Building Permit – Uncertified

A Building Permit uncertified application is for class 1 and 10 buildings only. A City of Perth registered Building Surveyor will sign the certificate of design compliance (included in the Building Permit approval process) and issue the permit within 25 business days. If an application is accepted as lodged and additional information is required a 21 day letter will be sent to the applicant requesting that the information be provided within the 21 calendar days so the city can meet the statutory 25 day processing period. If the prescribed time elapses without a permit being issued or the application being rejected, the application is deemed refused unless there is a written agreement with the City to continue processing.

Application Requirements

To help ensure that a detailed assessment is made in a timely manner, applicants should ensure that the application form and fees, all plans and supporting documentation are submitted at the time of lodging an application. If an application is incomplete then it is not valid and accordingly will not be processed until all the required information has been submitted.

The specific requirements for each application will vary with the nature of the proposal, and location.

The following will be required for all applications for uncertified applications:

BA2 Building Permit Uncertified application form

A completed BA2 Building Permit Uncertified must be submitted. The completed form:

- Must name, and be signed by, the person who proposes to be named as the builder on the building permit. For works exceeding \$20,000 the builder must be registered pursuant to the Builders (Registration) Act 2011 or be an approved owner-builder (supporting documentation of owner-builder status must be provided).

Building Permit Checklist

A completed “Application for Building Permit

- Uncertified BA1 checklist” must be signed and submitted by the applicant.

Building Permit Fee

Application fee

Classes 1 & 10, 0.32% of the estimated value of building work but not less than \$110.00.

Building Service Levy

The levy is 0.137% of the value of the work but not less than \$61.65.

BCITF

Where the value of construction is more than \$20,000 the rate of the levy is 0.2% of the total contract price.

Fees for Building applications, BCITF Levy and Building Service Levy are not subject to GST. However, please note that GST must be included in the estimated value of work.

Plans/ Drawings

Plans must include a Site Plan, a Floor Plan, Elevations and Structural details.

Additional Information if applicable

Evidence of Home Indemnity Insurance is required prior to the issue of any single and low rise multiple dwelling building permit valued in excess of \$20,000 in accordance with the provisions of the *Home Building Contractors Act*.
