

Special Council Meeting

AGENDA

4 August 2020

5.30pm

Mr Murray Jorgensen | Chief Executive Officer | 31 July 2020

INFORMATION FOR THE PUBLIC PARTICIPATING IN COUNCIL MEETINGS

Welcome to this evening's Council meeting. This information is provided on matters which may affect members of the public. If you have any queries on procedural matters, please contact a member of the City's Governance team via governance@cityofperth.wa.gov.au.

Question Time for the Public

- An opportunity is available at Council meetings for members of the public to ask a question about any issue relating to the City. This time is available only for asking questions and not for making statements. Complex questions requiring research should be submitted as early as possible in order to allow the City sufficient time to prepare a response.
- The Presiding Person may nominate a member of staff to answer the question and may also determine that any complex question requiring research be answered in writing. No debate or discussion is allowed to take place on any question or answer.
- To ask a question, please complete the Public Question Time form available on the City's website https://www.perth.wa.gov.au/council/council-meetings. Questions should be forwarded to the City of Perth prior to the meeting via governance@cityofperth.wa.gov.au

Deputations

• To submit a deputation request, please complete the Deputation Request form available on the City's website https://www.perth.wa.gov.au/council/council-meetings. Deputation requests should be forwarded to the City of Perth by midday on the day of the meeting via governance@cityofperth.wa.gov.au

Disclaimer

Members of the public should note that in any discussion regarding any planning or other application that any statement or intimation of approval made by any Commissioner or officer of the City during the course of any meeting is not intended to be and is not to be taken as notice of approval from the City. No action should be taken on any item discussed at a Council meeting prior to written advice on the resolution of the Council being received.

Any plans or documents contained in this agenda may be subject to copyright law provisions (Copyright Act 1968, as amended) and the express permission of the copyright owner(s) should be sought prior to their reproduction.

Order of Business

Item

- 1. Prayer/Acknowledgement of Country
- 2. Declaration of opening
- 3. Apologies
- 4. Question time for the public and notification of deputations
- 5. Disclosures of members interest
- 6. Matters for which the meeting may be closed

Purpose

The purpose of this report is to seek Council endorsement of the City's Annual Budget 2020/21.

Background

Preparation of the annual budget is both a statutory requirement of the *Local Government Act 1995* and a responsible financial management practice. The annual budget is the corporate document that guides the allocation of the financial resources necessary for the City to deliver on our community's aspirations. By guiding our approach to delivering infrastructure and services to the community in a responsible and affordable way, it demonstrates the City's commitment to managing its operations in a sustainable manner.

This budget is developed in a time when our state is emerging from the COVID-19 pandemic. The anticipated financial impacts of that event have been responsibly incorporated into the budget model. The COVID-19 pandemic has adversely impacted the City's revenue streams. Reduced revenues from parking operations, provision of financial relief for property rentals, waiving of certain fees and charges, the 2020/21 rates freeze, zero percent increase to fees and significant reduction in investment revenues have created a challenging financial environment.

The City's response to these challenges is reflected in the 2020/21 Budget funding model.

The budget document (Attachment 7.1A) includes the statutory budget format with all relevant disclosures to discharge financial accountability to the community and the management budget (Attachment 7.1B). It is accompanied by the 2020/21 Schedule of Fees and Charges (Attachment 7.1C).

The City of Perth Annual Budget 2020/21 is now presented to Council for formal consideration.

Details

Persuasively influenced by the Strategic Community Plan, Corporate Business Plan and Long Term Financial Plan, the 2020/21 Budget continues the focus on making the City more financially sustainable

into the future and driving structural reform of the City's finances. Operating expenses have been brought back to sustainable levels and expenditure focus has shifted from discretionary projects back to core service. There is also increased commitment to asset stewardship responsibilities by prioritising asset renewal and new and upgraded community infrastructure.

The budget presents a \$305.3 Million financial blueprint for the City for the 2020/21 year.

| Funding Required: | Amount \$ M |
|---|-------------|
| Core Service Delivery - Excluding Non-Cash Expenses | 137.39 |
| Discretionary Operating Projects | 4.79 |
| Covid 19 Economic Rebound Projects | 20.11 |
| Sub Total - Operating Expenses | 162.29 |
| Asset Renewal | 22.34 |
| Major Capital Projects | 27.01 |
| Discretionary Capital Expenditure | 14.29 |
| Sub Total - Capital Expenses | 63.64 |
| Loan Principal Repayments | 4.68 |
| Reserve Funds Created | 64.36 |
| Closing Position (Surplus) | 10.34 |
| Sub Total - Financing Activities | 79.38 |
| Total Funding Required | 305.31 |
| Funding Sources: | |
| Parking Revenues | 55.78 |
| Fees and Charges | 19.29 |
| Grants Funds - Operating | 1.58 |
| Grants Funds - Asset Acquisition | 5.44 |
| Other Revenues | 4.88 |
| Sub Total - Operating Activities | 86.97 |
| New Loan Proceeds | 10.00 |
| Reserve Funds Used | 73.17 |
| Opening Position | 36.84 |
| Sub Total - Financing Activities | 120.01 |
| Total Funding Available - Excluding Rates | 206.98 |
| Amount Required to be Raised from Rates | 98.33 |

Developing the 2020/21 Budget has presented a unique set of challenges including, but not limited to the financial impacts of COVID-19, the zero percent rates increase and the three-yearly revaluation of property gross rental value (GRV)s.

To support the post COVID-19 economic rebound, an allocation of \$20.115M has been made for 2020/21.

The combination of a zero percent increase in overall rates yield and the triennial revaluation of gross rental values (GRV) for each rateable property means that whilst the City will generate the same rates yield in 2020/21 as it did in 2019/20; not all ratepayers will experience a zero change in rates. For some properties, there will actually be reductions, for some, no or little change and for others, increases of

differing scales. This is the peculiarity of the GRV based model which is used by all local governments to distribute the relative contributions of individual properties to the total rates yield. These new GRVs will remain in force for three years.

A detailed analysis of the City's Rating model for this year is provided at Section 6.2 of the 2020/21 annual budget document.

The budget model incorporates \$10.0M of new borrowings repayable quarterly over ten years and the draw-down of previously accumulated cash reserves to lessen the reliance on rates revenue as a proportion of the total funding package in the 2020/21 year. These are detailed at Section 6.3 and Section 6.4 of the 2020/21 annual budget document.

The budget model acknowledges that other opportunities may arise through extra-ordinary grants from other levels of government or non-government sources. These have not been incorporated into the model due to their current uncertainty, but the budget financial model can readily be adapted to respond to such opportunities should they arise.

The 2020/21 Budget also references the City's budgeted financial ratios against industry benchmarks. Whilst some specific indicators may not be met in the 2020/21 year, the City has in place, through its Long Term Financial Plan, a responsible and realistic plan to ensure that trends and average ratios over the longer term meet or exceed preferred industry benchmarks.

This budget reflects a balanced and sustainable response to the challenging economic climate in which it was developed. It will play an essential role in guiding the organisation as we continue to re-position our capital city's finances for a sustainable future.

Stakeholder engagement

Preparation of the annual budget has been persuasively influenced by the Long Term Financial Plan 2020/21 - 2029/30 adopted by Council on 30 June 2020. It is informed by the outputs of various community consultation exercises including, but not limited to, the Community Strategic Plan, Corporate Business Plan and Economic Rebound Strategy. It also incorporates inputs from the Workforce Plan, Asset Management Plans and other internally focused strategies and plans.

Following approval by Council at the 30 June 2020 Council meeting, the City advertised the 2020/21 proposed differential rates and the purpose and objects of those differential rates.

One submission was received but it did not pertain to the proposed differential rates.

It is through the preceding mechanisms that stakeholder input has been captured, considered and where appropriate, incorporated into the budget model.

Strategic alignment

Strategic Community Plan

This item addresses the community's vision for the future and specifically the following aspiration and Strategic Objective(s) contained in the Strategic Community Plan 2019 - 2029:

| Aspiration: | Performance |
|-------------|-------------|
| | |

| Strategic | 5.5 A financial business model underpinned by a culture of cost management, | | |
|------------|--|--|--|
| Objective: | best value and strategic financial analysis that is subject to ongoin oversight, transparency and accountability | | |
| | | | |

Legal and statutory implications

The 2020/21 Annual Budget has been developed in accordance with the provisions of Part 6 of the *Local Government Act 1995*, Part 3 of the *Local Government (Financial Management) Regulations 1996* and also takes into consideration, additional statutory obligations imposed by the *Local Government (COVID-19 Response) Ministerial Order 2020*.

The Local Government (COVID-19 Response) Ministerial Order 2020 specifically modifies the statutory obligations under the Local Government Act 1995 and Local Government (Financial Management) Regulations 1996 to require consideration of the financial impacts of COVID-19 on the City's strategic priorities, plans for the future and revenue streams in formulating the budget. The City has been proactively scenario modelling and modifying its financial models for COVID-19 impacts since March 2020 and has incorporated all known and anticipated impacts into its Long Term Financial Plan and Corporate Business Plan that were adopted by Council on 30 June 2020.

As the 2020/21 Budget is persuasively influenced by those documents, the City can confidently attest that it has fully complied with those requirements.

The City will also have a Financial Hardship Policy in place by the first due date for rates instalments as required by the Local Government (COVID-19 Response) Ministerial Order 2020.

Connection with mandates in the City of Perth Act 2016

8(1)(a) - to provide for the good government of persons in the City of Perth, including residents, ratepayers and visitors

Risk implications

| Impact of decision | | |
|--------------------|-----|--|
| Organisation | Low | |
| Community | Low | |

| Risk domain | Consequence | Likelihood | Risk rating |
|--------------------|-------------|------------|-------------|
| Financial | Moderate | Unlikely | Low |
| Legal & Regulatory | Minor | Unlikely | Low |

A carefully considered, well informed budget aligned to the City's Community Strategic Plan, Corporate Business Plan and Long Term Financial Plan is the most effective way to manage risk associated with financial sustainability and cashflow management. Timely and accountable management reporting and regular monitoring of actual financial performance against budget will provide continued assurance moving forward.

Approval implications

This report seeks Council approval to adopt the 2020/21 Budget including all statutory disclosures and the 2020/21 Schedule of Fees & Charges. The City is required to adopt its Annual Budget in the required

format by no later than 31 August each year.

Financial implications

The financial implications associated with this report are detailed in the attached 2020/21 Annual Budget and Schedule of Fees & Charges. Overall, it represents a \$202.2M commitment to the delivery of a range of ongoing programs and services plus a \$63.64M capital expenditure program. This financial commitment is funded by a responsible mix of earned revenues, loan borrowings and cash reserves supported by rates revenue of \$98.33M to produce a balanced budget.

Officer Recommendation

That Council ADOPTS BY ABSOLUTE MAJORITY:

- 1. The City of Perth 2020/21 Statutory Annual Budget as detailed in Agenda Attachment 7.1A inclusive of the following:
 - 1.1 Statement of Comprehensive Income
 - 1.2 Statement of Cash Flows
 - 1.3 Rate Setting Statement
 - 1.4 Capital Expenditure Program
 - 1.5 Transfers to and from Cash Backed Reserves
 - 1.6 Notes to and forming part of the Statutory Budget
- 2. The following rates in the dollar of GRV based upon the predominant purpose for which the rated land is held:

| 1.1 | Commercial Category | 6.47853 cents in the dollar |
|-----|---------------------|-----------------------------|
| 1.2 | Hotel Category | 6.41214 cents in the dollar |
| 1.3 | Retail Category | 6.47925 cents in the dollar |
| 1.4 | Office Category | 5.45000 cents in the dollar |
| 1.5 | Residential | 6.45000 cents in the dollar |
| 1.6 | Vacant Land | 7.39961 cents in the dollar |

3. Minimum Rate Payment

The following minimum rate payments to be imposed in accordance with Section 6.35 of the *Local Government Act 1995* in respect of any rateable land within the city:

| 3.1 | Commercial Category | \$800 |
|-----|---------------------|-------|
| 3.2 | Hotel Category | \$750 |
| 3.3 | Retail | \$750 |
| 3.4 | Office Category | \$800 |

| 3.5 | Residential | \$750 |
|-----|-------------|-------|
| 3.6 | Vacant Land | \$800 |

4. Instalment Payments

The provision of the options of one, two or four instalments for the payment of rates.

- 4.1 The City will impose, in accordance with section 6.45(3) of the *Local Government Act 1995* and clause 13 of the Local Government (COVID-19 Response) Ministerial Order 2020, gazetted on 8 May 2020, an additional charge of \$35 and interest rate of 5.5% applicable to rate and service charge instalment arrangements, subject to:
- 4.2 this additional charge and interest rate cannot be applied to an excluded person, as defined in the Local Government (COVID-19 Response) Ministerial Order 2020, that has been determined as suffering financial hardship as a direct consequence of the COVID-19 pandemic in accordance with Council's Financial Hardship Policy.

The following due dates for the payment of rates by instalments:

- 4.2.1 28 September 2020
- 4.2.2 27 November 2020
- 4.2.3 05 February 2021
- 4.2.4 09 April 2021

5. Late Payment Interest

- 5.1 The City will impose, in accordance with section 6.51(1) of the *Local Government Act 1995* and clause 14 of the Local Government (COVID-19 Response) Ministerial Order 2020, gazetted on 8 May 2020, an interest rate of 5.5% applicable to overdue and unpaid rate and service charges, subject to:
- 5.2 this interest rate cannot be applied to an excluded person, as defined in the Local Government (COVID-19 Response) Ministerial Order 2020, that has been determined by the City of Perth as suffering financial hardship as a direct consequence of the COVID-19 pandemic.
- 5.3 The City will recoup the cost of recovery of such rates and service charges that remain unpaid after becoming due and payable.

6. Heritage Rates Concession

6.1 In accordance with Section 6.47 of the Local Government Act 1995, the City will continue the Heritage Rate Concession Scheme (Council Policy 9.2 refers), introduced to support the retention of the City's heritage, for the 2020/21 financial year.

7. Creation of Reserve Fund

The creation of the following Cash Backed Reserve (purpose of Reserve as stated below) in accordance with Section 6.11(1) of the Local Government Act 1995:

7.1 COVID-19 Economic Rebound Reserve
This reserve is established to quarantine funding for the initiatives associated with the City's
COVID-19 Economic Rebound Strategy.

8. New Loan Approvals

The proposal to borrow \$10.0M repayable quarterly over ten years at fixed interest rates from WA Treasury Corporation to support the capital program and COVID-19 Economic Rebound Strategy.

9. Reserve Fund Transfers

The proposed transfers to and from Reserves identified in the 2020/21 Annual Budget, including the change of purpose of Reserves made in accordance with Section 6.11 (3) 9.1 of the *Local Government Act 1995*.

10. Fees and Charges

The 2020/21 Schedule of Fees & Charges as detailed in Agenda Attachment 7.1C (including waste collection service charges).

11. Financial Reporting and Materiality

As per *Local Government (Financial Management) Regulations 1996* Section 34 (5) each financial year, a local government is to adopt a percentage or value, calculated in accordance with the AAS (Australian Accounting Standards), to be used in statements of financial activity for reporting material variances.

For the purpose of materiality, in monthly financial reports for the 2020/21 financial year, operating variances shall be those greater than 10% of the original adopted Annual Budget and a value greater than \$20,000.

For the purpose of materiality, in monthly financial reports for the 2020/21 financial year, capital variances shall be those greater than 10% of the original adopted Annual Budget or a value greater than \$50,000.

Item 7.2 – Tender RFT000016 – Koolangka Koolangka Playground Construction – Wellington Square

| File reference | P1039125 |

| Attachment/s | Attachment 7.2A – Confidential Tender Assessment Matrix Attachment 7.2B – Confidential Qualitative Criteria against Price Attachment 7.2C – Confidential Value Engineering Analysis Confidential attachments are distributed to Commissioners under separate cover |

Purpose

This report presents the outcome of Tender RFT000016 - Koolangka Koolangka Playground Construction, Wellington Square and seeks Council approval to award the contract for the playground construction and associated civil works.

Background

At its meeting held on 25 September 2018, Council approved the Final Wellington Square Masterplan; noted that the enhancement will be staged over six years commencing in 2019, and noted that the detailed design and cost estimate of various enhancement packages will be presented to Council in line with the staging plan.

Since then, the project has progressed well, with the main contract package that included landscape, civil, lighting and electrical works awarded in November 2019. The artwork tender was awarded in March 2020.

This report seeks Council approval for the award of the final major package, to deliver the playground component, in line with an accelerated timeline, to have the main contractor works and playground completed in the 2020/21 financial year and the artwork completed by May 2022.

The project has been successful in receiving funding from Lotterywest in the amount of \$4.37M for the playground construction (Attachment 7.2A). The project team have endeavoured to manage expenditure against the original project budget as external funding is included in the Long Term Financial Plan as a City budget, not additional project budget.

Details

The Tender was advertised on 8 April 2020 and closed on 14 May 2020, with submissions received from the following tenderers:

- 1. BOS Civil Pty Ltd
- 2. D.B Cunningham Pty Ltd t/as Advanteering Civil Engineers
- 3. Densford Civil Pty Ltd / Djana Koodal Pty Ltd (Joint Venture)
- 4. Environmental Industries Pty Ltd
- 5. Menchetti Consolidated Pty Ltd t/as MG Group WA
- 6. Phase 3 Landscape Construction Pty Ltd
- 7. Visual Design Metal Fabrication Pty Ltd

Overview of proposed works

The Koolangka Koolangka playground will be situated in the south-east corner of Wellington Square, near the corner of Wellington and Bennett Streets, providing a range of facilities including a skatepark, parkour activities, a pump track, waterplay, climbing towers, terracing and rest areas. The scope of works includes demolition, irrigation works, landscape works, hardscape and soft landscape works, multiple catenary structures, custom playground structures, water play works, signage works, electrical and lighting works.

Compliance Criteria

A compliance assessment was completed on all tenderers with all submission, bar one, deemed as conforming tenders. The tender received from Visual Design Metal Fabrication Pty Ltd, failed to include the required documentation, including the Tenderer's Offer, and was deemed a non-compliant tender. It was not considered for further evaluation.

Qualitative Selection Criteria

The submitted tenders were evaluated against the following four qualitative selection criteria:

- Construction Methodology (25%);
- Demonstrated Project Experience (40%);
- Experience and Qualifications of Key Personnel (20%); and
- Program of Works (15%).

BOS Civil provided an adequate response with a sound appreciation and understanding of the scope of work required and outlined a detailed methodology to deliver the project. They provided some examples that included bespoke elements, however most projects listed are civil and paving jobs and not similar in scope or complexity to this playground project. The key team have reasonable experience behind them but seems to be quite a young team with 5-20 years' experience. The construction program indicated a completion date within the City's required timeframe.

D.B Cunningham Pty Ltd (Advanteering) provided a sound appreciation and understanding of the scope and listed control measures for potential constraints and outlined a detailed methodology. They provided project examples with photos and nature playground elements, similar in scope and scale and have demonstrated local government experience. The project team experienced in delivery of large projects and have nominated key sub-contractors and have allowed a level of contingency in resourcing the works. The construction program indicated a completion date within the City's required timeframe.

Densford briefly outlined methodology and steps/staging required and provided a very good response to appreciation and understanding of aboriginal and heritage management including Whadjuk Noongar significance. Demonstrated project experience is adequate, however are less convincing they can deliver regional scale playgrounds as their main experience lies in civil works with projects on a smaller scale. They are the main contractor for the Wellington Square Enhancement project so have the advantage of site familiarity, qualified project team and subconsultant engagement, which provides confidence their program of works could meet the timeframe.

Environmental Industries provided a sound methodology and demonstrated a good understanding of project constraints. Have demonstrated project experience in successful delivery of playgrounds of a similar scale and nature. The project team are experienced in the delivery of high-quality projects. Program for main playground works can be completed within required timeframe, however there is a delay of two months for delivery of the catenary structure.

MG Group provided a very thorough and convincing response to all selection criteria, demonstrating an excellent understanding and appreciation of the scope of works and very clearly outlined a descriptive step-by-step methodology. Has demonstrated substantial experience in the delivery of regional scale playgrounds consisting of highly bespoke elements finished to a high level of detail. The project team are highly qualified and demonstrated experienced in working on similar projects and provided a detailed list of subcontractors. They provided a detailed programme including key dates and milestones to meet the required timeframe, however it was noted that meeting the deadline depended on the lead time for certain items.

Phase3 provided a marginal response to appreciation and understanding of the scope of works and outlined a brief methodology. They demonstrated extensive experience in the delivery of regional destination playgrounds throughout WA with highly bespoke elements and provided details for completed projects of a similar scope and nature. The project team are qualified and demonstrated experienced in working on similar projects. Their program of works is not able to meet the required timeframe indicating completion date in April 2021.

The Tender Assessment Matrix and the Qualitative Criteria against Price summary is presented in Confidential Attachments 7.2A and 7.2B. The City also underwent a value engineering exercise to determine the final contract award amount (Confidential Attachment 7.2C).

Stakeholder engagement

The Wellington Square Masterplan was endorsed by Council on 25 September 2018 and involved significant input from the community and stakeholders. This engagement resulted in a vision for Wellington Square that recognised the history of the site, balanced the competing needs of a diverse range of stakeholders and created a vision for Wellington Square that befits the largest public open space within the City of Perth. One key feature of the Masterplan includes an Intergenerational Play Space.

Strategic alignment

Strategic Community Plan

This item addresses the community's vision for the future and specifically the following Aspiration and Strategic Objective(s) contained in the Strategic Community Plan 2019 – 2029:

Page 11

| Aspiration: | Place |
|----------------------|---|
| Strategic Objective: | 2.1 A city that is seen by all as a great place to be. |
| | 2.7 Safe and enjoyable experiences in the public realm enabled by smart |
| | technologies, innovative design and quality infrastructure |

The delivery of the playground is a key outcome of the Wellington Square Masterplan and will provide the local community with outstanding local facilities.

Legal and statutory implications

Section 3.57 of the Local Government Act 1995 covers the legal requirements for local governments to invite public tenders before it enters into a contract of this nature.

More specifically, Division 2 of the *Local Government (Functions and General) Regulations 1996* covers the detail and subject matter of the tender requirements.

Connection with mandates in the City of Perth Act 2016

8(1)(c) - to provide a safe, clean and aesthetic environment for the community, city workers, visitors and tourists

Risk implications

| Impact of decision | | |
|--------------------|-----|--|
| Organisation | Low | |
| Community | Low | |

| Risk domain | Consequence | Likelihood | Risk rating |
|-------------------------|-------------|------------|-------------|
| Reputation and External | Moderate | Possible | Medium |
| Stakeholders | | | |

The key risk relating to the delivery of the project are potential for the delays to the playground's completion (end of 2020) due to the supply of bespoke items and therefore the extended disruption to the surrounding residents and enjoyment of the facilities.

A Financial Assessment was undertaken on Advanteering which indicated that it has a sound financial capacity to undertake the contract.

Approval implications

If the contract is not awarded the playground will not be delivered and the overall Wellington Square Masterplan Enhancement be left uncompleted.

Financial implications

Within existing budget

There are no additional financial implications associated with this report. The recommended tender award

value is fully accommodated within the project's capital budget.

| | | 17.04 |

Policy references

9.7 - Purchasing

Value engineering

As the original submission prices were higher than initially estimated, officers have reviewed elements of the scope (predominately the size of the catenary structure) and the use of alternative materials in some areas to reduce the costs. The revisions do not detract from the playground, still producing a high-quality project outcome. Details of the elements which were revised, and associated costings are provided in Confidential Attachment 7.2C.

Comments

The pricing confirmed by Advanteering following the value engineering process demonstrates the best value for money for the Wellington Square Koolangka Koolangka Playground project, taking into consideration qualitative assessment and tender price. The proposal is within the overall project budget and is considered medium risk in meeting the City's project expectation.

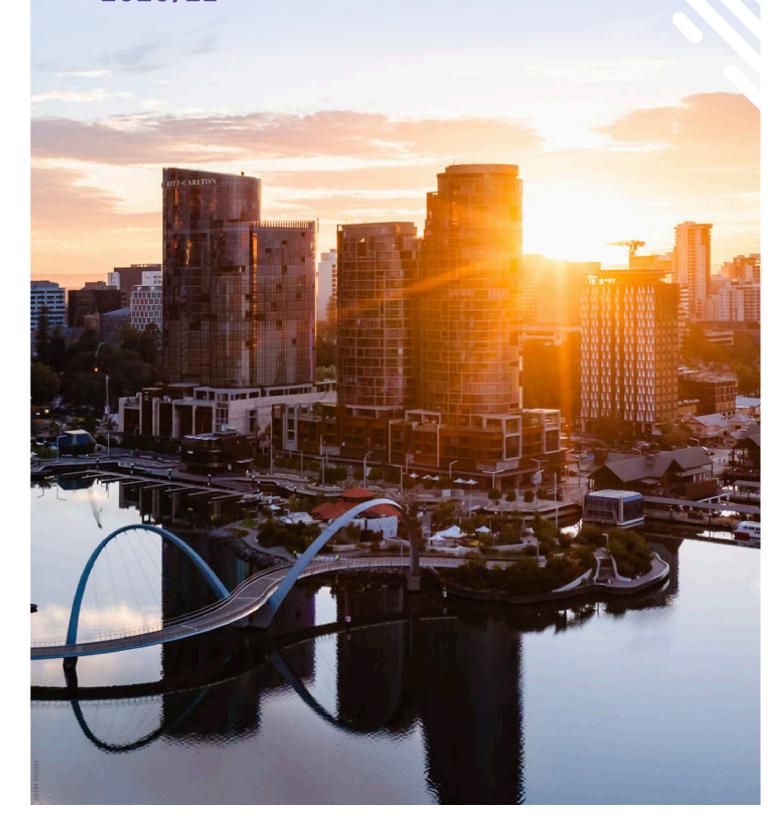

Officer Recommendation

That Council <u>ACCEPTS</u> the most suitable tender, being D.B Cunningham Pty Ltd t/as Advanteering Civil Engineers for the Wellington Square Koolangka Koolangka Playground (Tender 000016) at a lump sum price of \$4,886,561 (excluding GST).

Executive Summary

The 2020/21 Annual Budget is an important corporate document that allocates the financial resources necessary for the City to deliver on our community's aspirations. It guides our approach to delivering infrastructure and services to the community in a responsible and affordable way and it demonstrates the City's commitment to managing its operations in a sustainable manner.

The budget presents a \$305.8 Million financial blueprint for the City for the 2020/21 year.

Persuasively influenced by the Strategic Community Plan, Corporate Business Plan and Long Term Financial Plan, the 2020/21 Budget continues our focus on making the City more financially sustainable into the future and driving structural reform of the City's finances. Operating expenses have been constrained and brought back to sustainable levels, expenditure focus has shifted from discretionary projects back to core service and there is increased commitment to appropriate asset renewal and new or upgraded community infrastructure as part of the City's stewardship responsibilities.

The 2020/21 Budget expenditure profile in broad terms is:

| Expenditure Type | Amount \$ |
|--|-----------|
| Core Service Delivery | 177.3M |
| Discretionary Operating Projects - Including Covid Economic Rebound Response | 24.9M |
| Asset Renewal & Community Infrastructure | 63.6M |
| Financing Activities & Closing Balance (Surplus) | 78.5M |
| Total Allocation | 305.8M |

This budget is developed in a time when our state is emerging from Covid 19 and the anticipated financial impacts of that event have been responsibly incorporated into the budget model. To support the post Covid 19 economic rebound, an allocation of \$20.115M has been made for 2020/21.

The Covid 19 pandemic has also adversely impacted the City's revenue streams. Reduced revenues from parking operations, provision of financial relief for property rentals, waiving of certain fees and charges, the 2020/21 rates freeze, zero percent increase to fees and significant reduction in investment revenues have created a challenging financial environment and the City's response to that challenge is reflected in the budget funding model.

The 2020/21 Budget presents a balanced funding model incorporating a responsible mix of funding sources as indicated below:

| Funding Source | Amount \$ |
|---|-----------|
| Rates | 98.3M |
| Parking Operations | 55.8M |
| Fees & Charges | 19.3M |
| Other Revenues & Grant Funds | 11.9M |
| Financing Activities - Cash Reserves & Borrowings | 120.5M |
| Total Funding | 305.8M |

The combination of a zero percent increase in rates yield and the triennial revaluation of gross rental values (GRV) for each ratable property means that whilst the City will actually generate the same rates yield in 2020/21 as it did in 2019/20, not all ratepayers will experience a zero change in rates. For some properties, there will actually be reductions, for some, no or little change and for others, increases of differing scales. This is the peculiarity of the GRV based model which is used by all local governments to distribute the relative contributions of individual properties to the total rates yield. These new GRVs will remain in force for three years.

This budget model incorporates significant use of borrowings and previously accumulated cash reserves to lessen the reliance on rates revenue as a proportion of the total funding package in the 2020/21 year.

The budget funding model acknowledges that other opportunities may arise through extra-ordinary grants from other levels of government or non-government sources or from asset rationalisations. These have not been incorporated into the model due to their uncertainty, but the financial model can readily be adapted to respond to such opportunities should they arise.

The 2020/21 Budget also references our financial ratios against industry benchmarks. Whilst a specific indicator may not be met in this particular year, the City has, through its Long Term Financial Plan, a responsible and realistic plan to ensure that trends and average ratios over the longer term meet or exceed preferred industry benchmarks.

The budget reflects a balanced and sustainable response to the challenging economic climate in which it was developed. It will play an essential role in guiding the organisation as we continue to re-position our capital city's finances for a sustainable future.

1.0 Introduction

1.1 Integrated Planning & Reporting Framework

The Annual Budget is developed within the City's Integrated Planning Model that guides a coordinated and collaborative process to develop our strategic direction and subsequent organisational activities.

Figure 1 - City of Perth Integrated Planning & Reporting Framework

1.2 Purpose of the Annual Budget

The Annual Budget is a detailed financial document reflecting the first year of the Long Term Financial Plan - the document that assists in aligning our community aspirations, strategic intent and organisational capacity. The Budget demonstrates our approach to delivering value for money services and infrastructure to the community in a responsible and affordable way. It reflects a considered financial model that demonstrates Council's commitment to managing its operations in a financially sustainable manner whilst exercising responsible stewardship of community assets and building a legacy of quality community infrastructure and social capital for our community.

The Annual Budget is underpinned by the following principles:

- · Financial sustainability
- Prudence
- Financial accountability
- Responsible stewardship
- Alignment with strategic aspirations as expressed through corporate planning documents.

2.0 City of Perth Context

2.1 Our Community

Figure 2 - Snapshot of the City's Residential Profile

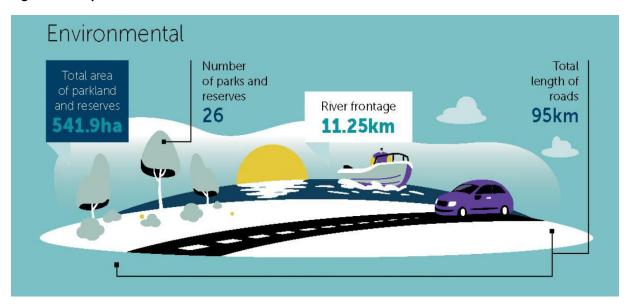

To budget effectively, the City must understand its current state and anticipated future population growth, economic fluctuations, environmental trends and social and community needs in the future.

2.2 Our Locality

Figure 3 - Snapshot of our Local Environment

3.0 Strategic Context

3.1 Strategic Community Plan

The principal guiding document for the City is the Strategic Community Plan. The plan is developed through research and an understanding of the external environment and the constraints faced by the City of Perth. It sets a vision for the city and articulates the aspirational outcomes, objectives and measures for the City of Perth to work towards over the next ten years.

The Corporate Business Plan sets out the City's services, projects and activities over four years. Critical supporting plans such as the City's Long Term Financial Plan and its Workforce and Asset Management Plans ensure that aspirations can be matched with organisational capacity. The Corporate Business Plan also guides, and is guided by, the development of issue specific strategies, which then inform Service Plans and, ultimately, the City of Perth's Annual Budget.

3.2 Strategic Aspirations

Perth is a young and constantly evolving city in comparison to other capital cities throughout the world. The feedback received from the community indicated that it wants to be a part of a city that is a great place for people to live, work, visit, study and invest. The community wants the city to be perceived as a beautiful and connected place that provides vibrant, diverse and friendly experiences.

Perth should be seen not only as a city that is bold and progressive in its way of life, but also have a sense of distinctiveness that people can confidently promote.

Our City - Vibrant, connected, progressive.

Figure 4 - Our Aspirations

3.3 Vision

Vibrant, connected, progressive. This is the community's aspiration for Perth. At the City of Perth, we are proud to use the community's aspirations as the guiding principle for the delivery of our services. By developing a clear and strong connection to the community's needs, we can focus on creating meaningful differences in our neighbourhoods and for Perth as one of the most liveable cities in the world.

3.4 Our Services

The City provides an extensive range of external facing services to our community including:

- Strategic leadership
- Advocacy on behalf of our community
- Strategy development
- Economic development
- Community capacity building
- Community support services
- Cultural development
- · Cultural and heritage collections management
- · Events and activation
- Library services
- · Customer service
- Community safety
- Public health
- City planning
- Development approvals
- Transport and urban design
- Infrastructure asset strategy and design
- Infrastructure maintenance
- Project delivery
- Parks maintenance
- Waste and cleaning
- Parking management

These services are supported and empowered by internal facing services including:

- Marketing and communications
- · Financial management
- ICT services
- · Human resource management
- Governance
- Information and records management
- Property management services

In developing the 2020/21 Annual Budget, the City has carefully considered the resource and funding requirements necessary to deliver ongoing services and programs, statutory and governance activities, asset network renewal expenditures and opportunities for major discretionary capital expenditure initiatives.

Over the life of the budget, the range and scope of our services may be re-evaluated, or service levels re-assessed in the light of changing circumstances to ensure that there is alignment between community expectations, financial and organisational capacity and agreed service levels.

As the City's service planning becomes more sophisticated, the City will take the opportunity to re-balance the service level versus resourcing equation to ensure that we are delivering value for money outcomes and we are targeting the priority services and initiatives identified by our community.

4.0 Service Based Resource Allocation Approach

4.1 Challenging the Paradigm

In compiling this 2020/21 Budget, the City has moved from a traditional local government resourcing model to a service based resource allocation model designed to emphasise agile and flexible assignment of employee, financial and equipment resources around services rather than organisational structure. Services prioritised through community feedback, agreed community outcomes and service levels will determine the allocation of resources each year rather than a traditional incremental increase to the existing service unit budgets. The new approach clearly identifies and separates core service delivery activities from discretionary operating projects to ensure that the community enjoys value for money outcomes and the City is accountable for delivery of agreed service levels and measurable outcomes.

It is acknowledged that such a shift in financial management approach is a journey and that fully embedding this practice into our operations will take time, but we firmly believe that we can exercise more effective stewardship of the city's financial resources through such an approach.

5.0 Annual Budget Modelling

5.1 Context for the Annual Budget

Preparing the Annual Budget is a statutory requirement under Section 6.2 of the Local Government Act 1995. More broadly, Division 6 of the Local Government Act 1995 provides guidance on financial management matters related to budgeting. Local Government (Financial Management) Regulations 22 - 33A prescribe the form and content of the statutory annual budget.

The Annual Budget plays an important role in operationalising the strategic financial management approach referenced in the Corporate Business Plan and Long Term Financial Plan. The Long Term Financial Plan exerts persuasive influence on the content of the City's Annual Budget.

The budget ensures that we have in place the necessary funding arrangements to support delivery of the agreed services and programs, proposed capital replacement programs and new capital projects for the upcoming year.

The City of Perth Annual Budget 2020/21 is consistent with all relevant legislative requirements.

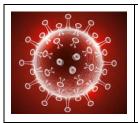

5.2 Assumptions & Modelling Parameters

The Annual Budget is a detailed operational document that guides the deployment of our available financial and people resources to deliver upon our community aspirations and strategic intent. It is necessarily based on numerous financial assumptions relating to the quantum of, and anticipated movements in both revenues and expenditures, the anticipated timeframes for cash flows into and out of the organisation and expectations of the continuation of existing funding initiatives by both commonwealth and state governments.

Included in the financial assumptions are anticipated movements in both the consumer price index, wages growth and interest rates as they relate to both investment returns and borrowing costs. Unanticipated changes in any of these parameters, the economic environment or in government policy directions are likely to have an impact on the financial model.

Adoption of the Annual Budget by Council does not constitute an irrevocable commitment to any particular project or service referenced in the budget, nor to its timing. Community engagement, detailed design or procurement processes may result in the modification, re-scheduling or deletion of individual initiatives. Similarly, it does not preclude the possible subsequent inclusion of further service or capital initiatives if the financial modelling and strategic direction of Council indicate that it aligns with that strategic direction and could be supported without adversely impacting on the City's financial sustainability.

5.3 Extraordinary Factors Impacting the Annual Budget

Covid 19 Impacts

The 2020/21 Annual Budget has been formulated in a Covid 19 environment. It is acknowledged that there are significant financial and economic impacts arising from Covid 19 on the City across the 2020/21 financial year and potentially into the next two years. These are articulated below.

Potential financial impacts on the City of the Post Covid 19 environment have been modelled under three different impact scenarios with the most likely one (informed by the March 2020 - June 2020 period) selected. Covid 19 financial impacts will continue to be monitored and the City's response amended as appropriate. These financial impacts fall into three categories:

Lost Revenues

The Annual budget has been developed on the premise that revenues from the City's parking business will be significantly adversely affected in the 2020/21 year and may progressively recover to a slightly less than pre Covid 19 level over the 2021/22 year and into 2022/23. This revenue modelling has been informed by careful analysis of the business during the affected period to date.

Rebound Expenditure to help Re-establish the Capital City's Economy

The City recognises its responsibility to our business and retail community to make significant investment in activating, promoting and marketing Perth as a destination of choice for tourism, retail, cultural experience, food and beverage and entertainment experiences post Covid 19.

The Annual Budget has been developed in recognition of the responsibility to both directly invest and to facilitate a favourable economic and planning climate that encourages other sectors to invest in rebuilding our capital city. A Covid 19 Rebound Strategy developed in conjunction with the community will guide the deployment of the \$20.115M funds allocated in 2020/21 to this critical initiative.

Windfall Government Funding Opportunities

Although not directly factored into the Annual Budget at this time, City leadership recognises the high likelihood of major funding injections from the Commonwealth government into infrastructure and construction projects that will create jobs and stimulate the economy. The City has shovel-ready identified projects ready to take advantage of such funding opportunities and the budget has been designed to be readily adapted to incorporate such opportunities.

5.4 Annual Budget

The narrative and analysis provided in Sections 5 & 6 of this document are intended to facilitate a shared understanding of the financial schedules underpinning the 2020/21 Annual Budget.

5.4.1 Annual Budget Financial Schedules

The published version of the Annual Budget is presented as:

- Statement of Comprehensive Income by Program
- Statement of Comprehensive Income by Nature & Type
- · Statement of Cash Flows
- Rate Setting Statement
- Notes to the Annual Budget
- Supporting Schedules Summary Management Budget
- Fees & Charges Schedule

An explanation of the purpose of the primary statements is provided below.

Statement of Comprehensive Income

This financial statement includes estimates of all revenues and expenditures that are included in the operating (normal day to day) activities of the City. This also includes non-cash items such as depreciation and interest payments on loans. It excludes repayments of loan principal, proceeds from loan borrowings and capital expenditure items - those are all reflected in the Rate Setting Statement.

Information from the Income Statement is used to calculate the Operating Surplus Ratio which is one of the statutory measures of financial sustainability.

Statement of Cash Flows

This financial statement demonstrates the projected impact on the overall cash position of the City of the planned financial transactions. It is derived from the Operating Position which is then adjusted for the impact of the non-cash transactions and non-operating items.

Rate Setting Statement

This statement provides a single consolidated view of all aspects of the budget. It includes estimates of all operating and non-operating revenues and expenditures as well as repayments of loan principal, proceeds from loan borrowings, capital expenditure items and transfers to or from cash backed reserves. It does, however, exclude all non-cash items. The purpose of the statement is to demonstrate the calculation of the amount of Rates revenue expected to be raised to fund the Budget each year

6.0 Budget Analysis & Commentary

6.1 Overall Commentary

The 2020/21 Annual Budget represents a financial commitment of \$305.3M. These funds are applied to towards delivering a program of relevant services to our community whilst maintaining and renewing our infrastructure and creating new community facilities that leave a legacy for our community.

The budget has been presented using a balanced budget philosophy. That is, whatever is proposed to be expended is fully funded by the funding options included in the budget.

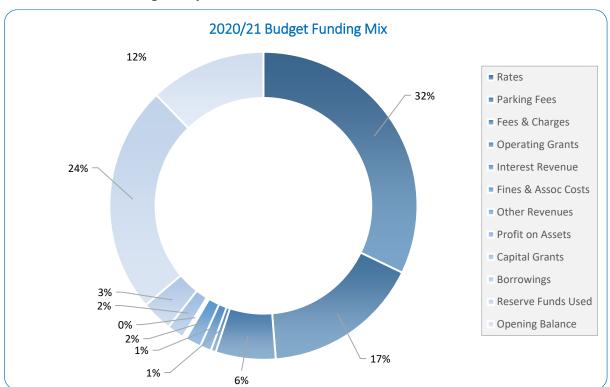

Chart 1 - 2020/21 Funding Mix by Source

Chart 1 (above) indicates the respective contributions of the various different funding sources to the total funding mix over the budget year. The major elements of the funding model are Rates (32%), Fees & Charges (6%), Parking Revenues (17%), Reserves (24%), Fines (2%), Borrowings (3%), Grants (2%), Other Revenues (2%) and Opening Balance (12%).

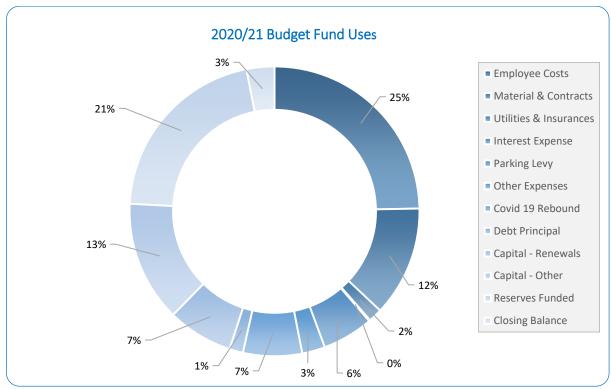

These funds will be applied towards meeting the costs of operational service delivery (premised on the agreed range and scope of services and agreed service levels) as well as expenditure on infrastructure renewals, new community asset creation and debt servicing.

The uses of those funds are shown below in Graph 2 titled 2020/21 Fund Use by Type.

The proposed expenditure program reflects approximately 55% of funds being applied to operational expenditure, 7% on infrastructure maintenance and renewals and 13% for new asset creation. A further 1% is used for debt servicing. Some 21% of available funds are used for creation of Reserve Funds and the remaining 3% is the Closing Balance.

Fund uses described in Chart 2 (below) as Reserves Created reflect the transfer of funds to cash backed reserves, largely relating to provision of funds for Covid 19 Rebound and funding for the Parking Bay Levy payable each year, in advance, to the state government.

Non-cash operating expenditure items such as depreciation have been excluded from the graph above and book gains such as revaluation increases relating to infrastructure assets, land and buildings are also not included in the budget model.

During 2020/21, the City aims to draw down approximately \$11M of Cash Backed Reserves and will use Borrowings of \$10.0M in total to supplement the City's other funding sources. The projected Closing Balance of \$9.0M represents around 5% of the operating revenue.

This budget reflects a responsible, prudent, and sustainable financial model for the City's finances given the uncertain economic environment in which we are operating.

6.2 Rates Commentary

Landgate Valuation Services provides the City with Gross Rental Values (GRV) for all properties within the city boundaries every three years. These valuations (GRV) are one of the two critical variables used in establishing the rates charges for each individual property. The other variable is the Rate in the Dollar which is established each year by Council in the budget process. Multiplying the GRV by the Rate in the Dollar derives the rates charge for the property.

Once a local government has obtained its schedule of property valuations (GRVs) from Landgate and knows the total rates base that it has available to work with, it then applies a differential rate (Rate in the Dollar) for each property category to generate the required amount to be raised from rates. That required overall rates yield is derived from the Rate Setting Statement (Refer to the Statutory Budget).

The City of Perth uses a Differential Rating Model in setting its rates. That is, it may apply a different rate in the dollar for each different property category. This can help to distribute responsibility for contributing to the rates yield more equitably. Table 1 & 2 below show the 2020/21 data at the initial rates strike and exclude interim rates or heritage concessions.

Table 1:

| Property Category | No Properties | GRV | Rate in the \$ | Minimum Rate |
|--------------------------|---------------|---------------|----------------|--------------|
| Commercial | 714 | 105,890,330 | 0.0647853 | \$800.00 |
| Hotel | 1,368 | 108,242,150 | 0.0641214 | \$750.00 |
| Retail | 531 | 132,093,196 | 0.0647925 | \$750.00 |
| Office | 2,391 | 977,798,093 | 0.0545000 | \$800.00 |
| Residential | 15,713 | 319,257,911 | 0.0645000 | \$750.00 |
| Vacant Land | 78 | 23,695,785 | 0.0739961 | \$800.00 |
| Total | 20,795 | 1,666,977,465 | - | - |

In formulating the 2020/21 rates model, the City was required to ensure that there was no increase in the rates yield from that raised in 2019/20 (a zero percent increase). This was required to be achieved in the same year as the triennial revaluation of GRVs for all properties meaning that not all ratepayers were levied the same rates amount as the previous year.

To try to model the rates in a fashion that balances the returns from each property category in a way that is equitable, is a real challenge for the City. To fully understand the respective contributions of each property category for the budget year, the City uses a measure of Relative Rating Effort (RRE) shown in the table below.

Table 2:

| Property Category | % Min Rated | 2020/21 GRV | 2020/21 Rates | RRE % |
|-------------------|-------------|---------------|---------------|-------|
| Commercial | 5.5% | 105,890,330 | 6,877,885 | 6.50% |
| Hotel | 45.0% | 108,242,150 | 7,091,411 | 6.55% |
| Retail | 3.7% | 132,093,196 | 8,562,738 | 6.48% |
| Office | 9.1% | 977,798,093 | 53,328,163 | 5.45% |
| Residential | 7.1% | 319,257,911 | 20,716,346 | 6.49% |
| Vacant Land | 5.1% | 23,695,785 | 1,756,361 | 7.41% |
| Total | 9.7% | 1,666,977,465 | 98,332,904 | 5.90% |

Relative rating effort, (RRE) is basically a calculation that asks, 'from the available GRV in a property category, what rates revenue was generated from it?'. That is, how hard was the rating opportunity leveraged. RRE allows comparability across differential rating categories and across local governments.

Chart 3 - 2020/21 Relative Rating Contribution by Property Category

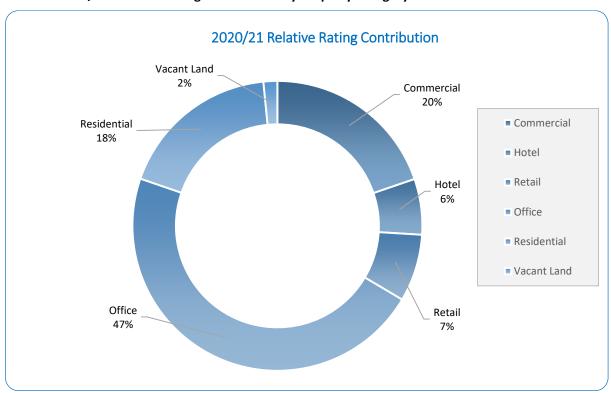

Table 3:

| Differential Rating Property Category | Rate in \$ & Min. Rate | No. Props. | Gross Rental Value (\$) | Budgeted Rates (\$) | Budgeted Interims | Total Revenue |
|---------------------------------------|------------------------|---------------|----------------------------|------------------------|----------------------|------------------|
| General Rate - GRV | | | | | | |
| Commercial | 0.0647853 | 675 | 105,682,674 | 6,846,686 | 300,000 | 7,146,686 |
| Hotel | 0.0641214 | 752 | 103,388,426 | 6,629,411 | 0 | 6,629,411 |
| Retail | 0.0647925 | 512 | 131,936,287 | 8,548,488 | 0 | 8,548,488 |
| Office | 0.0545000 | 2,174 | 975,313,078 | 53,154,563 | 20,000 | 53,174,563 |
| Residential | 0.0645000 | 14,591 | 308,125,515 | 19,874,095 | 90,000 | 19,964,095 |
| Vacant Land | 0.0739961 | 74 | 23,692,600 | 1,753,161 | 0 | 1,753,161 |
| Sub Total | | 18,778 | 1,648,138,580 | 96,806,404 | 410,000 | 97,216,404 |
| Minimum Rate | | | | | | |
| Commercial | \$800.00 | 39 | 207,656 | 31,200 | 0 | 31,200 |
| Hotel | \$750.00 | 616 | 4,853,724 | 462,000 | 0 | 462,000 |
| Retail | \$750.00 | 19 | 156,909 | 14,250 | 0 | 14,250 |
| Office | \$800.00 | 217 | 2,485,015 | 173,600 | 0 | 173,600 |
| Residential | \$750.00 | 1,123 | 11,132,396 | 842,250 | 0 | 842,250 |
| Vacant Land | \$800.00 | 4 | 3,185 | 3,200 | 0 | 3,200 |
| Sub Total | | 2,018 | 18,838,885 | 1,526,500 | 0 | 1,526,500 |
| Less Concessions | | | | | | |
| Heritage | | | | | | (410,000) |
| Net Total Rates | | 20,795 | 1,666,977,465 | 98,332,904 | | 98,332,904 |

Table 3 above shows the full rating model identifying separately the rates generated from properties levied at the general rate as well as the rates generated from the minimum rate set for each property category. A minimum rate is set to ensure that all properties make some reasonable contribution to the costs of running the City.

Table 3 also indicates the estimated value of heritage concessions given (that reduce the rates yield) and the estimated value of interim rates that may be generated through changes in property values during the year. The similarity in these values for the 2020/21 budget year is purely coincidental.

6.3 Commentary on Reserve Funds

Reserve funds are strategic in nature and, informed by future cash requirements identified in the Long Term Financial Plan, are generally accumulated to provide funding for identified future major community infrastructure projects. Discretionary reserves may also be funded from municipal funds to provide for future replacements of items including plant and equipment, technology, or reticulation systems.

Cash backed Reserve Funds are also a vital part of the 2020/21 Annual Budget funding package. Funds accumulated in cash backed reserves in prior years are available to be used to smooth fluctuations in rates needing to be raised when larger capital programs are being delivered.

The City currently has 18 Cash Reserves classified as:

- Asset Acquisition & Renewal Reserves
- Strategic Reserves
- Parking Related Reserves
- Waste Management Reserves
- Other Purpose Reserves

The 2020/21 Budget sees the City drawing down a net total of \$11M from its existing Cash Backed Reserves. The use of these Reserve funds is a strategic response to the combined challenges of responding to the challenges of Covid 19 and the City's desire to fund a larger than normal capital program to stimulate the local economy.

The major Reserve fund transfers and the reasons for them are shown in Table 4 below.

Table 4:

| Reserve Name | Purpose | Amount | |
|------------------------------------|--|------------|--|
| Transfer to Reserves | (Excludes 1.65M Interest Revenue) | | |
| Refuse Treatment Reserve | Quarantine refuse facility funding | 754,000 | |
| Public Art Reserve | Allocation from Muni Fund | 50,000 | |
| Parking Levy Reserve | Allocation from Muni Fund | 10,000,000 | |
| Parking Levy Reserve | Change of Reserve purpose - LGA 6.11 (3)(a) *1 | 20,000,000 | |
| Major Infrastructure Reserve | Allocation for accelerated Capital Program | 11,786,000 | |
| Covid Rebound Strategy | Allocation to fund Covid Rebound Strategy | 20,115,000 | |
| Total Transfers to Reserves | | 62,705,000 | |

The \$20.115M transfer of funds to the Covid Economic Rebound Reserve provides a consolidated view of the City's commitment to responding to the economic challenges presented by the Covid 19 pandemic. Where specifically defined programs / projects have already been defined, as at the date of budget preparation, those monies have been allocated to the specific budget costs at budget adoption date. The remaining funds will be held in the Covid Economic Rebound Reserve pending further engagement with the community committees and approval by Council of the breakup of the remaining notional allocations.

| Reserve Name | Purpose | Amount | | | | |
|--------------------------------------|--|--------------|--|--|--|--|
| Transfer from Reserves | | | | | | |
| Technology Upgrade | Stage 2 of Core Systems Consolidation | (1,275,000) | | | | |
| Organisational Reform | Culture program and corporate recovery | (700,000) | | | | |
| Concert Hall | Concert Hall property rectifications | (4,000,000) | | | | |

| Total Transfers from Reserves | | (73,168,374) | | | | |

6.4 Loan Borrowings

The use of borrowings to support the funding of long life capital projects is an important part of a balanced local government funding package. Introducing borrowings into the funding mix helps to smooth the spikes in rating from year to year - addressing the challenge of inter-generational equity. This means that those who will benefit from the use of the newly created asset in future years help to pay for the asset through paying rates to service the loan repayments each year.

With local governments able to borrow at fixed interest rates and interest rates at historic lows, the opportunity to embrace borrowings as part of the funding package cannot be overlooked in formulating the Annual Budget. In doing so, it is important to ensure that the City's Debt Service Ratio and Gross Debt to Operating Revenue Ratio remain within acceptable industry benchmarks (as this will be assessed before WA Treasury Corporation accepts any loan applications). New borrowings of \$10M repayable quarterly over 10 years have been included in the City's 2020/21 Annual Budget to support the overall funding package and in particular, rebounding from the impacts of Covid 19.

Debt Service Ratio

This indicator shows how much of the City's annual surplus (before interest and depreciation) is being applied to service debt obligations. It demonstrates that the City has sufficient operating surplus to service repayments of principal and interest on borrowings. The City's budgeted Debt Service Indicator is 1.96, relative to the industry benchmark for the Debt Service Ratio of 2.0 to 5.0 times coverage. This is due to the additional funding commitment to Covid 19 economic rebound activities.

Gross Debt to Operating Revenue Ratio

This indicator shows the relationship between outstanding debt and the annual operating revenue (less operating and capital grants). The preferred benchmark for the Gross Debt to Operating Revenue Ratio is less than 20%. The City's budgeted Gross Debt to Operating Revenue Ratio is 8.3% which is well within industry benchmarks.

6.5 Commentary on Key Financial Indicators

There are a number of statutory financial indicators that a local government must calculate and disclose in both their financial planning and financial reporting documents. The calculation of each indicator - and the specific inclusions in both the denominator and numerator used in the calculation are strictly prescribed in the Local Government Financial Management Regulations (LGFMR). This ensures that financial indicators published by different local governments are comparable.

However, it must be appreciated that there is no single indicator that demonstrates a local government's financial sustainability, nor does it necessarily mean that it is fatal if the City falls short of the benchmark for a specific indicator in a given year. The circumstances leading to the calculation of an indicator value must be understood to ensure that it is interpreted in context.

Operating Surplus Ratio

This indicator is used as a measure of capacity to meet operational expenses from revenues and the extent to which surpluses are generated to fund capital projects. The preferred ratio for this indicator is a positive value in the range between 0% and 15%. Any ratio over 5% meets or exceeds the industry benchmark.

For 2020/21, the City's disclosed ratio is (12.2%) - but this is entirely due to its heavy investment in activation and economic activities that support the Covid 19 Rebound Strategy that is specifically targeted at revitalising our CBD. Without the Covid Economic Rebound expenditure, the 2020/21 ratio was 0%

Long Term Financial Plan modelling suggests that in the post Covid 19 era, the City's future Operating Surplus Ratio sits comfortably in a financially responsible range.

Own Source Revenue Ratio

This ratio is used to indicate how much of the City's operating expenditure is covered by revenues directly generated by the City. That is, how financially autonomous is the City without reliance on external funding sources? Revenue used in this calculation does not include external funding such a grants and subsidies. The 2020/21 Own Source Revenue Ratio is 80% which is short of the preferred industry benchmark of 90.0%. Long Term Financial Plan modelling suggests that in the post Covid 19 era, the City's future Own Source Ratio sits comfortably in a financially responsible range.

Current Ratio

This indicator is a broadly used ratio in both the public and private sectors to focus on the liquidity (available working capital) of a business at a given point in time. This ratio indicates capacity to meet short term (current) financial obligations as calculated at a given point in time (generally at year end).

The preferred ratio for this indicator is a number greater than 1.0 The City's projected ratio is 1.1

Asset Consumption Ratio

This ratio measures the condition of a local government's physical assets, by comparing their age with their replacement cost. The ratio highlights the aged condition of a local government's stock of physical assets. The benchmark standard for this ratio is between 50% and 75%. The City's budgeted 2020/21 ratio is 75%

Asset Sustainability Ratio

This ratio indicates the extent to which the City's assets are being replaced as they reach the end of their economic life. The industry benchmark standard for this ratio is between 90% and 110%. This is an area for further focus as the City is generally close to; but does not exceed the industry standard at 84%.

Asset Renewal Funding Ratio

This ratio indicates the capacity of a local government to fund asset renewals as required to continue to deliver the existing service levels. The projected 2020/21 Asset Renewal Funding Ratio range show as 100% as the Asset Management Plan projections are setting the funding level for the Long Term Financial Plan & Budget. The basic standard for this indicator is a value of between 75% and 95%. The advanced standard for this indicator is a value of between 95% and 105%.

6.6 Capital Program

The 2020/21 Budget includes a \$63.65M allocation for capital expenditure (including asset renewals and the acquisition / creation of new assets). A broad overview of those projects is proved in Table 5 below.

Table 5:

| Capital Projects | Renewal or New | Amount |
|---------------------------------------|----------------|------------|
| Asset Renewal - Infrastructure | | |
| Asset Renewal - Roads Network | Renewal | 2,298,286 |
| Asset Renewal - Lighting & Electrical | Renewal | 3,695,526 |
| Asset Renewal - Drainage | Renewal | 1,243,765 |
| Asset Renewal - Paths & Kerbs | Renewal | 777,000 |
| Asset Renewal - Parks & Landscape | Renewal | 727,000 |
| Asset Renewal - Other Infrastructure | Renewal | 2,854,679 |
| Asset Renewal - Non Infrastructure | | |
| Asset Renewal - Buildings | Renewal | 6,216,447 |
| Asset Renewal - Plant & Equipment | Renewal | 1,170,386 |
| Asset Renewal - Technology | Renewal | 566,000 |
| Asset Renewal - Plant & Fleet | Renewal | 2,794,500 |
| Total Asset Renewal Projects | | 22,343,589 |

| Capital Projects | Renewal or New | Amount |
|---|----------------|------------|
| Major Discretionary Capital Projects | | |
| Wellington Square Redevelopment | New / Upgrade | 12,783,335 |
| East End Revitalisation | New / Upgrade | 12,358,800 |
| Core Systems Transformation | New / Upgrade | 1,520,000 |
| Container Deposit Scheme Facility | New / Upgrade | 1,324,751 |
| East Perth Foreshore | New / Upgrade | 1,300,000 |
| Safety & Security | New / Upgrade | 395,000 |
| Winthrop Ave - Thomas St Shared Path | New / Upgrade | 1,118,000 |
| Hostile Vehicle Incursion Measures | New / Upgrade | 488,800 |
| Civic Building Works | New / Upgrade | 2,437,000 |
| Other Discretionary Minor Capital Works | New / Upgrade | 7,577,325 |
| Total Discretionary Capital Projects | | 41,303,011 |
| | | |
| Total Capital Projects | | 63,646,600 |

In preparing this budget the City has excluded potential extra-ordinary funding opportunities such as financial stimulus funding from the Commonwealth government via Infrastructure Australia or the Council of Capital City Lord Mayors (CCCLM).

Whilst the City is proactively pursuing such funding opportunities, the realisation of such opportunities cannot be pre-emptively assumed or modelled with confidence, and so they have not been included in the 2020/21 Budget. In the event that such an opportunity does arise during the year, the budget model can easily be modified to incorporate such inputs and the related project expenditures without further impost on ratepayers.

7.0 Summary

The development of the 2020/21 Annual Budget represents another important step in the City's financial transformation journey and will play a critical role in continuing to re-position our capital city's finances for a sustainable future.

This budget has been persuasively influenced by the City's Long Term Financial Plan and Corporate Business Plan both of which are aligned to the Community Strategic Plan. Its content reflects a balanced and sustainable response to the challenging economic climate in which it was developed. It supports the delivery of a range of ongoing programs and services plus a significant capital expenditure program.

The financial impacts of operating in a Post Covid 19 environment should not be discounted or dismissed as they are both real and very significant. Several of the City's 2020/21 key financial ratios such as the Operating Surplus Ratio, Own Source Ratio and Debt Service Ratio appear weaker that industry benchmarks for 2020/21 - and yet this is a direct consequence of the City's conscious decision to invest \$20.115M in supporting the economic rebound of our City post Covid.

The City of Perth has taken responsibility for helping our capital city revitalise and rebound by investing heavily in activities that support that economic rebound and create new jobs through an accelerated capital works program. This positive leadership initiative is reflected in the 2020/21 Annual Budget.

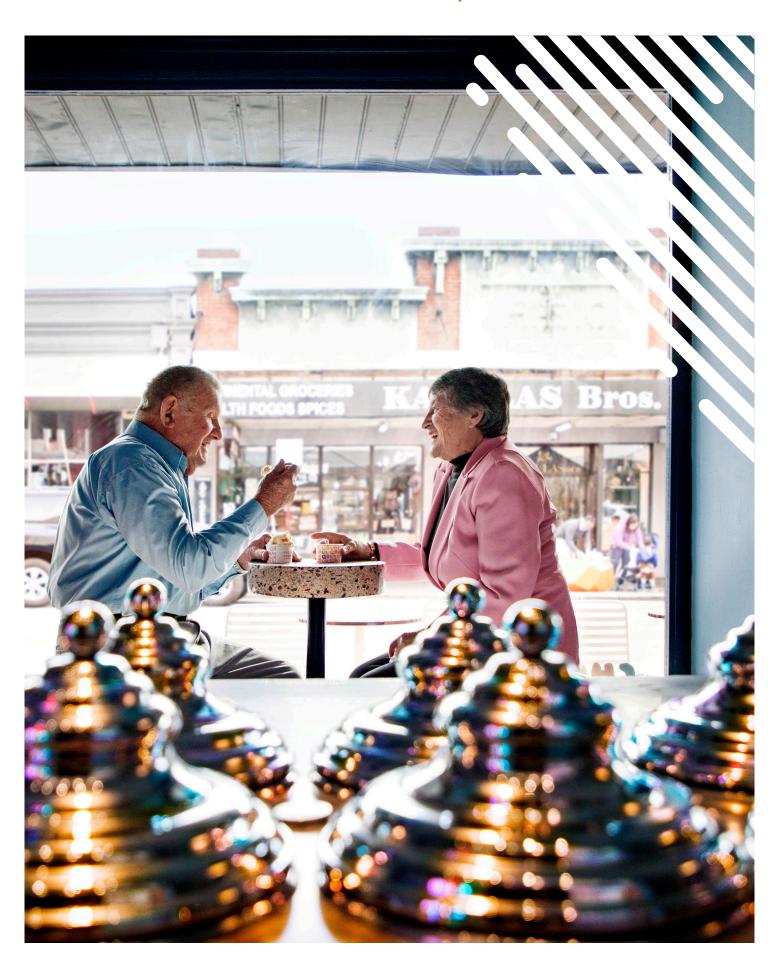

The statutory 2020/21 Annual Budget schedules are provided on the following pages.

I commend the 2020/21 Annual Budget to you.

Michael J Kent

Project Director Strategic Finance (Chief Financial Officer)

Budget Accounting Policies

Basis of Preparation

This budget has been prepared in accordance with Australian Accounting Standards (as they apply to local governments) and interpretations of the Australian Accounting Standards Board, and the Local Government Act 1995. The Local Government (Financial Management) Regulations 1996 take precedence over Australian accounting Standards. Regulation 16 prohibits a local government from recognising as assets crown land that is a public thoroughfare, such as land under roads, and land not owned but under the control of a local government, unless it is a golf course, showground, racecourse or recreational facility of state or regional significance, including land under roads have not been recognised in this budget. This is not in accordance with the requirements of AASB 1051 Land under Roads and AASB 116 Property, Plant & Equipment.

Accounting policies which have been adopted in the preparation of this budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

Local Government Reporting Entity

All funds through which the City of Perth controls resources to carry on its functions have been included in the financial statements forming part of this budget. In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for instance, loans and transfers between funds) have been eliminated.

All monies in the Trust Fund are excluded from the Budget

2019/20 Actual Balances

Balances shown in this budget as 2019/20 Actual are estimates forecast at the time of budget preparation and are subject to final adjustments.

Critical Accounting Estimates

The preparation of a budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Rounding Off Figures

All figures shown in this statement are rounded to the nearest dollar.

Comparative Figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

Budget Comparative Figures

Unless otherwise stated, the budget comparative figures shown in the budget relate to the original budget estimate for the relevant item of disclosure.

Change in Accounting Policies

On the 1 July 2020, the following new accounting policies are to be adopted and may impact the preparation of the budget:

AASB 1059 Service Concession Arrangements: Grantors

AASB 2018-7 Amendments to Australian Accounting Standards - Materiality

AASB 1059 is not expected to impact the annual budget.

Specific impacts of AASB 2018-7 have not been identified.

Goods & Services Tax

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

Key Terms & Definitions

The following terms and definitions apply to the Nature & Type classifications.

Revenues

Rates

All rates levied under the Local Government Act 1995. Includes general, differential, specified area rates, minimum rates, interim rates, back rates, ex-gratia rates, less discounts and concessions offered. Exclude administration fees, interest on instalments, interest on arrears, service charges and sewerage rates.

Service Charges

Service charges imposed under Division 6 of Part 6 of the Local Government Act 1995. Regulation 54 of the Local Government (Financial Management) Regulations 1996 identifies these as television and radio broadcasting, underground electricity and neighbourhood surveillance services. Excludes rubbish removal charges. Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

Profit on Asset Disposal

Profit on the disposal of assets including gains on the disposal of long term investments. Losses are disclosed under the expenditure classifications.

Operating Grants, Subsidies and Contributions

Refer to all amounts received as grants, subsidies and contributions that are not non-operating grants.

Non-Operating Grants, Subsidies and Contributions

Amounts received specifically for the acquisition, construction of new or the upgrading of non-current assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

Fees & Charges

Revenue (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees. Local governments may wish to disclose more detail such as rubbish collection fees, rental of property, fines and penalties, other fees and charges.

Interest Earnings

Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

Other Revenue / Income

Other revenue, which cannot be classified under the above headings, includes discounts, and rebates. Reimbursements and recoveries are separated by note to ensure the correct calculation of ratios.

Expenses

Employee Costs

All costs associated with the employment of a person such as salaries, wages, allowances, benefits such as vehicle and housing, superannuation, employment expenses, removal expenses, relocation expenses, worker's compensation insurance, training costs, conferences, safety expenses, medical examinations, fringe benefit tax, etc.

Materials and Contracts

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses, advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc. Local governments may disclose more detail such as contract services, consultancy, information technology, rental or lease expenditures.

Utilities

Expenditures made to the respective agencies for the provision of power, gas or water. Exclude s expenditures incurred for the reinstatement of roadwork on behalf of these agencies.

Insurance

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

Loss on Disposal

Loss on the disposal of fixed assets includes loss on disposal of long term investments.

Depreciation on Non-Current Assets

Depreciation and amortisation expense raised on all classes of assets.

Interest Expenses

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

Other Expenditure

Statutory fees, taxes, provision for bad debts, member's fees or State taxes. Donations and subsidies made to community groups. Includes the Perth Parking Management Area levy on all City of Perth on street and off street parking bays.

Reporting Programs

In order to discharge its responsibilities to the community, the City has developed a suite of operational program objectives that reflect the community's strategic vision.

Objective

Activities

Governance

To provide a decision making process for the efficient allocation of limited resource.

Members of Council, civic receptions and functions, public relations, electoral and other issues relating to the task of assisting Councillors and the rate payers which do not concern specific Council services.

General Purpose Funding

provision of services

To collect revenue to allow for the General rate revenue, penalty for late payment, ex gratia rates, rate administration fee, rate instalment fee, back rates, general purpose grants, untied road grants, interest on deferred rates, investment returns, discounts received, interest on long term borrowings.

Law, Order & Public Safety

To provide services to help ensure a safer and environmentally conscious community.

Fire prevention including the clearing for fire hazards, animal control, by-law control, public security, civil emergency services, park rangers, neighbourhood watch.

Health

To provide an operational framework for environmental and community health.

Preventive services including food control, health inspections, pest control, other health.

Education & Welfare

To provide services to disadvantaged persons, elderly, children and youth.

Childcare centres, aged and disabled, senior citizens' centres, welfare administration, donations to welfare organisations, other welfare, education services

Housing

affordable housing to residents.

To provide and maintain elderly or Maintain and administer affordable housing.

Community Amenities

To provide services required by the community

Rubbish collections, recycling, refuse site operations, litter control, public litter bins, abandoned vehicles, pollution control, town planning control, Citiplace administration, pedestrian malls, Forrest Place, street seats, memorials, bus shelters, rest centres and public conveniences.

Objective

Activities

Recreation & Culture

To establish and efficiently manage infrastructure and resources to help the social wellbeing of the community.

Public halls, civic centre, parks, sports grounds, community recreation programs, cycle ways, library, community arts program, Concert Hall, Perth Town Hall, donations to cultural institutions, parades and festivals, Christmas decorations, event and corporate sponsorship, Skyworks, state and precinct events.

Transport

To provide safe, effective and efficient transport services to the community.

Roads, footpaths, rights of way, drainage, road verges, median strips, overpasses, underpasses, street lighting, street cleaning, street trees, traffic surveys, traffic management, depot operations and operation of the on-street and offstreet commercial parking facilities.

Economic Services

To help promote the Capital City of Perth and improve its economic wellbeing.

Tourism and promotions, Perth Convention Bureau subsidies, building control, retail marketing, Christmas events and destination promotions.

Other Property & services

To monitor and control council's overheads operating accounts.

Public works overheads, plant/vehicle operations, sundry property and other outlays that has not assigned to one of the preceding programs.

Note 1 - Rates & Service Charges

a) Rating Information

| Differential Rating Property Category | Rate in \$ & Min. Rate | No. Props. | Gross Rental Value (\$) | Budgeted Rates (\$) | Budgeted Interims | Total Revenue |

| Vacant Land | \$800.00 | 4 | 3,185 | 3,200 | 0 | 3,200 |
| Sub Total | | 2,018 | 18,838,885 | 1,526,500 | 0 | 1,526,500 |
| Less Concessions | | | | | | |
| Heritage | | | | | | (410,000) |
| Net Total Rates | | 20,795 | 1,666,977,465 | 98,332,904 | | 98,332,904 |

All land (other than exempt land) in the City of Perth is rated according to its Gross Rental Value (GRV). The general rates detailed for the 2020/21 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates. It also considers the zero percent increase in rating yield for 2020/21 over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of the local government services and facilities.

b) Rating - Interest Charges & Instalments

The following instalment options are available for payment of rates and charges.

| Instalment Option | Due Date | Admin Charge | Instalment Interest Rate | Overdue Interest Rate |
|--------------------------|-------------------|-------------------|-----------------------------|--------------------------|
| One Payment | 28 September 2020 | - | 5.50% | 5.50% |
| Two Instalments | 28 September 2020 | \$35.00 | 5.50% | 5.50% |
| | 27 November 2020 | - | 5.50% | 5.50% |
| Four Instalments | 28 September 2020 | \$35.00 | 5.50% | 5.50% |
| | 27 November 2020 | - | 5.50% | 5.50% |
| | 05 February 2021 | - | 5.50% | 5.50% |
| | 09 April 2021 | - | 5.50% | 5.50% |
| Detail | | 2019/20 Budget | 2019/20 Actual (Est) | 2020/21 Budget |
| Instalment Plan Admin F | ee Revenue | 325,000 | 356,880 | 290,000 |
| Instalment Plan Interest | Revenue | 420,000 | 393,137 | 480,000 |
| Penalty Interest Earned | | 175,900 | 299,369 | 247,896 |
| Sub Total | _ | 920,900 | 1,049,986 | 1,017,896 |

c) Differential Rates

Landgate Valuation Services provides the City with Gross Rental Values (GRV) on a triennial basis. The current triennial valuation applies from 1 July 2020. The City of Perth imposes differential rates under the provisions of Section 6.33 of the Local Government Act 1995 on all rateable land within the City according to the predominant purpose for which the land is held or used, as determined by the City. The objects and reasons for the imposition of each differential general rate are:

Commercial

The Commercial classification relates to land where the predominant purpose for which the land is held or used is commercial in nature. The category includes wholesalers, warehouses, industrial, entertainment and sporting facilities. All these property assets have a common factor in being commercial operations with the object of attracting visitors and tourists to the City to contribute to city vitality. The City has set a rate for this sector at 6.4785316 cents per dollar of GRV.

Hotel

The Hotel classification relates to land where the predominant purpose for which the land is held or used is hotels, short-stay serviced apartments, hostels, board and lodging accommodation. The objective of the proposed rate in the dollar of 6.41214 cents, is to ensure that the proportion of total rates revenue derived from Hotel properties represents an equitable contribution towards service provision and for the ongoing maintenance of the City's assets.

Retail

The Retail category includes retail sales and services. All these property assets have a common factor in being retail operations with the object of attracting visitors and tourists to the City to contribute to city vitality. The City has set a rate for this sector at 6.4792500 cents per dollar of GRV.

Office

The Office category relates to land where the predominant purpose for which the land is held or used is as office accommodation. The purpose of this differential rate is to ensure that all ratepayers in this category make an equitable contribution to the City's revenue.

This category has historically had had a lower rate in the dollar than other categories, acknowledging the challenge of responsibly balancing the prevailing business climate, occupancy levels and sustaining a thriving CBD. For 2020/21, the proposed rate in the dollar is 5.4500000 cents.

Residential

The Residential category relates to land where the predominant purpose for which the land is held or used is residential. The purpose of this differential rate is to ensure that all ratepayers in this category make an equitable contribution to the City's revenue.

The objective of the proposed rate in the dollar of 6.4500000 cents, is to ensure that the proportion of total rates revenue derived from Residential properties represents an equitable contribution towards service provision and for the ongoing maintenance of the City's assets primarily used by residential ratepayers.

Vacant Land

The Vacant Land category relates to the limited stock of vacant land in the City. The proposed rate in the dollar for 2020/21 is 7.3996100 cents in the dollar.

d) Differential Minimum Rate Payment

For the 2020/21 year, the City is proposing a two-tiered approach to minimum rates. The minimum rate recognises that every rateable property in the City receives some level of benefit from the services and assets that the City provides.

A proposed minimum rate of \$800 will apply to the Commercial, Office and Vacant Land categories whilst a discounted minimum of \$750 is proposed for the Retail, Hotel & Residential property categories. The City has only 10% of all properties levied at the minimum rate. The number of minimums is required by legislation to be less than 50% of all properties.

e) Specified Area Rate

The City will not raise specified area rates for the year ended 30th June 2021.

f) Service Charges

The City will not raise service charges for the year ended 30th June 2021.

g) Rates Waivers, Discounts & Concessions

Owners of Heritage listed properties under the City Planning Scheme are eligible to apply for heritage rate relief concession subject to the criteria detailed in Council Policy 9.2 Heritage Rate Concessions

A 10% concession of Rates will be applied to qualifying heritage properties for a period of up to three consecutive years (up to a maximum of \$20,000 per annum), with the minimum concession being equal to the minimum rate for that property category. The rate concession applies to general rates only and does not impact rubbish service charges or the Emergency Services Levy.

| Detail | 2019/20 Budget | 2019/20 Actual (Est) | 2020/21 Budget |
|---------------------------------|-------------------|-------------------------|-------------------|
| Heritage Rate Relief Concession | 274,050 | 291,052 | 410,000 |
| | 274,050 | 291,052 | 410,000 |

Note 2 - Net Current Assets

a) Composition of Estimated Net Current Assets

| Detail | Note | 2019/20 Budget | 2019/20 Actual (Est) | 2020/21 Budget |

Note 2 - Net Current Assets (continued)

b) Items excluded from calculation of the Budget Deficiency

When calculating the budget deficiency for the purpose of Section 6.2 (2)(c) of the Local Government Act 1995 the following amounts have been excluded as provided by Local Government (Financial Management) Regulation 32 which will not fund the budgeted expenditure.

| Detail | Note | 2019/20 Budget | 2019/20 Actual (Est) | 2020/21 Budget |
|---------------------------------|------|-------------------|-------------------------|-------------------|
| Net Current Assets - Unadjusted | 2 | 104,034,976 | 133,481,648 | 97,656,965 |
| Less: | | | | |
| Cash - Restricted Reserves | 3 | (111,016,948) | (100,870,250) | (92,066,022) |
| Add: | | | | |
| Current Portion of Borrowings | | 8,778,971 | 4,233,038 | 4,751,628 |
| Employee Benefit Provisions | | 3,448,217 | 281,198 | 0 |
| Lease Liabilities | | 0 | 261,229 | 0 |
| Adjusted Net Current Assets | _ | 5,245,218 | 37,386,863 | 10,342,571 |

Operating Activities excluded from Budget Deficiency

The following non-cash revenue or expenditure has been excluded from operating activities within the Rate Setting Statement.

| 1 | occ. | |
|---|-------|--|
| L | .ess. | |

| Profit on Asset Disposals | 8 (b) | (226,663) | (106,127) | (614,141) |
|---|-------|-------------|-------------|------------|
| Movement in Liabilities associated with Restricted Cash | | (5,808,466) | (1,708,775) | 0 |
| Add: | | | | 0 |
| Loss on Asset Disposal | 8 (b) | 1,996,392 | 1,318,972 | 2,958,594 |
| Depreciation on Assets | 7 | 35,541,567 | 38,475,642 | 36,189,735 |
| Contributed Assets | | 0 | 0 | 0 |
| Net Amounts Excluded | | 31,502,830 | 37,979,715 | 38,534,188 |

Note 2 - Net Current Assets (continued)

c) Significant Accounting Policies

Current & Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the City's operational cycle. In the case of liabilities where the City does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the City's intentions to release for sale.

Trade & Other Payables

Trade and other payables represent liabilities for goods and services provided to the City prior to the end of the financial year that are unpaid and arise when the City of Perth becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

Provisions

Provisions are recognised when the City has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result; and that outflow can be reliably measured. Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Inventories

Inventories are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Trade & Other Receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets. Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

Note 3 - Reconciliation of Cash

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Estimated cash at the end of the reporting period is as follows:

| Detail | Note | 2019/20 Budget | 2019/20 Actual (Est) | 2020/21 Budget |
|-------------------------------------|------|-------------------|-------------------------|-------------------|
| Cash | | | | |
| Cash at Bank & On Hand | | 2,250,891 | 18,164,780 | 7,524,453 |
| Term Deposits | | 15,000,000 | 41,921,539 | 25,000,000 |
| | • | 17,250,891 | 60,086,319 | 32,524,453 |
| | | | | |

Note 7 - Asset Depreciation (continued)

Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Major depreciation periods used for each class of depreciable asset are:

| Buildings - Non Specialised | 30 - 50 years |
|------------------------------------|---------------|
| Furniture & Equipment | 4 - 10 years |
| Plant & Equipment | 5 - 15 years |
| Fixed Plant | 5 - 15 years |
| Technology | 3 - 5 years |
| Mobile Plant & Minor Equipment | 4 - 10 years |
| Leasehold Cost Amortisation | 99 years |
| Infrastructure - Roads | 20 - 80 years |
| Infrastructure - Paths | 15 - 50 years |
| Infrastructure - Drainage | 20 - 80 years |
| Infrastructure - Parks & Landscape | 10 - 40 years |
| Infrastructure - Other | 5 - 50 years |
| Infrastructure - Bridges | 40 - 70 years |
| Infrastructure - Lighting | 10 - 40 years |
| Infrastructure - River Wall | 5 - 60 years |

Amortisation

The depreciable amount of all intangible assets with a finite useful life, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held for use.

The assets residual value of intangible assets is considered to be zero and useful live and amortisation method are reviewed at the end of each financial year.

Amortisation is included within Depreciation on non-current assets in the Statement of Comprehensive Income.

Note 8 - Fixed Assets

a) Acquisition of Assets

The following assets are planned to be acquired during the financial year.

| Detail | Note | 2019/20 Budget | 2019/20 Actual (Est) | 2020/21 Budget |
|--|------|-------------------|-------------------------|-------------------|
| Property, Plant & Equipment | | | | |

| | - | | | |
| Total Assets Acquired / Constructed | _ | 56,817,525 | 29,186,399 | 63,646,600 |

Recognition of Assets

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Financial Management Regulation 17A (5). These assets are expensed immediately. Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Note 8 - Fixed Assets

b) Disposal of Assets - 2020/21 Budget

The following assets are planned to be disposed of during the 2020/21 financial year.

Gains & Losses on Disposal of Assets

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss in the period which they arise.

Note 8 - Fixed Assets

c) Disposal of Assets - 2019/20 Comparative

The following assets were disposed of during the 2019/20 financial year.

| Detail Not | e Actual Sale Proceeds | Actual Book Value | Actual Profit (Loss) |
|-----------------------------------|---------------------------|----------------------|-------------------------|
| Property, Plant & Equipment | | | |
| Land | 0 | 0 | 0 |
| Buildings | 0 | 13,809 | (13,809) |

Borrowing Costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Note 9 - Borrowings 2020/21 Year

b) New Borrowings

The City intends to borrow a total of \$10M during the 2020/21 year. The loan will be a fixed interest loan from WA Treasury Corporation (WATC) repayable quarterly over ten years.

c) Unspent Borrowings

The City had no unspent borrowing funds as at 30th June 2019 nor is it expected to have unspent borrowing funds as at 30th June 2020.

d) Credit Facilities

| Detail | Note | 2019/20 Budget | 2019/20 Actual (Est) | 2020/21 Budget |

Note 10 - Cash Backed Reserves

a) Purpose of Reserves

In accordance with Council resolutions, the purpose for which cash backed reserves are set aside are:

Technology Upgrade Reserve

This reserve was established to provide funding to enhance the City's core technology systems to facilitate service based resource allocation models and more transparent reporting of financial performance.

Organisational Reform Reserve

This reserve was established to fund the anticipated costs of the City of Perth Inquiry and to provide funding towards corporate recovery, organisational development and capacity building.

Refuse Disposal & Treatment Reserve

The purpose of this reserve is to allow for the development, construction and purchase of facilities and plant for the treatment, transportation and disposal of non-industrial refuse. It is also utilised to assist with the phasing in of significant increases in standard rubbish service charges when alternative waste stream processes are introduced.

Concert Hall Reserve

This reserve provides for the future maintenance of the Perth Concert Hall and the replacement of existing plant, furniture and carpets. The reserve also accommodates provision for the design and construction of a new WASO facility.

Major Infrastructure Reserve

This reserve is established to provide funding flexibility to allow the accelerated delivery of large multiyear infrastructure projects where delivery synergies and cost savings can be gained through aggregation of project stages.

Asset Enhancement Reserve

The purpose of this reserve is to provide funds for the enhancement, replacement, refurbishment of the City's assets and the acquisition new assets or capital works. This reserve may also be applied to fund projects that may not necessarily be controlled by the City but which may be carried out for the ultimate benefit of the City.

Parking Facilities Development

This reserve was established to enable parking facilities within the City and parking equipment to be developed and purchased.

Art Acquisition Reserve

This Reserve was established to fund future additions to the art collection of the City. It is generally funded from the proceeds of sale of artworks and the transfer of the unexpended annual allocation for art acquisitions.

Heritage Incentive Reserve

This reserve was established to fund heritage incentives to benefit properties on the City of Perth's heritage register.

Bonus Plot Ratio Reserve

This reserve was established to hold contributions in respect of Bonus Plot Ratio entitlements pending expenditure on streetscape improvements and / or public art.

Enterprise & Initiative Reserve

This reserve was established to fund future strategic projects or initiatives that introduce or improve efficiencies and effectiveness in the City's operations.

David Jones Bridge Reserve

This reserve was established to fund major repairs, renovations or replacement of the pedestrian bridge over Murray Street Mall between David Jones and Forrest Chase. Allocations to this reserve are made from unexpended maintenance contribution from the owner of the David Jones site.

Public Art Reserve

This reserve was established to provide financial capacity to support the commission of new and enduring public art identified in the City's Public Art Strategy. The reserve may be funded by allocations from the municipal fund, percent for art contributions, monetary contributions, gifts or bequests.

Provisional Capital Program Reserve

This reserve was established to match delivery capacity with the proposed Capital Program. As projects are completed, this reserve will be drawn down to fund Capital programs expected to occur later in the year.

Parking Levy Reserve

This reserve was established to set aside funds to meet payment of the State Government's Parking Levy.

Employee Entitlements Reserve

This reserve was established to fund the non-current portion of employee entitlements for Long Service Leave and the non-current portion for Annual Leave entitlements.

Council House Refurbishment

This reserve was established to fund future refurbishment of Council House to optimise the use of the available floor space and encourage more effective and efficient working arrangements.

Covid 19 Economic Rebound Reserve

This reserve was established to quarantine funding for the initiatives associated with the City's Covid 19 Economic Rebound Strategy.

b) Funding & Use of Reserve Funds

Reserves are funded by periodic strategic allocations as determined by Council generally through the budget process unless otherwise stated. Cash reserves are deployed strategically in accordance with the funding model contained in the City's ten-year Long Term Financial Plan 2020/21 - 2029/30.

d) Change of Purpose of Cash Backed Reserves

During the 2020/21 year, the City intends to strategically redeploy some existing cash backed Reserves. This process is occurring in accordance with the provisions of Section 6.11 (3)(a) of the Local Government Act 1995 and is addressed through this annual budget process.

An amount of \$20.0M is being transferred from the Parking Facilities Reserve to the Parking Levy Reserve (purpose of Reserves stated at Note 10 (a)) to meet an immediate budget funding need. A further amount of \$1.5M from the Provisional Capital Projects Reserve is being released back to the Municipal fund as the projects the funds related to are no longer priority capital initiatives or are funded from alternative sources.
