## 4. Announcements by the Lord Mayor

### 4.1 Elizabeth Quay Family Fun Fair

The Lord Mayor advised that as of last weekend the Elizabeth Quay Family Fun Fair had attracted more than 16,000 people at Elizabeth Quay, a 20% increase in attendance since 2022. The Lord Mayor also advised that there were 7,500 people at the Elizabeth Quay fireworks which was a 28% increase in attendance since 2022. The Lord Mayor thanked the City of Perth team and Elected Members for a great events year as evident with the huge crowds and popularity of the City's events, including the Twilight Food Markets and the Rio Tinto Christmas Lights Trail.

## 4.2 Safe Night Space Alternative

The Lord Mayor presented an alternative for the Safe Night Space for women to State Government. He noted that the decision made by Council in February was to extend the Safe Night Space operations at the Rod Evans Centre until 30 November to allow sufficient time for people to make other arrangements. As no other arrangements had been made, the Lord Mayor stated he was pleased to help orchestrate an alternative for consideration.

The Lord Mayor advised that he contacted the Mayor of the City of Vincent, Alison Xamon, to discuss potential options with other spaces where Mayor Xamon highlighted Uniting WA as a potential option. The Lord Mayor had discussions with others and Uniting WA who indicated that they would be in a position to offer their existing premises in Northbridge as an alternative site for the Safe Night Space for women. The Lord Mayor advised that, on Monday 11 December, Uniting WA formally wrote to the State Government with a proposal to assume those services in the very near future for their consideration. The Lord Mayor advised that Uniting WA are well respected and experienced at providing these sorts of services, although this would be an overnight service for vulnerable women specifically, and it would operate from their existing established Tranby Engagement Hub in the City of Perth.

The Lord Mayor stated that in November 2023 the State Government offered \$3.1 million to help find a way for the Safe Night Space service to continue. As per Council's decision in February, the service cannot continue at the Rod Evans Centre as this is returning to a community centre. The Lord Mayor advised that Uniting WA would require the State Government to make that funding available to them so that they could be in a position to offer the services and provide a safe place for vulnerable women to shelter at night. The Lord Mayor advised the community to urge the State Government to agree. The outcome of the formal letter of proposal from Uniting WA to the State Government should hopefully be known in the next few days. The Lord Mayor announced that it would be wonderful if the money that the State Government has already committed to keep the Safe Night Space service open for vulnerable women be committed to Uniting WA, so that the alternate site can begin operation as soon as possible.

2. Lightscape is a 5-year major event at Kings Park Botanic Gardens, that commenced in 2023 taking ticketholders on a 1.8km trail through the iconic Kings Park and Botanic Gardens from 16 June to 30 July 2023.
3. Lightscape is presented and funded by Sony Music and the State Government Authority Botanic Gardens and Parks Authority (BPGA).

### 9. Media Coverage:

Media coverage of Lightscape in 2023 reached over 1 million impressions, with over 7.68 million impressions, generating 285 clips and engaging 135 media personalities and influencers.

## Discussion

10. The internationally renowned Lightscape art and sound spectacular is returning to Kings Park after a sell-out season in 2023.
11. On 24 November 2023, the City received a formal request for support from BGPA.
12. As part of the provision in the 2023/24 Partnership Agreement, the City is to be offered the opportunity to be the *Presenting Partner* (‘powered by City of Perth City of Light’) for the 2024 Lightscape event.
13. Lightscape will take place over 40 nights from 7 June 2024, supported by an 8-month advertising and social media campaign.
14. In 2024, Lightscape (year 2) will once again bring the best of international and local artists to build on a conservation and botanical theme being ‘*The magic of root systems and their role in resilient landscapes*’.
15. The Presenting Partner opportunity will require the full requested amount to be supported (endorsement of option 1 as detailed below).

16. The Administration has provided four options for Council to consider:

**Option 1**

That Council APPROVES to support the Botanic Gardens and Parks Authority for the 2024 Lightscape Event as *Presenting Partner* to the value of:

\$290,000 (ex GST)

**Option 2**

That Council APPROVES to support the Botanic Gardens and Parks Authority for the 2024 Lightscape Event as *Major Partner* to the value of:

\$150,000 (ex GST)

**Option 3**

That Council APPROVES to support the Botanic Gardens and Parks Authority for the 2024 Lightscape Event as *Supporting Partner* to the value of:

\$60,000 (ex GST)

**Option 4**

That Council does not APPROVE any support to Botanic Gardens and Parks Authority for the 2024 Lightscape Event.

## Consultation

17. Discussions have been occurring since 2022 with BGPA, Sony and Culture Creative.
18. Representatives from BGPA have expressed a desire to attend the Council Meeting to enable elected members to clarify any aspect of this leveraging proposal.

## Decision Implications

19. Council Policy 4.3 Outgoing Sponsorship and Grants clause 10a. outlines that the City will not consider applications from the Commonwealth or State Government Departments through our sponsorship and grant programs.
20. Separate to the sponsorship program the City maintains a Major Events Activation Reserve which has the following stated purpose:
- “This reserve was established to allow the City to leverage activations associated with third party run major national or international sporting events. The reserve may also be used to allow the City to partner with state government agencies delivering events with significant state funding support.”*
21. The City’s involvement in the 2024 Lightscape Event is consistent with the purpose for which the reserve fund was established and could therefore be used to source up to \$290,000 towards leveraging the event.
22. If Council supports, any of the first three options (1, 2 or 3) to provide funding for this major event then the extent of financial impact will require funding from the City’s Major Events Activation Reserve.
23. If Council does not support any funding being made available, as outlined in Option 4, no further action will be required.

24. The City strives to encourage events of this nature that drive visitation to the City and showcase Perth as a vibrant, global destination for future major international events.

## Further Information

26. Questions and Responses in relation to this item are as follows:

	Question	Response
1.	As you stated this is a five-year agreement with Sony. So based on Sony's investment in this light event, your commitment, and the overwhelming success of 2023 the City of Perth as the 2023 presenting partner contributing \$200k why is it so that in 2024 your request has increased to \$320k in total.	In addition to the deputation provided at Agenda Briefing Session on 5 December: Lightscape as a brand was unknown in 2023 and the City of Perth joined to partner with BGPA (Botanic Gardens and park Authority) in May 2023 and the event opened in mid-June 2023. The 2023 rate was discounted given the unknown nature of the event, the late timing of the partnership and the limited opportunity to build on the branding of the event.

	Question	Response
2.	What is the CoP getting for an additional \$120k investment into this event for 2024?	<p>An extra six months of promotion for Lightscape as a partnership and presenting status.</p> <p>BGPA have advised they will provide extra activation in the CBD and increase transport services. They will also resource extra opportunity to engage with local businesses to deliver VIP experiences.</p>
3.	Could we see that rise further over the coming years until the current Sony contract of 5 years ends in 2027?	This proposal only relates to the 2024 Lightscape event.
4.	Your stats show 47.7% from Northern subs and 39.2% Southern subs visited Lightscape 2023, so from a ratepayer perspective and those residing and working in the City of Perth where is the value add for them?	<p>Perth operates under both the Local Government Act 1995 and the City of Perth Act 2016. As a capital city, Perth has a leadership position and unique responsibilities in the social, economic, cultural, environmental and civic life of its district, the broader metropolitan area and the State. It also has a unique role in representing Western Australia on national and international stages.</p> <p>Council endorsed the 2025 Events Strategy which sets the following vision: Perth is our capital city and the events heart of WA. Perth is:</p> <ul style="list-style-type: none"> <li>• an events destination</li> <li>• a vibrant, connected and progressive city.</li> <li>• an event friendly destination.</li> <li>• has a year-round calendar of events that reflects our unique cultural proposition, attracts visitors and is supported by residents.</li> <li>• receives international repute for its brand and unique culture and is known for a signature event Perth is a city that celebrates its unique Aboriginal culture and multicultural community.</li> </ul>

	Question	Response
5.	<p>Would discounting tickets for CoP residents encourage more local participation on a visitor level and local business engagement level justify the additional funds requested for Lightscape 2024?</p>	<ul style="list-style-type: none"> <li>• Once Council makes their decision, there will be discussion with BGPA regarding leveraging opportunities and benefits associated with the relevant level of support.</li> <li>• Discussion of benefits and operational support occurs at an administrative level under the authority of the Chief Executive Officer, as per the third recommendation of the Council report.</li> <li>• In regards to discounts, we can certainly have those discussions once the Council decision is made. Given the strong working relationship this year between the City and BGPA there will definitely be a focus on how we can leverage support for businesses, particularly in the West Perth area. This year we visited businesses in the area to engage on opportunities, so we have an existing database and the longer lead up time will assist improve outcomes.</li> <li>• Options that can be explored with BGPA include discounted tickets or presale for local residents, and development of VIP experiences so local business can benefit from increased activation.</li> </ul>
6.	<p>From 2023 being 30 days to 2024 being 40 days and assuming you are at 100% capacity as last year's figures suggest this will also provide you with additional profits you didn't see in 2023, so again what is the additional 120k needed for?</p>	<p>It is acknowledged that with additional days, comes additional costs and further opportunities for promotion of the event.</p>
7.	<p>Would you consider a fixed sum of \$200k if the CoP commit to support this event as in 2023 until the end of the contract date with Sony being 2027, so you have the guarantee that we are invested in this event for our city and with you.</p>	<p>This response has been circulated to Elected Members under confidential cover.</p>

### 13. Infrastructure and Operations Alliance Reports

Nil.

## 14. Commercial Services Alliance Reports

Councillor Brent Fleeton disclosed an Impartiality Interest in Item 14.1.

### 14.1 1275 (Lot 1017) Hay Street, West Perth (Colonnade) - Leasing - Approval of Lease Proposal

Responsible Officer	Steve Holden – General Manager Commercial Services
Voting Requirements	Absolute Majority
Attachments	Attachment 14.1A – Lease Proposal Attachment 14.1B – Survey Plans Attachment 14.1C – Street View

### Purpose

To seek Council approval to enter into and advertise the disposal of a new lease for 1275 (Lot 1017) Hay Street (Colonnade), West Perth to Tassone & Singh Pty Ltd as trustee for the Tassone & Singh Unit Trust (“tenant”) as per Attachment A (“Lease Proposal”).

### Recommendation

That Council:

1. APPROVES the proposed Lease Proposal to lease 1275 (Lot 1017) Hay Street (Colonnade), West Perth, for a period of 21 years.
2. AUTHORISES the Chief Executive Officer to give local public notice of the proposed disposition in accordance with Section 3.58(3)(a) of the *Local Government Act 1995*.
3. DELEGATES authority to the Chief Executive Officer to consider any submissions made in response to local public notice of the proposed disposition and to agree to disposed of the property in accordance with Section 3.58(3)(b) of the *Local Government Act 1995*.
4. Subject to the Chief Executive Officer agreeing to dispose of the property in the exercise of authority delegated under item 3, AUTHORISES the Chief Executive Officer to execute the new lease and any subsequent sublease, variation, extension or assignment on behalf of the City.

## Background

1. This report is being submitted at the request of the existing tenant who are requesting a new 21-year lease.
2. 1275 (Lot 1017) Hay Street, West Perth is a two-storey retail/commercial building standing on the corner of Hay Street and Outram Street. The top floor of the property has been constructed over the top of the **road reserve** (footpath).
3. This colonnade and air rights arrangement over the **road reserve** has been documented by way of a 21-year lease between the owners of the property and the City of Perth.
4. The current lease terminates on the 15<sup>th</sup> June 2029.
5. In November 2022, Satac Pty Ltd sold the property and assigned the lease to Tassone & Singh Pty Ltd.
6. Tassone & Singh Pty Ltd is owned by Dhyan Singh and Alberto Tassone, who own Stanley College. It is understood that Stanley College will operate the property as a hospitality training facility with a Development Approval recently issued for a tavern use on the ground floor and education use on the upper floors. The City is now in receipt of the Building Permit application for the refurbishment of the property.
7. The Deed of Consent and Assignment of Lease was formalised on 25<sup>th</sup> November 2022.
8. Reflecting the short period remaining on the existing lease, Tassone & Singh Pty Ltd have now formally requested that the City consider a new lease agreement for a further 21-year term.

## Discussion

9. Assuming Ministerial approval, the Administration is willing to support this request, which will secure the investment by the tenant in the property, including the occupation by Stanley College.
10. Ministerial approval is required as the lease is on Crown Land (road reserve), with 21-years being the maximum possible term that the Minister will approve.

### Market Rental Valuation

11. A market rental valuation of the site was issued by the City's Valuer, Burgess Rawson on 24<sup>th</sup> April 2023, with a confirmation letter dated 23<sup>rd</sup> October 2023.
12. The Valuer determined a market rental valuation of \$5,720.00 per annum.
13. This is in line with the current rental paid by the tenant to the City of \$5,720.00 per annum.

### Lease Transaction

14. The City has now reached agreement on proposed terms for the new lease with the rent set at the market rate of \$5,720 per annum.
15. The proposal does not include any incentives.
16. However, the agreed lease term is outside the scope of Council Policy 2.7 Property Performance Investment and Disposal Policy, which states that the aggregate term, including any options to extend or renew, is not to exceed a maximum of twenty (20) years.
17. The agreed rent is 100% of the market valuation and is accordance with the parameters for an Income Generating property (being not less than 95% of market value).

18. Per Council Policy 2.7 Property Performance, Investment and Disposal, ordinarily the rent should be reviewed to Market Value not less than every five years during the term. Annual percentage increases in rent equal to or not less than the movement in the Perth Consumer Index will also apply on each year of the term where the rent is not reviewed to Market Value.
19. On this occasion, the rent review will be subject to Perth Consumer Index review every two years, which mirrors the existing rent review provisions in the current lease. This approach reflects the lack of suitable comparable evidence for leases of this nature and avoids paying market valuation fees for what is a relatively low value lease.
20. A copy of the Lease Proposal is attached to this report as Attachment A along with a copy of the Survey Plans as Attachment B.
21. Per the norm for such transactions, all negotiations to date have been made subject to formal approval, advertising and all relevant statutory approvals, including Ministerial approval.

## Consultation

22. Not applicable.

## Decision Implications

23. There are no additional risk implications to the City other than if the Lessee fails to perform their Lease obligations.
24. There are no adverse financial implications for the City, as the new rental is the same as their current rental amount. All costs for the preparation of legal documents will be at the cost of the Lessee.
25. If the Council supports the recommendation, then the City will commence the statutory advertising required under Local Government Act 1995, Section 3.58.
26. If the Council does not support the recommendation, the Lessee will be advised of the outcome.

## 15. Corporate Services Reports

### 15.1 Monthly Financial Statements - October 2023

Responsible Officer	Michael Kent – Chief Financial Officer
Voting Requirements	Simple Majority
Attachments	Attachment 15.1A – Statement of Financial Activity Attachment 15.1B – Notes on Significant Variances Attachment 15.1C – Supplementary Notes to Statement of Financial Activity Attachment 15.1D – Financial Performance Statistics Attachment 15.1E – Statement of Financial Position Attachment 15.1F – Alliance Operating Variances Attachment 15.1G – Capital Variances Attachment 15.1H – Investment Report Attachment 15.1I – Rates Debtors Report.

### Purpose

This suite of reports provides Council with timely, meaningful financial insights regarding the City’s operating activities, financial performance, and financial position.

### Recommendation

That Council:

1. RECEIVES the following financial reports for the period ended 31 October 2023:
  - a) Statement of Financial Activity (SFA) - Attachment 15.1A.
  - b) Notes on Significant Variances - Attachment 15.1B.
  - c) Supplementary Notes to the Statement of Financial Activity - Attachment 15.1C.
  - d) Monthly Financial Statistics - Attachment 15.1D.
  - e) Statement of Financial Position - Attachment 15.1E.
  - f) Alliance Operating Variances - Attachment 15.1F.
  - g) Capital Variances - Attachment 15.1G.
  - h) Investment Report - Attachment 15.1H.
  - i) Rates Monthly Debtors Report - Attachment 15.1I.

## Background

1. Presentation of a monthly financial report to Council is both a statutory obligation and good financial management practice that:
  - a. Demonstrates the City's commitment to managing its operations in a financially responsible and sustainable manner.
  - b. Provides timely identification of variances from budget expectations for revenues and expenditures and identification of emerging opportunities or changes in economic conditions.
  - c. Ensures proper accountability to the community for the use of financial resources.
2. Preparation of a monthly Statement of Financial Activity (SFA) is the minimal statutory requirement of the *Local Government Act 1995* and regulation 34 of the *Local Government (Financial Management) Regulations 1996*. It is also a responsible financial management practice to allow Council to effectively execute their financial management responsibilities.
3. Financial information that is required to be reported directly to Council monthly includes:
  - a. Operational financial performance against budget expectations.
  - b. Explanations for identified variances from expectations.
  - c. Financial position of the City at each given month end.
4. This statutory financial information is supported by additional supplementary information including investments performance and reports on rates and general debtors.

## Understanding the Financials

5. When reading the financial information provided in this report, 'variances' (deviations from budget expectations) are classified as being either:
  - a. Favourable variance.
  - b. Unfavourable variance.
  - c. Timing variance.
6. A timing variance relates to a budgeted revenue or expense that has not occurred at the time it was expected, but which is still expected to occur within the budget year. That is, the financial transaction will still occur - but just in a different month. There should be no impact on the projected budget surplus by year end.
7. A realised favourable or unfavourable variance is different to a timing variance. It represents a genuine difference between the actual and budgeted revenue or expenditure item.
8. A realised favourable year to date variance on a revenue item is a positive outcome for the City as it increases the projected budget surplus. An unfavourable variance on a revenue item has the opposite effect, resulting a decrease to the projected budget surplus.
9. A realised favourable variance on an expenditure item may have either of two causes - one being a saving because the outcome was achieved for a lesser cost, which has the effect of increasing the projected budget surplus. The other cause may be that the proposed expenditure may not have been undertaken and is not expected to be incurred in that financial year. Whilst this may seem positive from the financial position perspective, it may not be a positive outcome for the community if the service or project is not delivered.

10. A realised unfavourable year to date variance on an expenditure item, (over-expenditure) results in a decrease to the projected budget surplus.
11. The Schedule of Significant Variances (Attachment 15.1B) provides commentary on whether the nature of the variance is savings related, timing related or otherwise.
12. If a realised favourable or unfavourable variance is material in value (of significant size), it will be amended through a formal budget review process.

## Discussion

13. It is a statutory requirement to present a set of Monthly Management Accounts within two months of the end of the month to which they refer.
14. The SFA by Nature & Type - Attachment 15.1A presents a whole of organisation perspective on the attainment of revenue and expenditure targets overall - classified by nature and type.
15. The headline data from the SFA is shown in Table 1 below.

**Table 1:**

Item Details	Annual Budget	YTD Budget	Actual 23/24	Variance	F/ U
Operating Revenue	\$ 113.24 M	\$ 44.85 M	\$ 46.68 M	\$ 1.83 M	F
Rates Revenue	\$ 103.80 M	\$ 103.80 M	\$ 104.50 M	\$ 691 K	F
Cash Operating Exp.	\$ 174.96 M	\$ 55.07 M	\$ 50.80 M	\$ 4.27 M	F
Non-Operating Revenue	\$ 12.92 M	\$ 0.00 M	\$ 111 K	\$ 111 K	F
Capital - Infrastructure	\$ 34.08 M	\$ 5.86 M	\$ 6.58 M	\$ 722 K	U
Property, Plant & Equip.	\$ 36.14 M	\$ 4.07 M	\$ 4.20 M	\$ 130 K	U
Capital Contributions	\$ 19.00 M	\$ 1.25 M	\$ 0.00 M	\$ 1.25 M	F

16. Material operating revenue and expenditure variances from Attachment 15.1A are detailed (with explanatory comments) in the Notes on Significant Variances (Attachment 15.1B).
17. Each line item listed in the SFA by Nature & Type Attachment 15.1A can be cross referenced (using the Note reference) back to the relevant note.
18. Examining the SFA (Attachment 15.1A) in more detail; the aggregation of operating revenues and operating expenses reflects a year-to-date Net Cash Position from Operations of \$100.37M compared to a year-to-date budgeted surplus of \$93.59M. This is a favourable variance of \$6.78M at the end of the month.
19. Investing activities reflect a result of (\$10.74M) compared to a year-to-date budget of (\$11.17M). This is a favourable variance of \$0.43M. This is largely related to an accelerated start to the capital program, albeit a program with a modest budget to date.
20. Construction of infrastructure to month end is ahead of year-to-date budget expectations at \$6.58M, against a \$5.86M year to date budget as noted at paragraph 15.
21. Acquisition of non-infrastructure to month end is \$4.20M and is also ahead of the year-to-date budget.

22. Comments on significant capital variances are contained in Attachment 15.1G.
23. Adjusting for opening funds (Net Current Position), generates the Budget Deficiency before Rates. This then indicates the Amount Required to be Raised from Rates. The difference between the Rates amount, and the Deficiency before Rates, is the Closing Position.
24. The SFA for the period to 31 October shows that a rate yield of \$104.50M has been levied compared to the budget of \$103.80M after adjusting for interim rates.
25. The disclosed year to date SFA Closing Position of \$120.88M compares favourably to the projected budget closing position of \$114.57M - reflecting the combined impact of the favourable variances noted in this report for revenues, expenses, and financing activity.
26. Contributing to this difference are a very positive investment revenue performance and slower than anticipated operating cash outflows.
27. Key financial statistics at each month end are presented graphically in Attachment 15.1D as an alternative representation of the data.
28. The Net Current Position Note (Attachment 15.1C) at month end indicates a year-to-date adjusted Net Current Position value of \$120.95M versus the year end projection of \$7.69M.
29. Headline data from this month's Net Current Position report is shown in Table 2 below.

**Table 2:**

Item Details	June 2023 Actual	June 2024 Annual Budget	Oct 2023 Actual
Current Assets	\$ 210.03 M	\$ 181.80 M	\$ 315.25 M
Current Liabilities	(\$ 35.22 M)	(\$ 41.53 M)	(\$ 50.68 M)
Unadjusted Net Assets	\$ 174.81 M	\$ 140.29 M	\$ 264.57 M
Less Restricted Items	(\$ 155.11 M)	(\$ 132.60 M)	(\$ 143.62 M)
Adjusted Net Current Position	\$ 19.69 M	\$ 7.69 M	\$ 120.95 M

30. The Current Asset position at month end is favourably impacted by three major factors :
  - a. A higher value of reserve funds versus the projected year-end balance - which will be reduced later in the financial year based on planned drawdown of funds.
  - b. A higher municipal cash balance due to a strong rates first instalment collection profile.
  - c. A significantly higher rates receivable balance representing the remaining three rate instalments yet to fall due for collection.
31. As noted above, there is currently a higher value of reserve funds (restricted assets) at present, and this difference will remain until drawn down to make the capital contributions for the WACA Aquatic Facility and Perth Concert Hall when required.
32. The remaining variances are essentially timing differences attributable to 'unusual' but relatively predictable pattern of local government cashflows. That is, revenue is largely recognised at the beginning of the year – but cash collections and expenditure are phased across the whole year.
33. A Statement of Financial Position as at month end (showing 2022/23 Actual balances, the Revised 2023/24 Budget and the 2023/24 Year to Date Actual balances) is presented as Attachment 15.1E.

34. In line with recent local government financial management reporting changes, Attachments 15.1A to Attachment 15.1C form the portion of monthly management accounts that is a statutory obligation.
35. The remaining attachments 15.1D through to 15.1I are supplementary information provided to give Council additional transparency of the City's financial management performance.
36. Attachment 15.1F - Operating Variances and Attachment 15.1G - Capital Variances provide a more granular view of variances by alliance and service.
37. Attachment 15.1H - Investment Report for October 2023 presents detail of the City's cash investment portfolio in terms of performance, percentage exposure of total portfolio by credit risk, counterparty exposure and maturity profile.
38. The report indicates the City has adequate cash flow to meet its financial obligations as and when they will fall due; and it has achieved compliance with the various Investment Policy limits.
39. It also shows the impact of recent uplifts in investment rates and performance is currently comfortably ahead of the upward revision to the interest revenue budget in the 2023/24 annual budget.
40. Attachment 15.1I - Rates Debtors provides a monthly update and analysis of rates collections by differential property rating category and overall. The 2023/24 rates notices were issued on 28 July with a first instalment due date of 6 September 2023.
41. As noted in Table 1, the rates yield is currently \$691K ahead budget. However, it is important to note that anticipated concessions will subsequently reduce the rate yield by approximately \$450K. A retrospective downwards interim rates adjustment of \$155K is also to be processed in December.

Comments on the 1.7% favourable variances in Operating Revenues are provided below.

Note 1	Rates	Variance \$	Variance %	Type
▲	Increase Actual Surplus	\$ 691K	0.7%	F

A rate yield of \$104.3M has been levied compared to the revised budget of \$103.8M. The rate yield has been further inflated by interim rates. The yield will, however, be reduced by approximately \$450K after allowing for heritage concessions, rate exemptions and a retrospective rates adjustment.

Note 2	Grants, Subsidies & Contributions	Variance \$	Variance %	Type
▼	Decrease Actual Surplus	(\$249K)	(29.8%)	U

Timing variance for the contribution of payments related to the Christmas lights trail.

Note 3A	Fees & Charges - Parking	Variance \$	Variance %	Type
▼	Decrease Actual Surplus	(\$ 334K)	(1.3%)	U

▲	Increase Actual Surplus	\$ 91K	0.9%	F

Waste services billed at the commencement of the year was slightly above budget expectations.

Note 3C	Fees & Charges - Other	Variance \$	Variance %	Type
▲	Increase Actual Surplus	\$ 306K	25.4%	F

Overall, the Other Fees & Charges classification is \$306K ahead of budget expectations. There are several variances involved:

- \$150K, large building application received in October.
- \$28K, activity approval fees are ahead of budget as booking fees for subsequent events are required to be prepaid.
- \$58K, health approval fees are ahead of budget due to a favourable timing difference on pool inspection fees.
- \$64K, relates to the receipt of unclaimed funds held in trust being recognised as revenue.

Note	Category	Variance \$	Variance %	Type
Note 4A	Interest Revenue			
▲	Increase Actual Surplus	\$ 1,280K	42.9%	F

Interest earned on investments is comfortably ahead of budget due to higher investment rates and higher investment balances. This is being monitored for upwards adjustment in the mid-year review given the continuing positive trend.

Note	Category	Variance \$	Variance %	Type
Note 4B	Distribution from Investments			
▲	Increase Actual Surplus	\$ 13K	17.4%	F

Minor variance against budget on 'mark to market' investment.

Note	Category	Variance \$	Variance %	Type

**Notes to Accompany Statement of Financial Activity - Operating Expenses**

Comments on the 1.0% favourable variance in Operating Expenses are provided below.

Note	Category	Variance \$	Variance %	Type
▲	Employee Costs			
	Increase Actual Surplus	\$ 1,590K	5.6%	F

The employee costs are under budget (5.6%) due to current vacancies (in recruitment) in the Corporate Services, Community Development, Planning & Economic Development, Infrastructure and Commercial Services alliances. The consistency in vacancies across all alliances reflects the very competitive labour market in the wider community. The variance should reverse later in the year.

Note	Category	Variance \$	Variance %	Type
▲	Materials & Contracts			
	Increase Actual Surplus	\$ 1,615K	10.1%	F

- Planning & Economic Development consultancies \$ 146K

Note	Description	Variance \$	Variance %	Type
Note 16	Other Expenses			
▼	Decrease Actual Surplus	(\$ 199K)	(6.8%)	U

This is mainly related to non-capitalised work in progress, which we do not budget for.

Note	Description	Variance \$	Variance %	Type
Note 17	Change in Investment Valuation			
⌚	No Impact on Surplus	(\$ 539K)	0.0%	-

This variance is offset at year end against the positive variance noted above at Note 8.

Note	Description	Variance \$	Variance %	Type
Note 18	Depreciation & Amortisation (Non-Cash)			
Nil	No Cash Impact on Surplus	(\$ 1,470K)	(12.1%)	-

Depreciation is higher because of the statutory revaluation of roads, paths, kerbs and drains etc as at 30 June. Once the final accounts for June 2023 are signed off, a non-cash budget amendment will be presented to Council.

Note	Description	Variance \$	Variance %	Type
Note 19	Loss on Revaluation of Asset (Non-Cash)			
Nil	No Cash Impact on Surplus	(\$ 1,173K)	-	-

The loss on asset disposals occurs when road, landscaping, paths, and kerbs components are scrapped and disposed of during the construction of new infrastructure and renewal projects. When these still have values recorded in the City's asset register, that value is recognised as a loss on disposal.

## Decision Implications

37. The proposal seeks Council's endorsement to allocate the remaining budget (\$113,000) from the WECP AGM budget to support a Perth delegation to attend the CERAWeek Conference 2024.
38. Approval would ensure adequate lead time for thorough planning and preparation for the event.
