and the analysis into those funds reserved, carried forward or remaining unspent at the end of the month to which the FAS relates.

## Motor Vehicle and Transport Services for the Lord Mayor

---

### Policy Objective

To provide clear parameters for the provision of a motor vehicle and transport services to enable the Lord Mayor to undertake their role effectively and efficiently.

### Policy Scope

This policy applies to the Lord Mayor when required to travel by vehicle to undertake their role.

### Policy Statement

- 1) Provision of Motor Vehicle:
  - a) A City of Perth owned and maintained vehicle shall be provided to the Lord Mayor for **commuting** use and to attend **official duties**.
  - b) The vehicle provided for the use of the Lord Mayor shall be **medium sized** and well-appointed from either the **SUV** or **passenger** segment group.
  - c) The Lord Mayor can choose to use their own private vehicle and be reimbursed.
- 2) Provision of Transport Services (other than use of motor vehicle):
 

At the discretion of the Lord Mayor, when in their opinion the use of a self-driven vehicle under (1) is neither practical or appropriate to attend **official duties**;

  - a) A City of Perth contracted commercial **charter vehicle service** may be utilised; or
  - b) A taxi or prestige ride share service may be utilised with full reimbursement.
- 3) Reimbursements
  - a) Reimbursements shall be made in accordance with elected member entitlements under the *Local Government Act 1995*, the *Local Government (Administration) Regulations 1996* and the *Salaries and Allowances Act 1975*.
  - b) The Lord Mayor shall be reimbursed for using their private vehicle at the applicable rate under the Local Government Officers' (Western Australia) Interim Award 2011 in accordance with the Salaries and Allowances Tribunal's current determination.
  - c) For the purposes of regulation 32(1)(a) and (c) of the *Local Government (Administration) Regulations 1996*, the Lord Mayor is expressly authorised to use their private vehicle, taxi or prestige ride share services for the purpose of travel to perform their **official duties**.
- 4) Parking
  - a) A parking space shall be allocated at Council House for parking the Lord Mayor's vehicle.
  - b) A parking permit shall be allocated to the vehicle.

### Definitions

- 1) "**commuting**" means travel between the Lord Mayor's principal place of residence and Council House.
- 2) "**official duties**" means all activities required to fulfil the Lord Mayoral role.

- 3) “**Medium sized**”, “**SUV**”, “**passenger**” are vehicle categories within the Western Australian State Government Vehicle Common Use Agreement.
- 4) “**charter vehicle service**” means a service that provides an executive level of service rather than a luxury level of service.
